

J000815-095854, catalogue $z_{\text{abs}}=1.768$; 1 detected lines outside broad water bands
Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

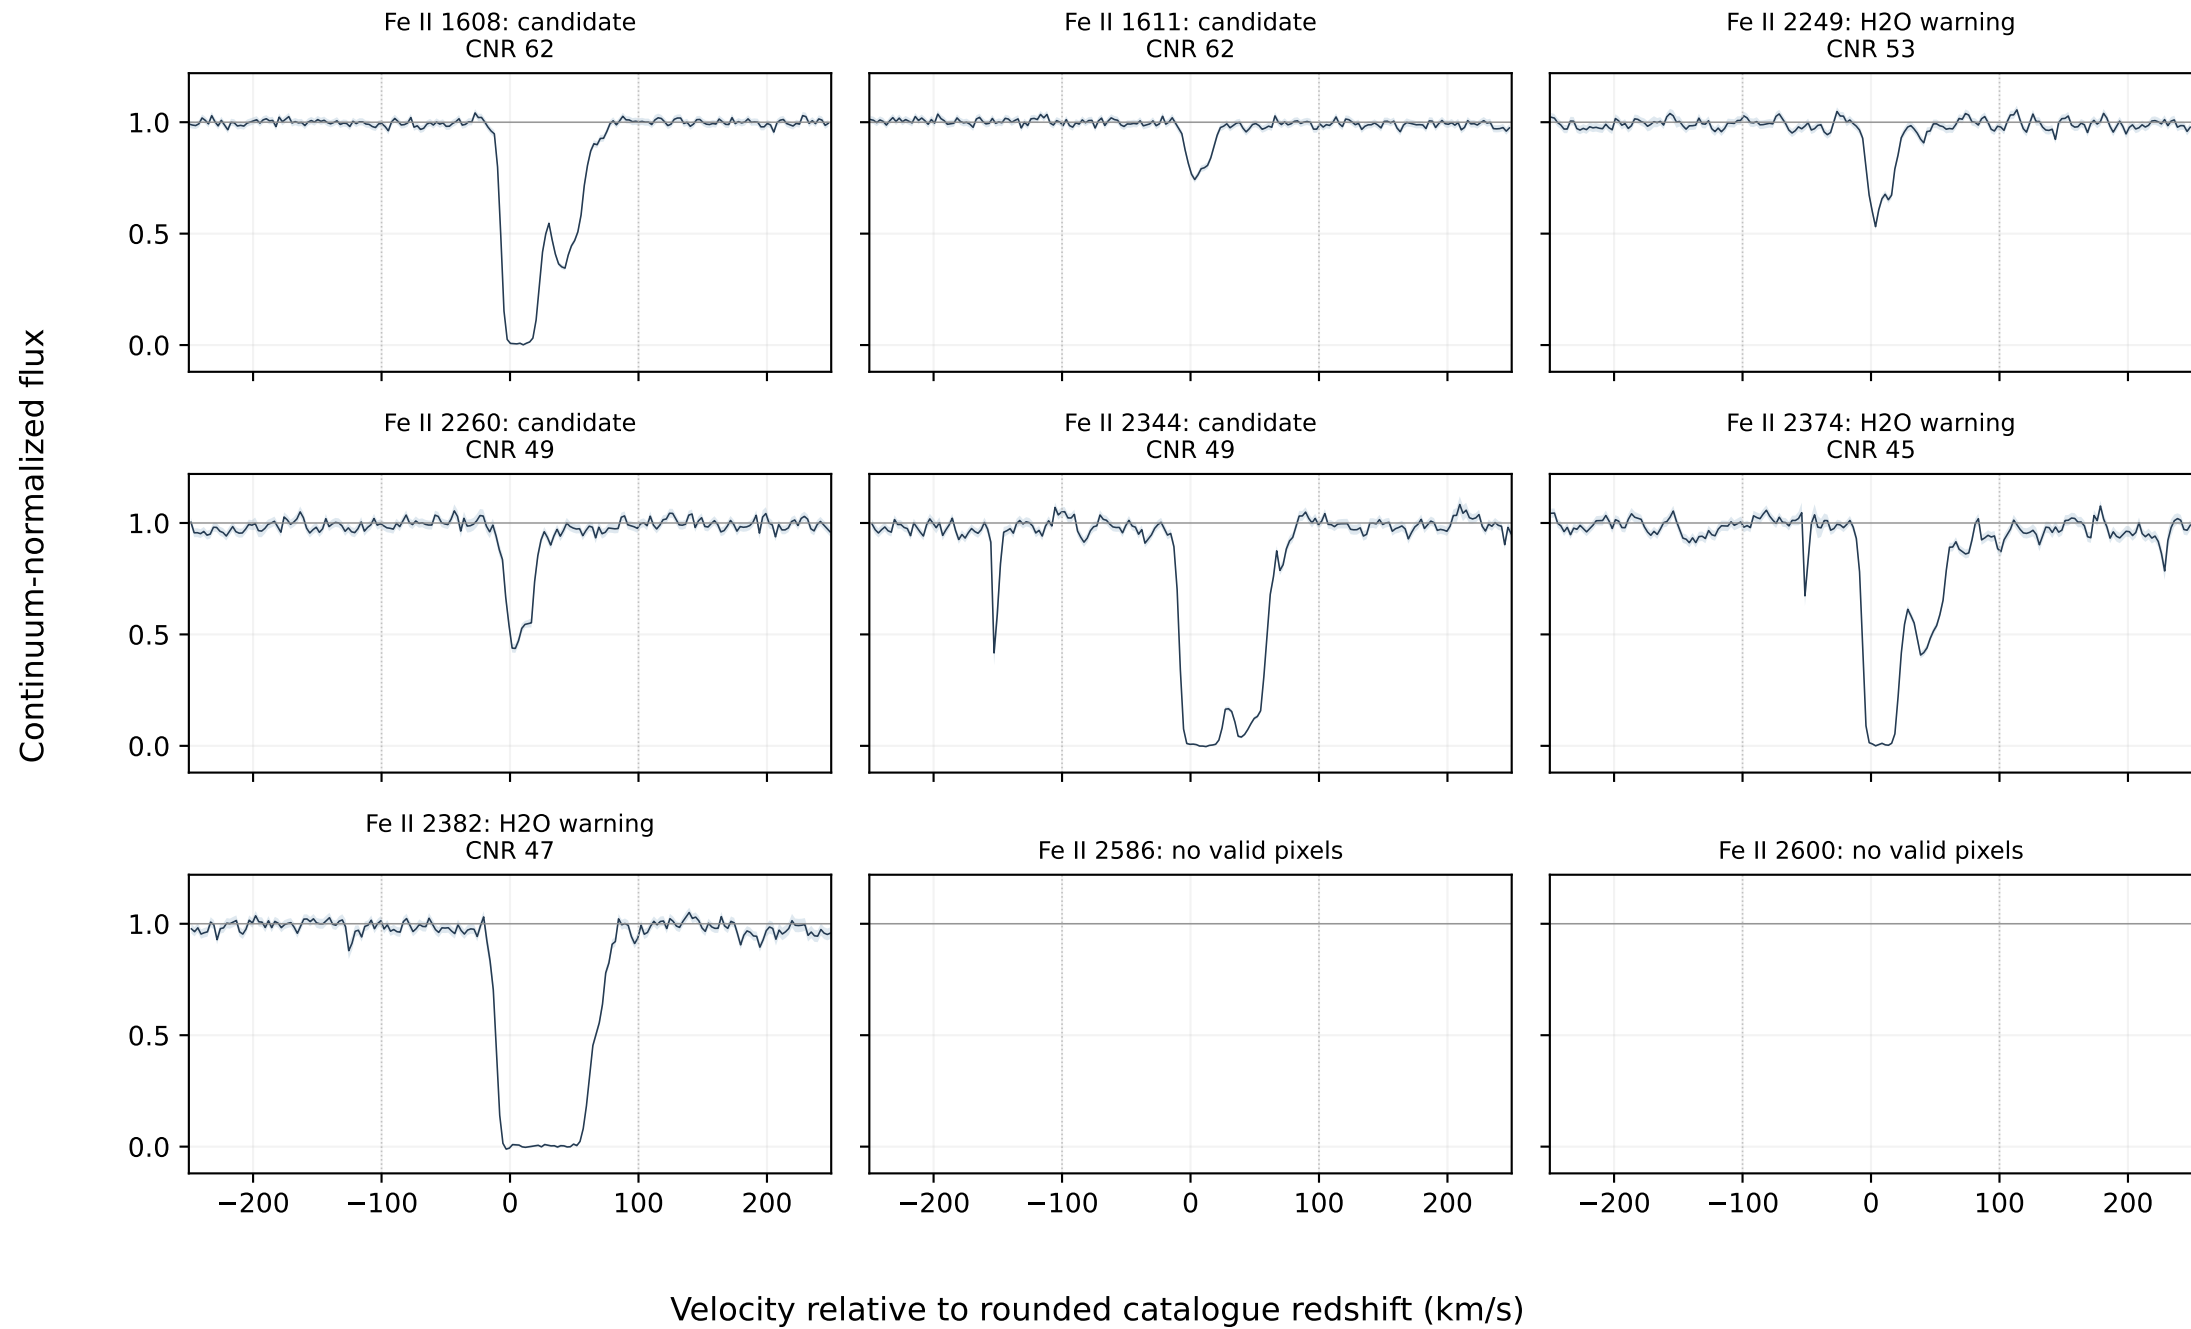

J004131-493611, catalogue $z_{\text{abs}}=2.248$; 3 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

Continuum-normalized flux

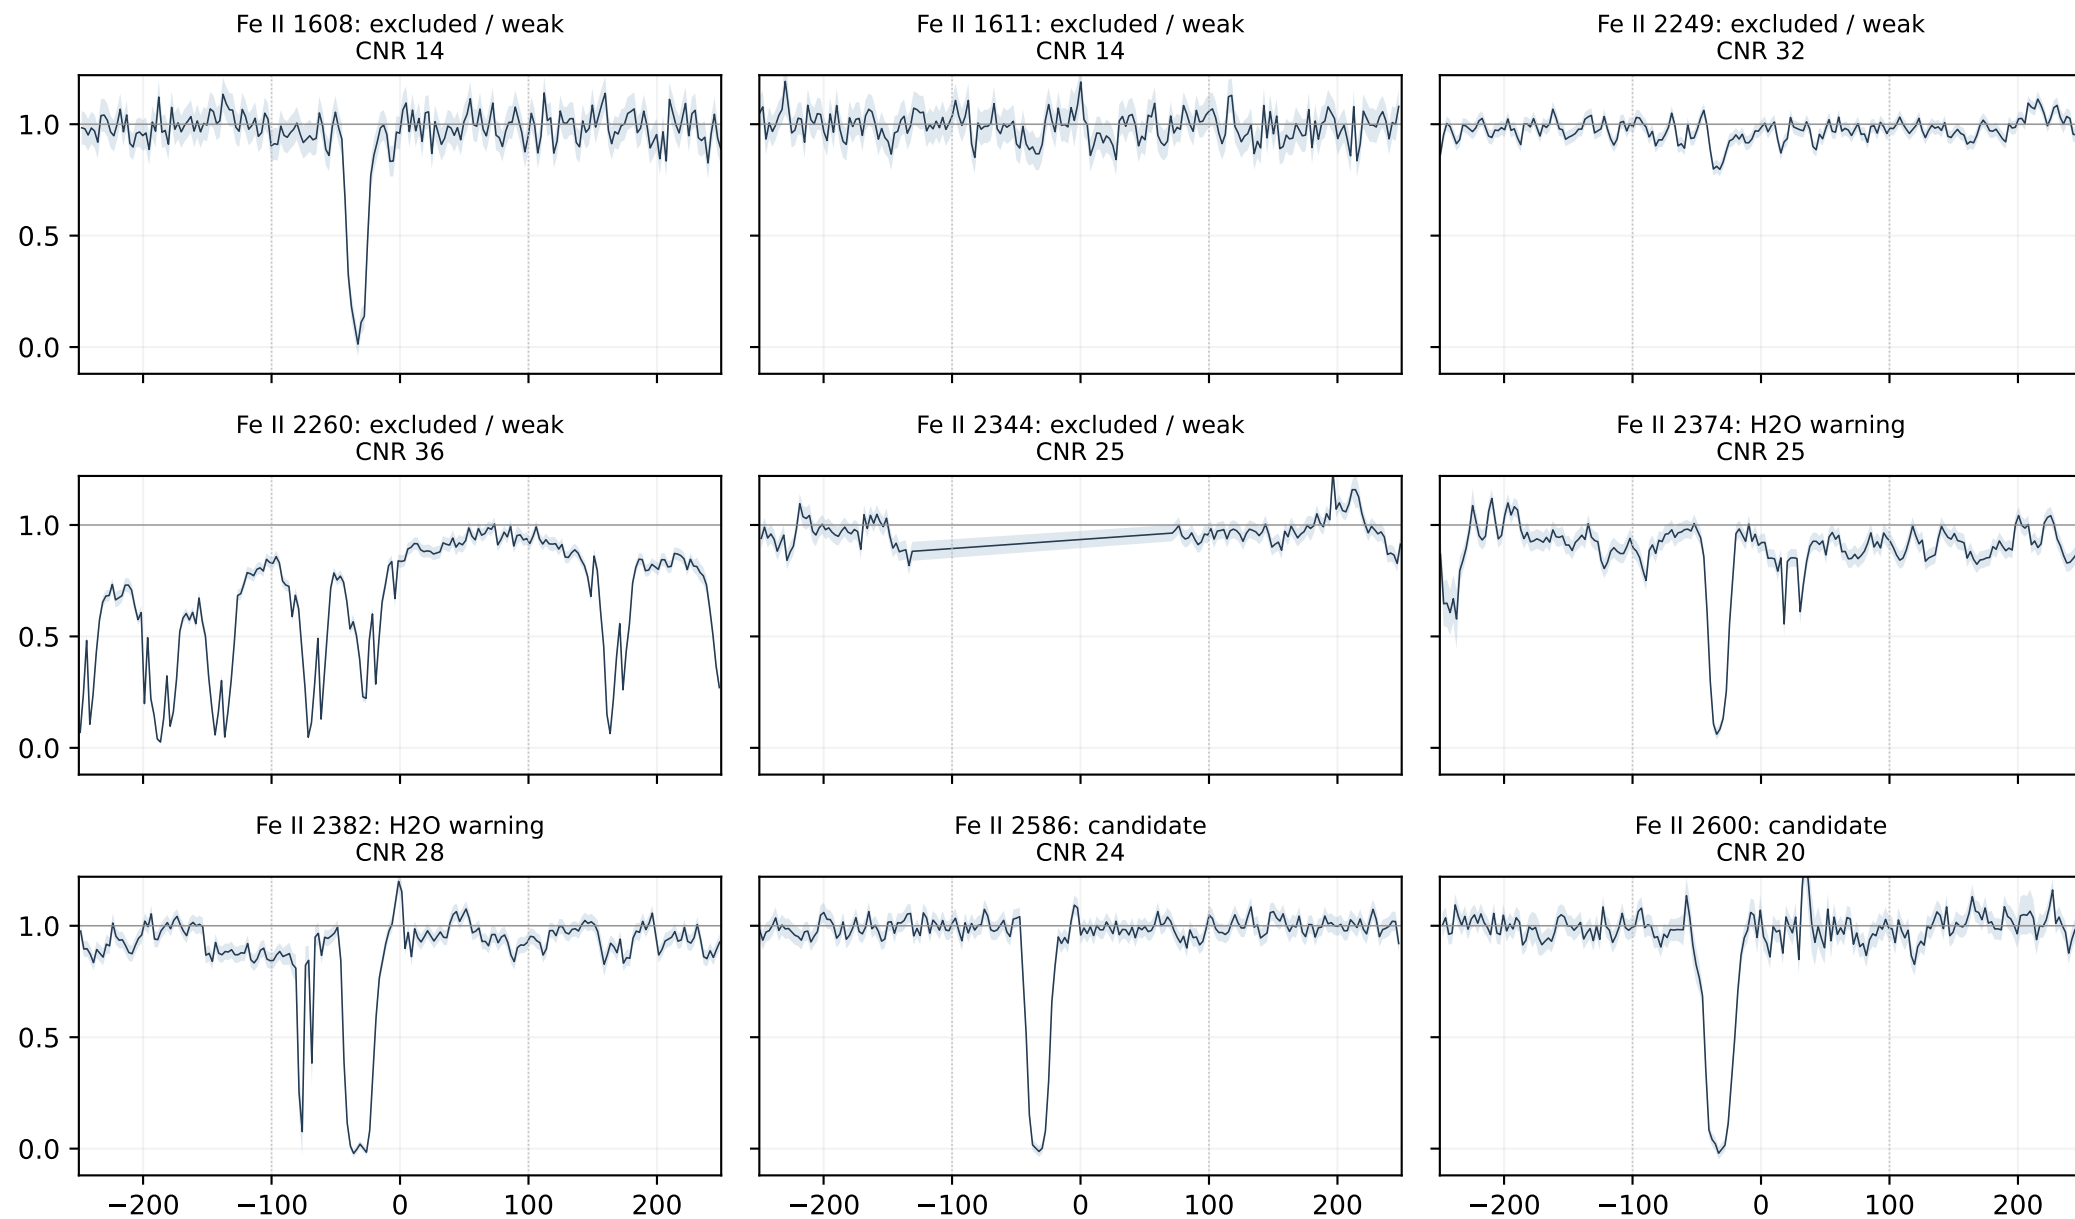

Velocity relative to rounded catalogue redshift (km/s)

J010311+131617, catalogue $z_{\text{abs}}=2.309$; 2 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

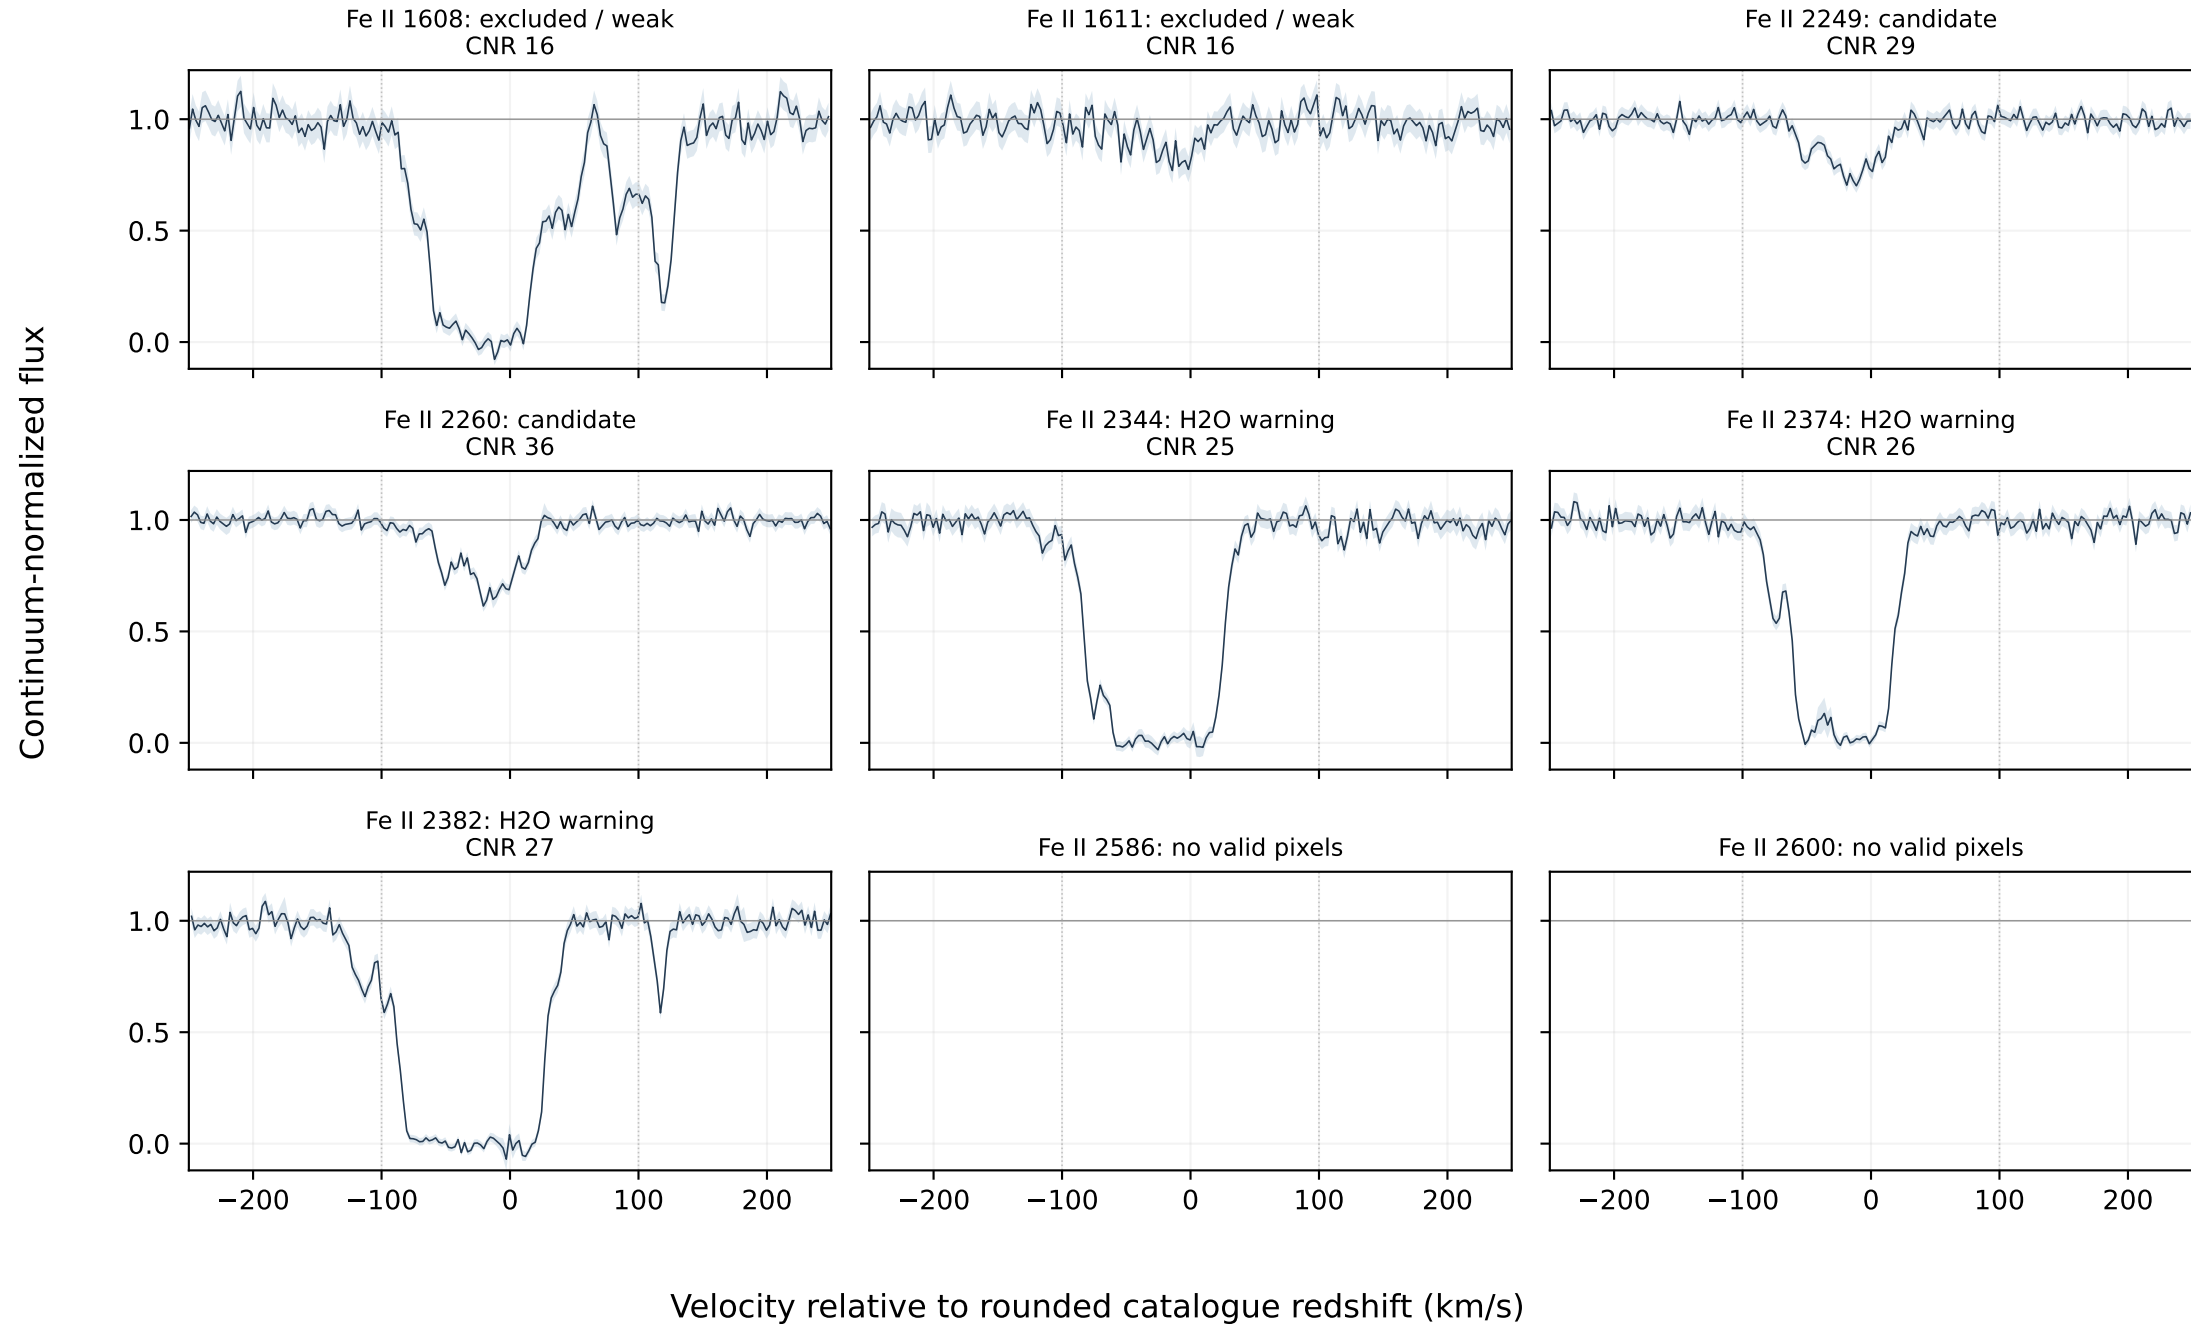

J010516-184642, catalogue $z_{\text{abs}}=2.370$; 2 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

Continuum-normalized flux

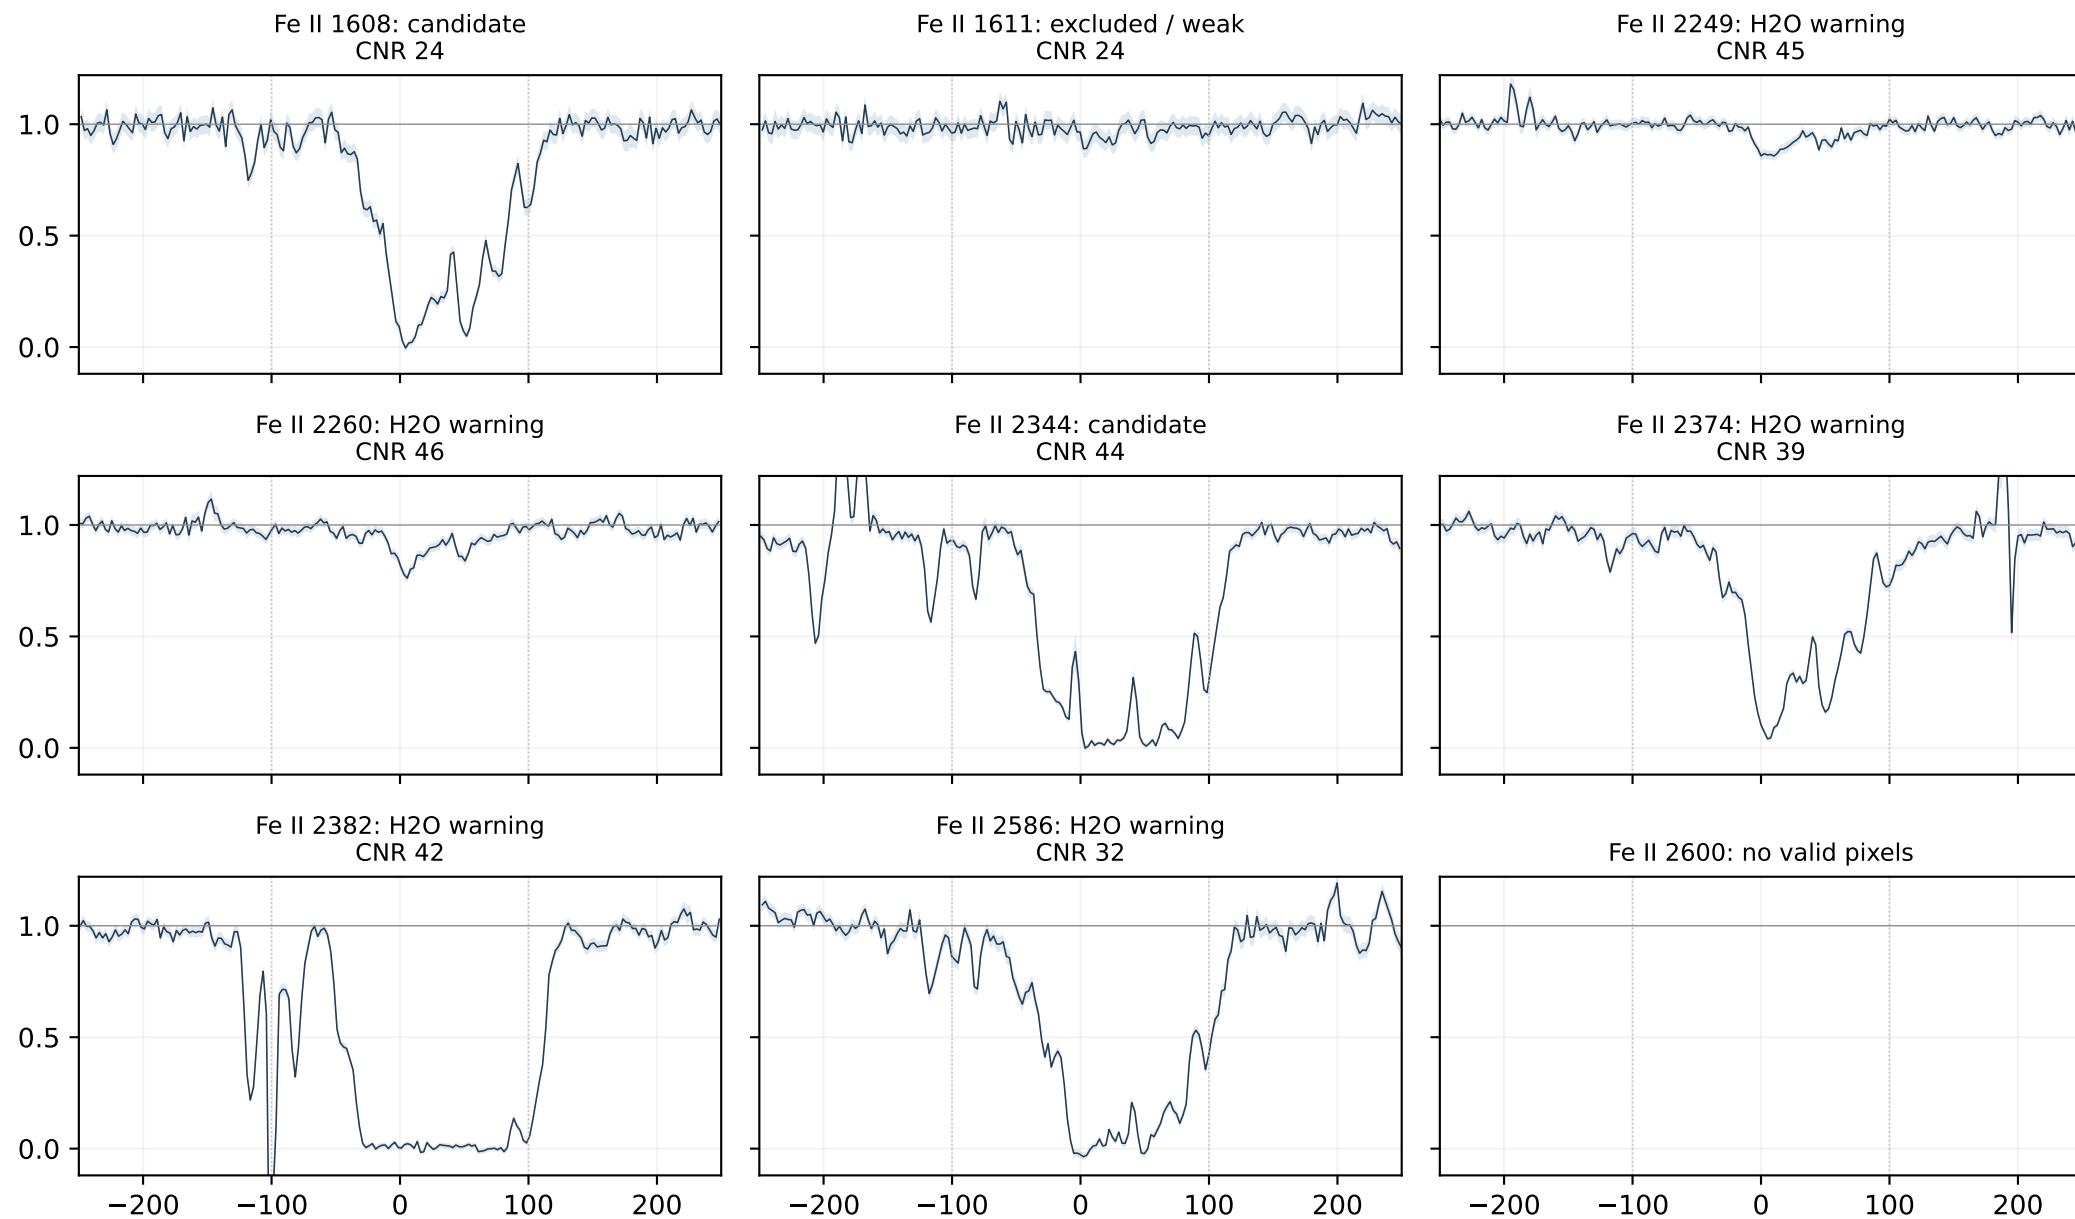

Velocity relative to rounded catalogue redshift (km/s)

J012517-001828, catalogue $z_{\text{abs}}=1.761$; 0 detected lines outside broad water bands
Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

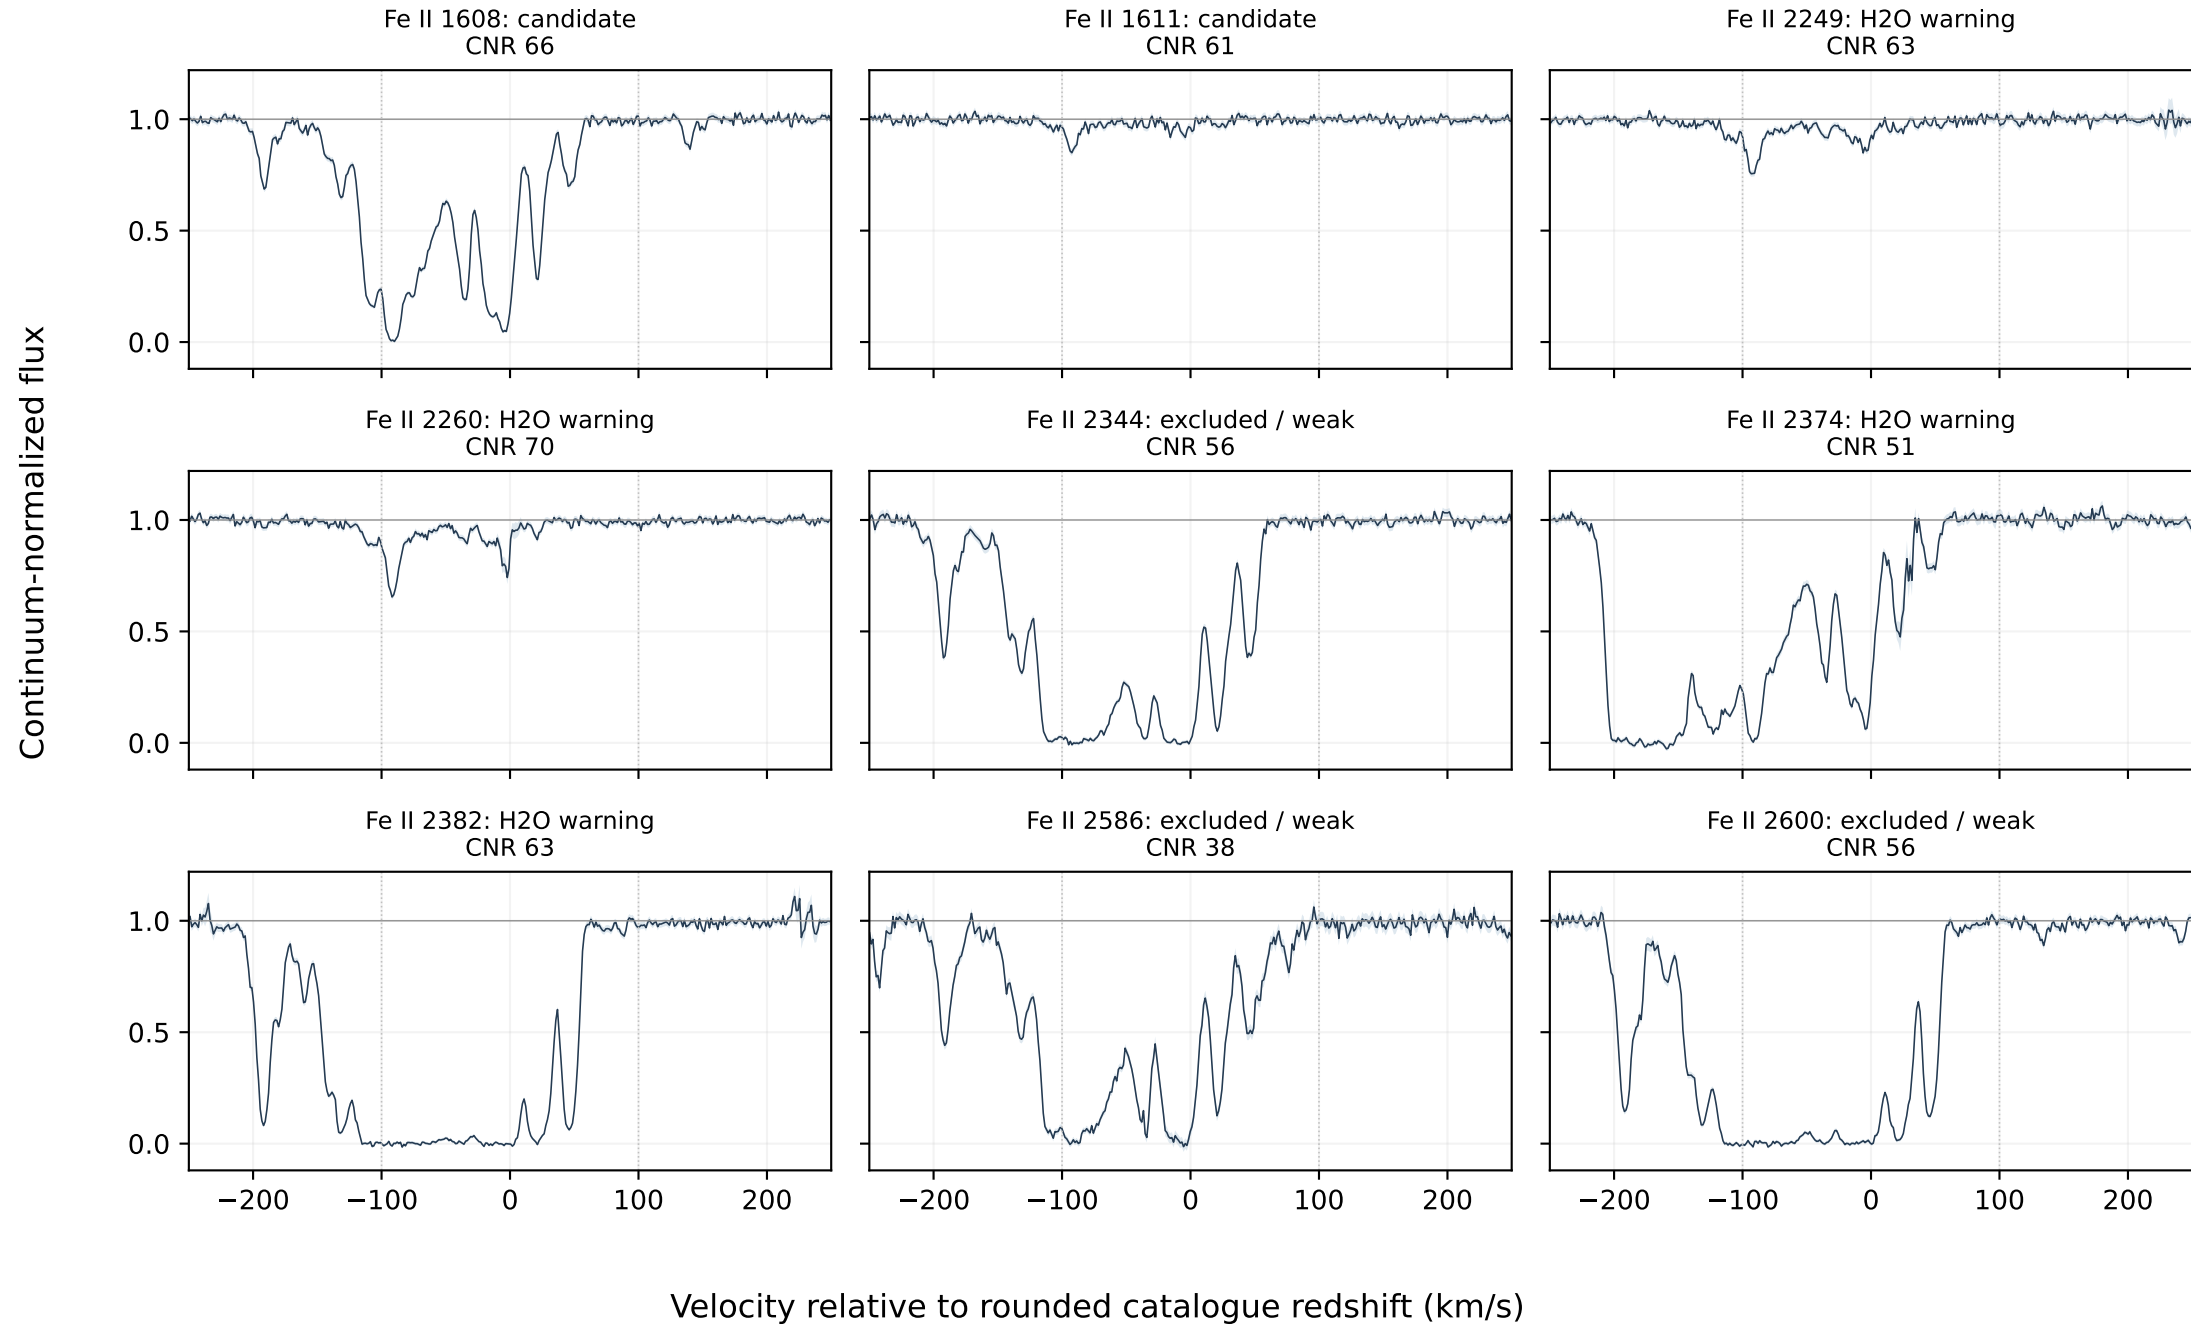

J021857+081727, catalogue $z_{\text{abs}}=2.293$; 2 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

Continuum-normalized flux

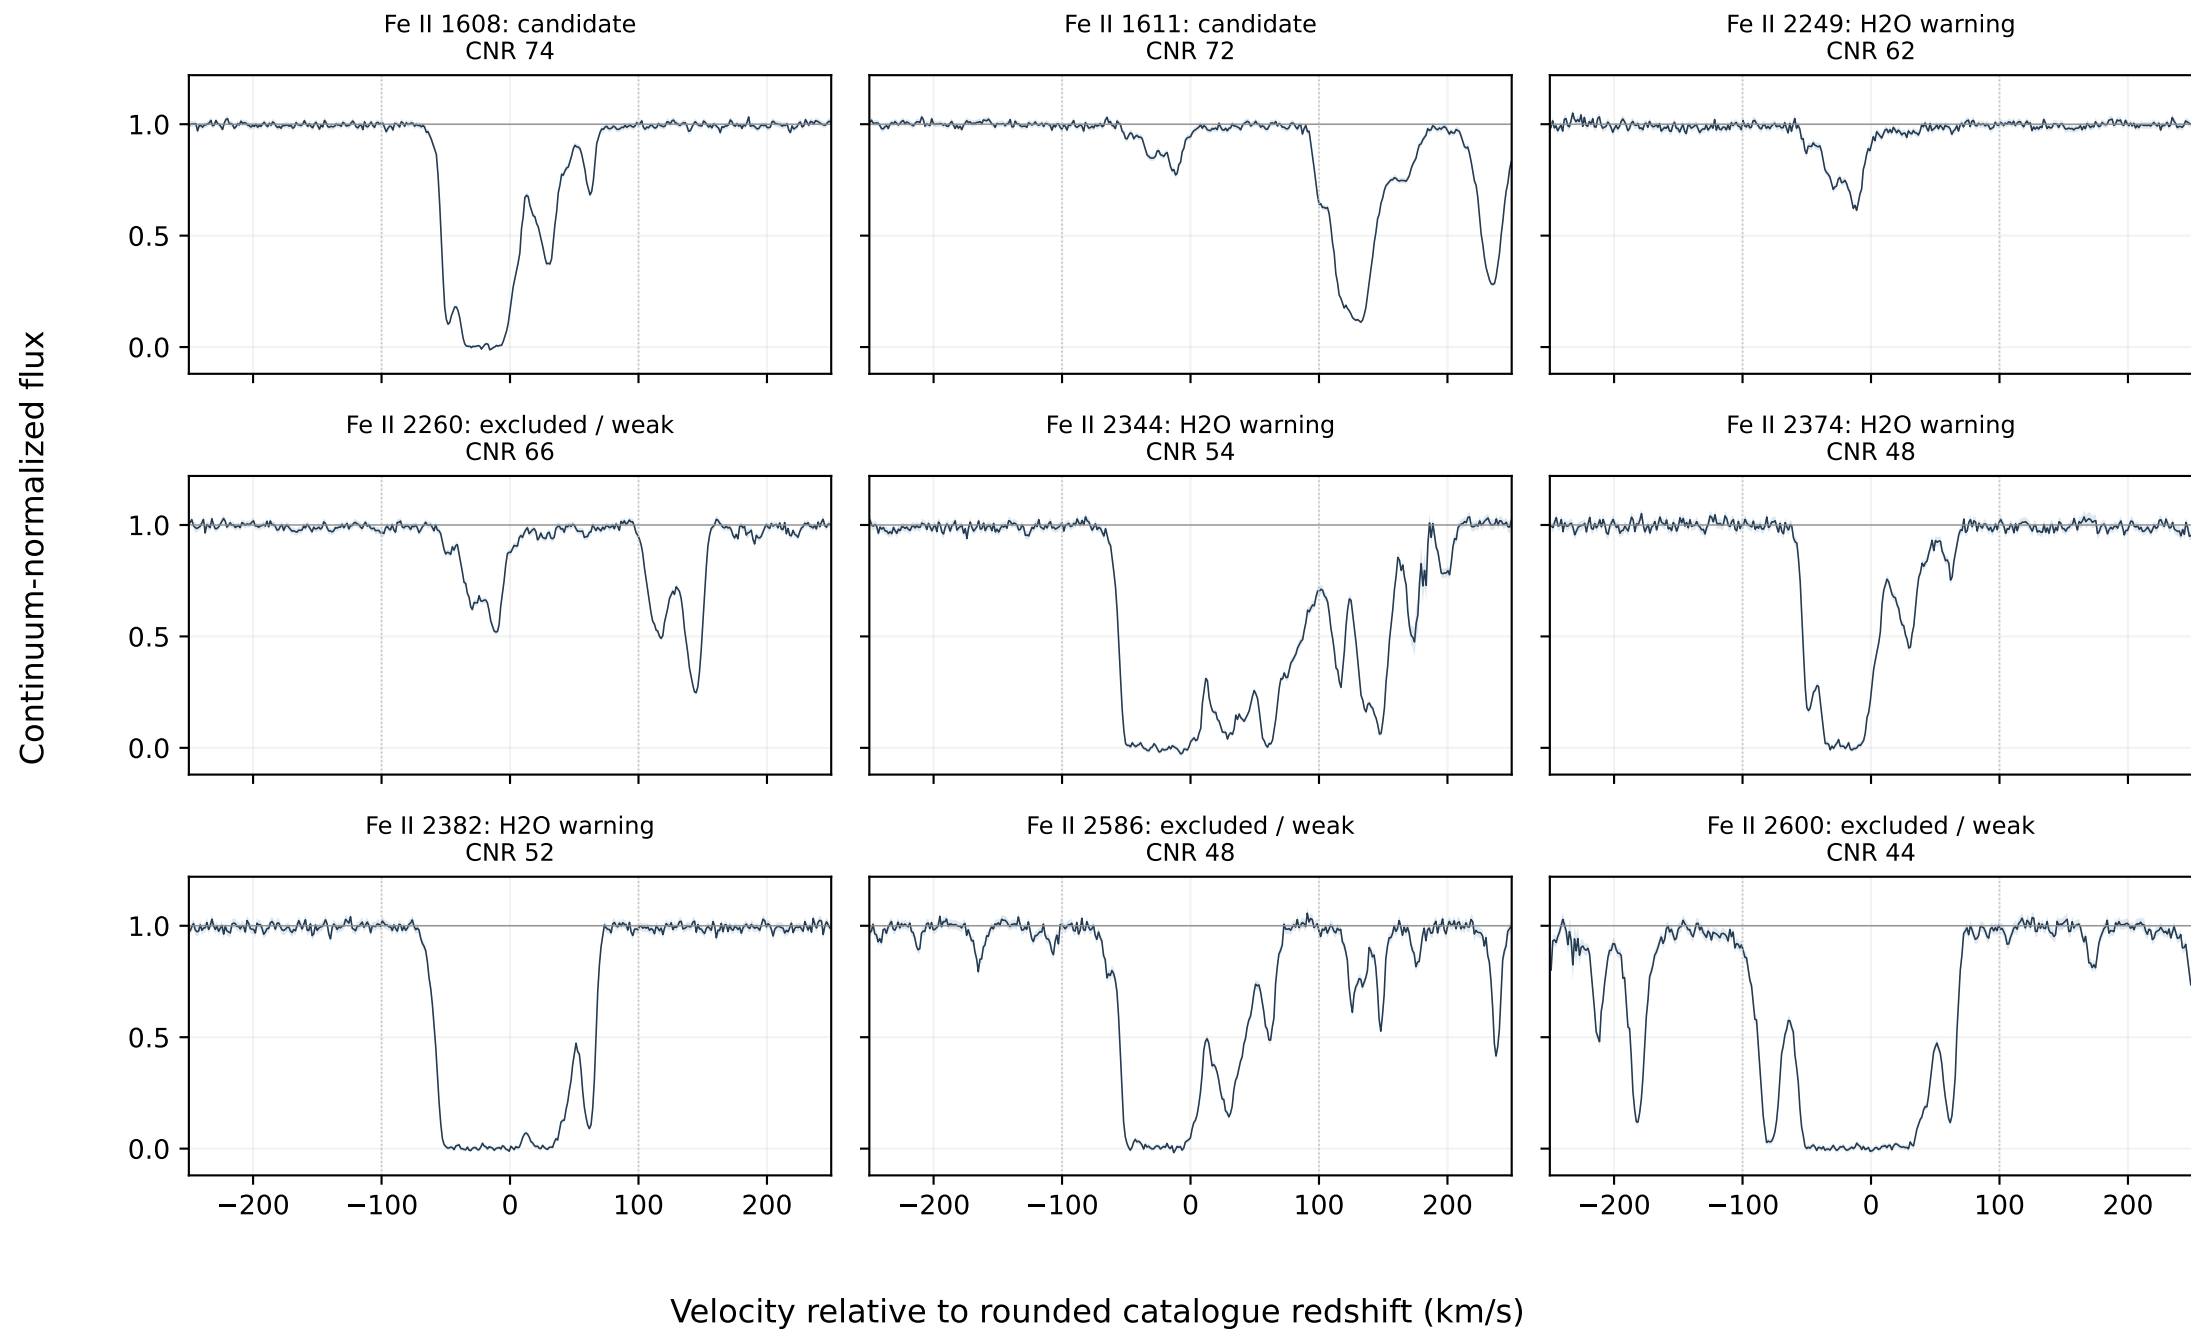

Velocity relative to rounded catalogue redshift (km/s)

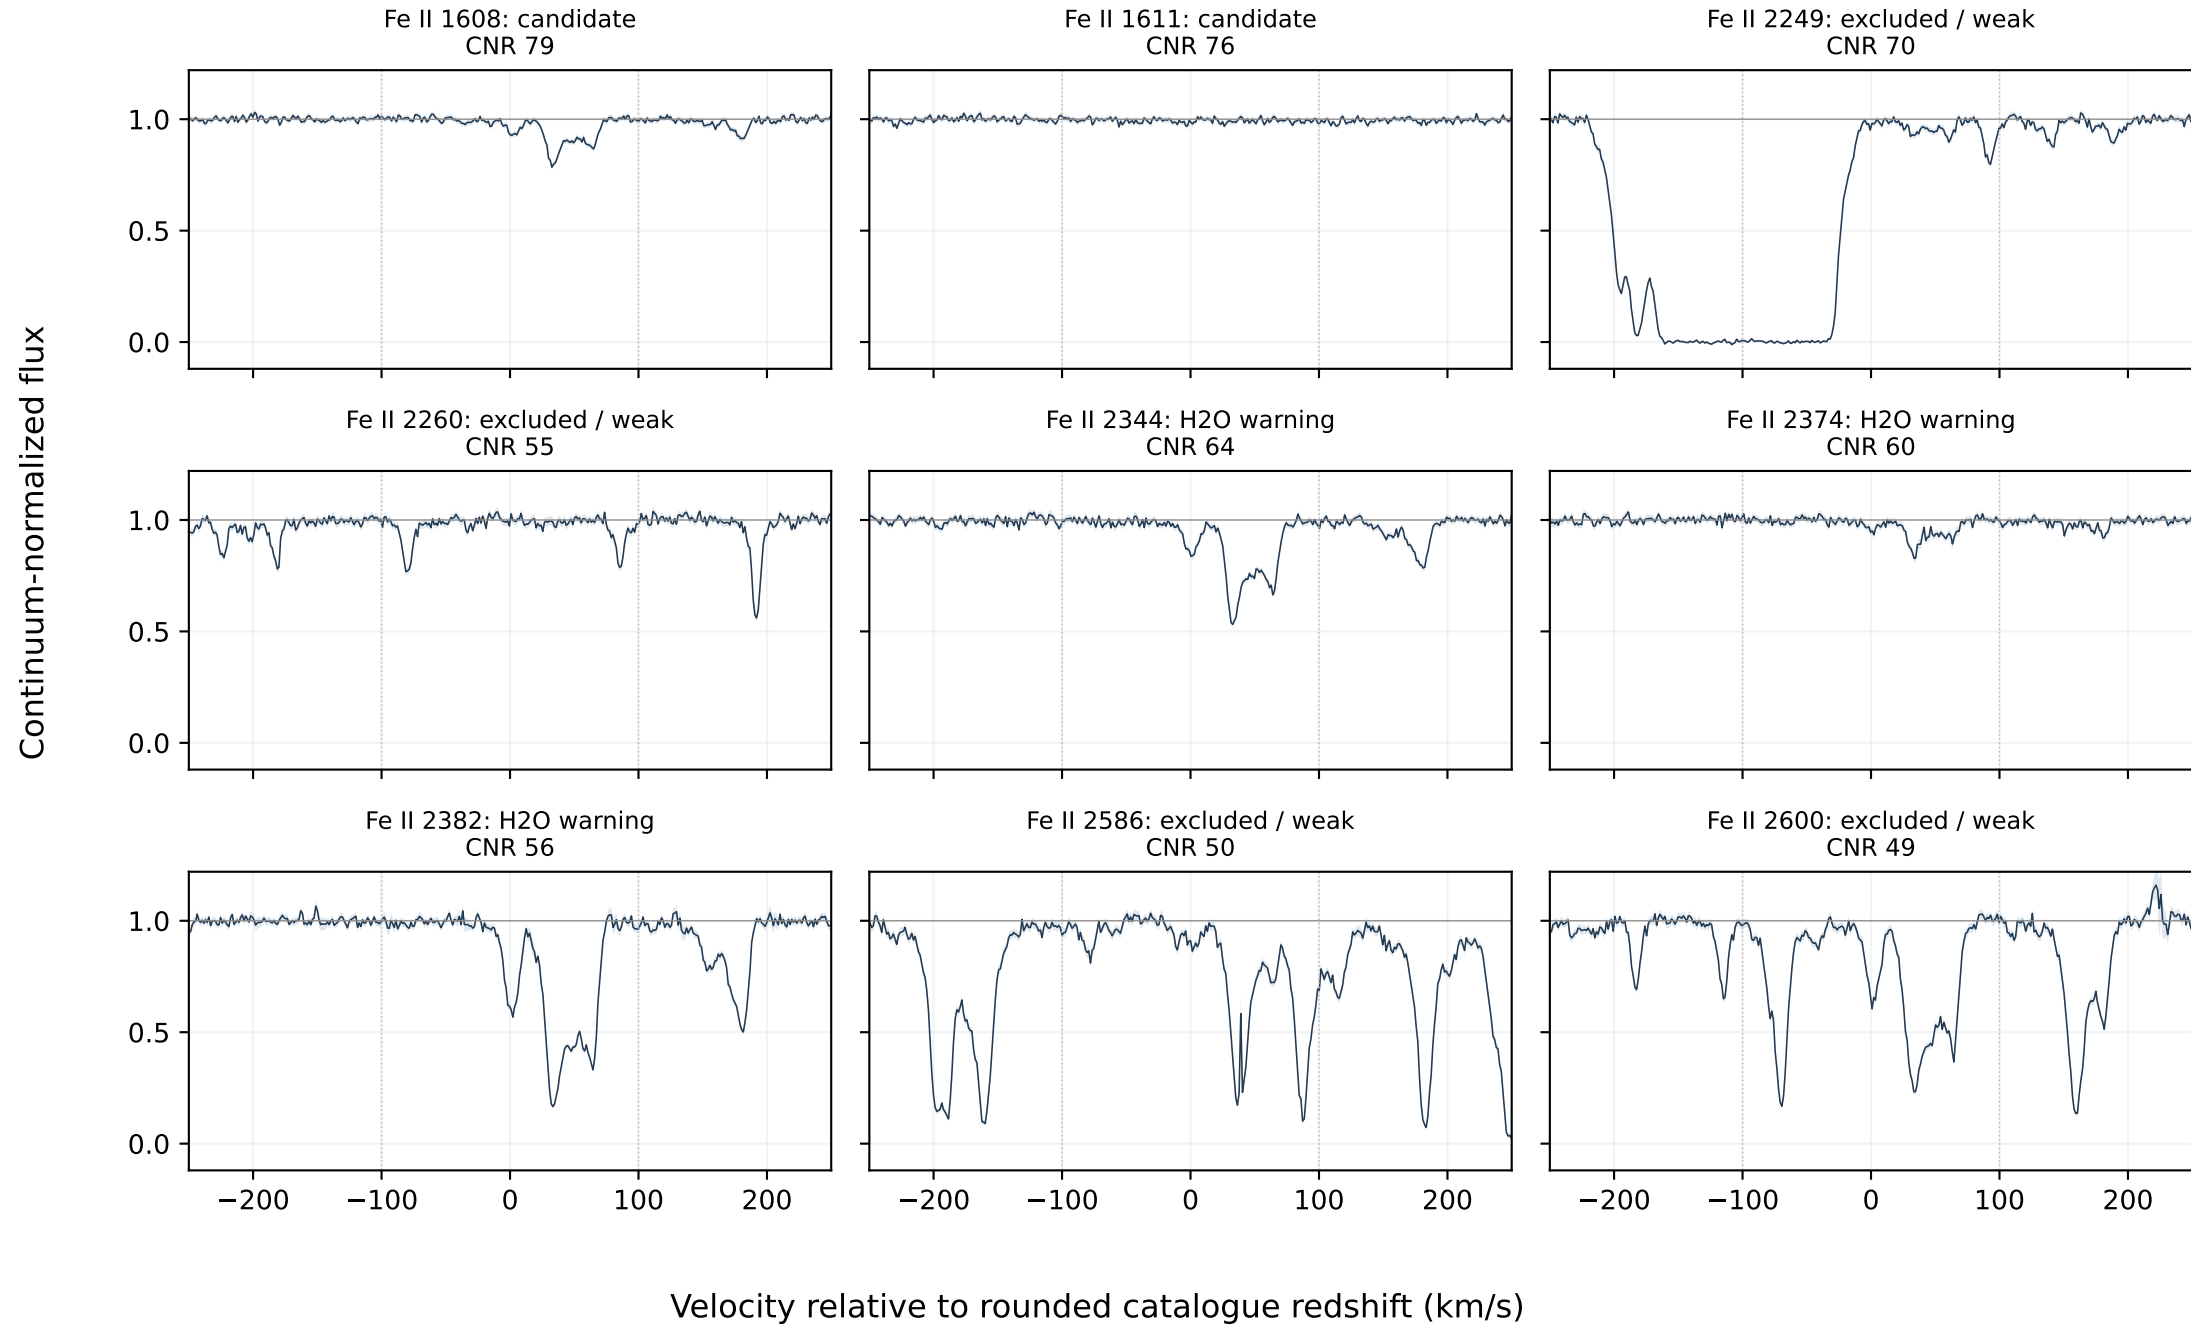

J040718-441013, catalogue $z_{\text{abs}}=2.551$; 1 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

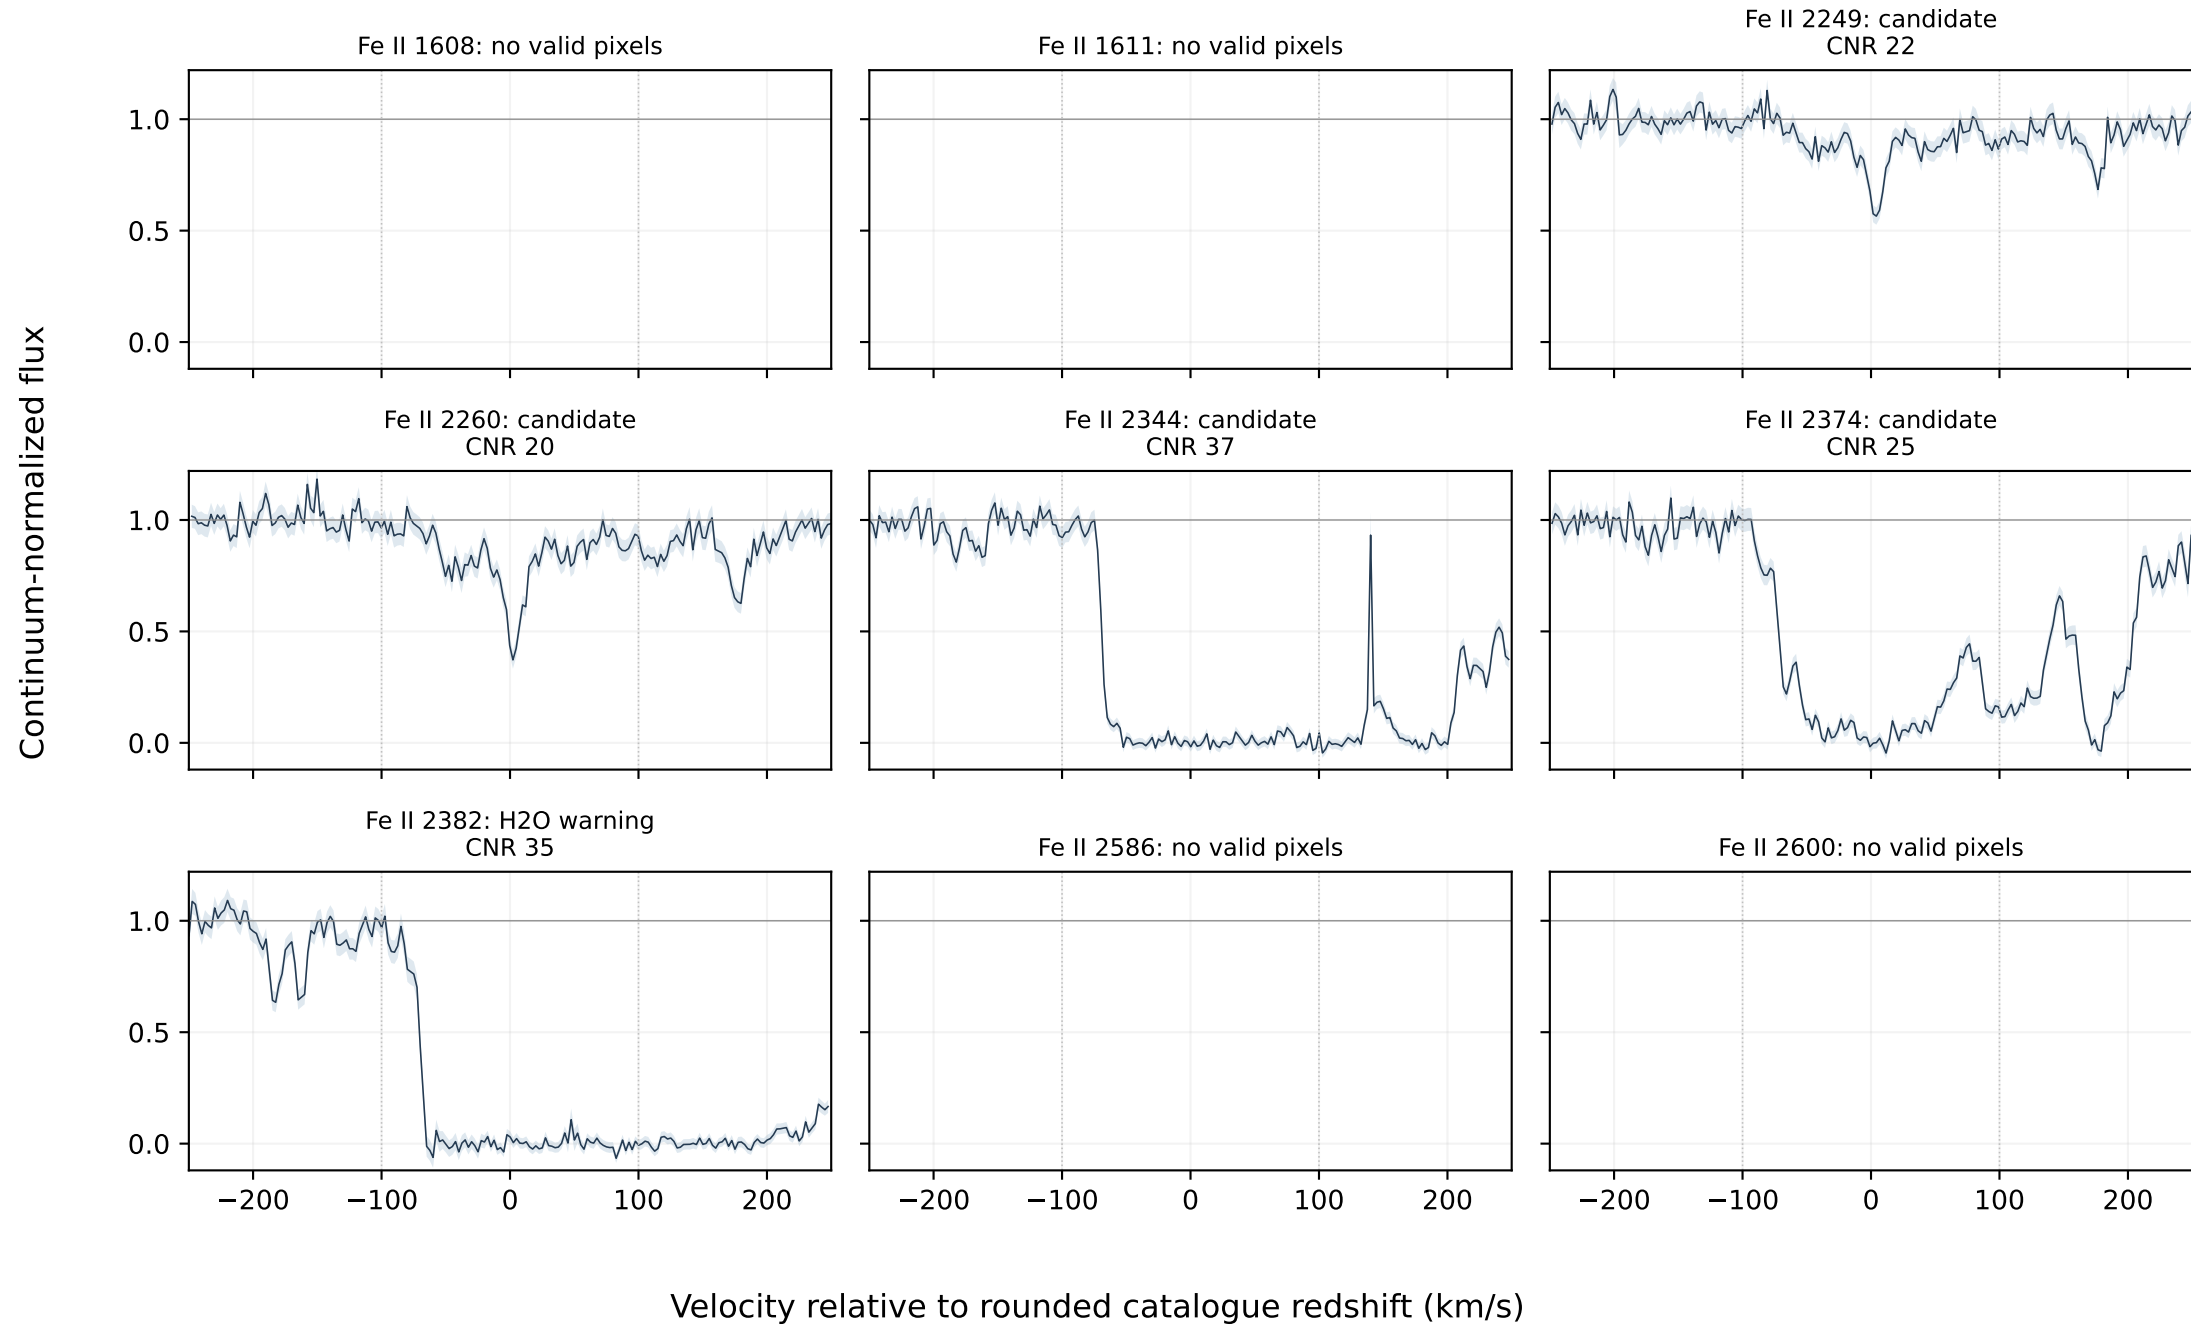

J040718-441013, catalogue $z_{\text{abs}}=2.595$; 1 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

J040718-441013, catalogue $z_{\text{abs}}=2.621$; 1 detected lines outside broad water bands
Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

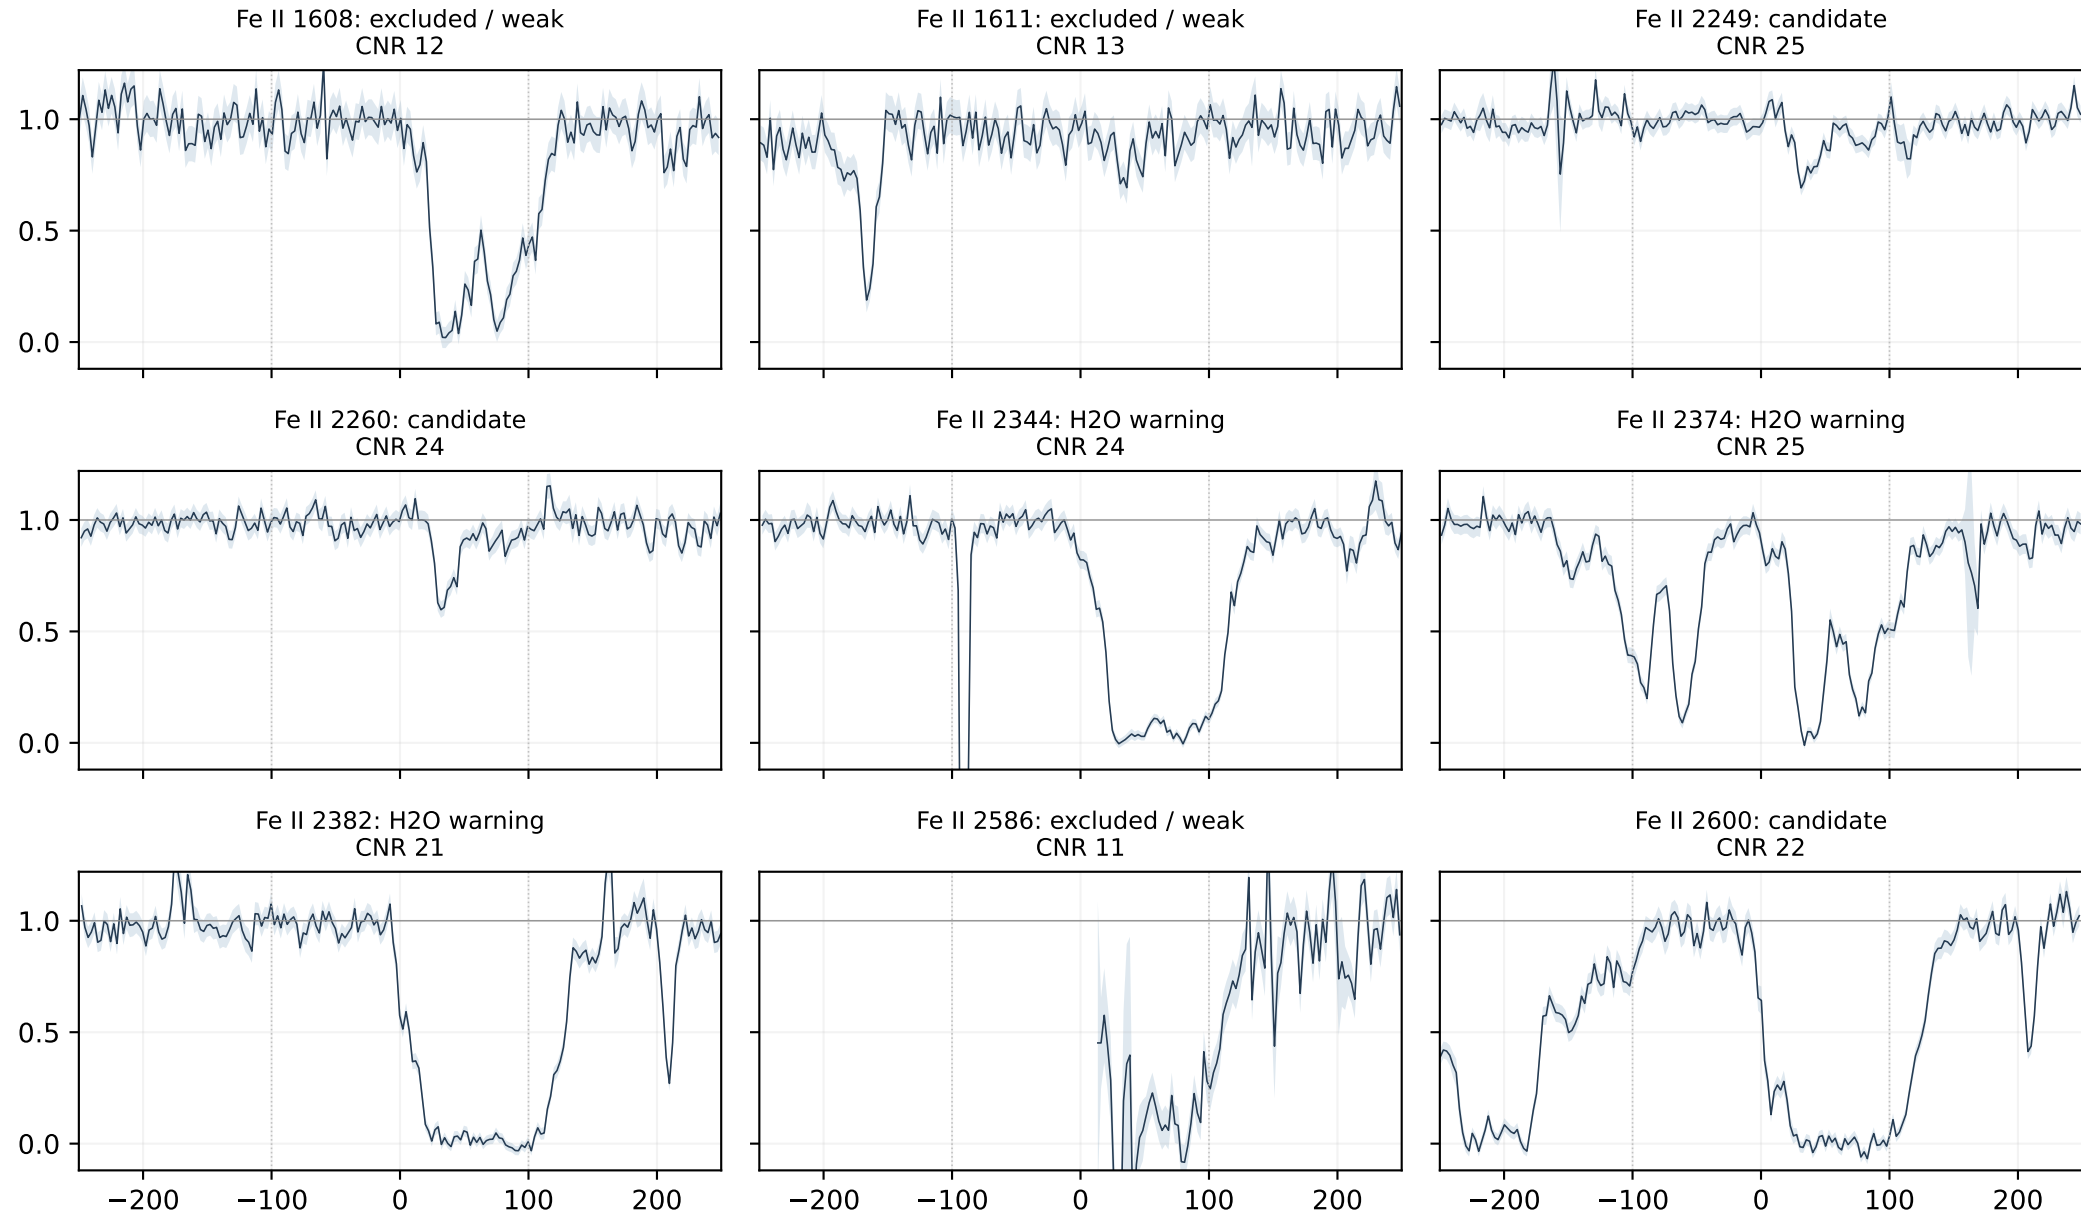

J041656-284340, catalogue $z_{\text{abs}}=1.719$; 2 detected lines outside broad water bands
Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

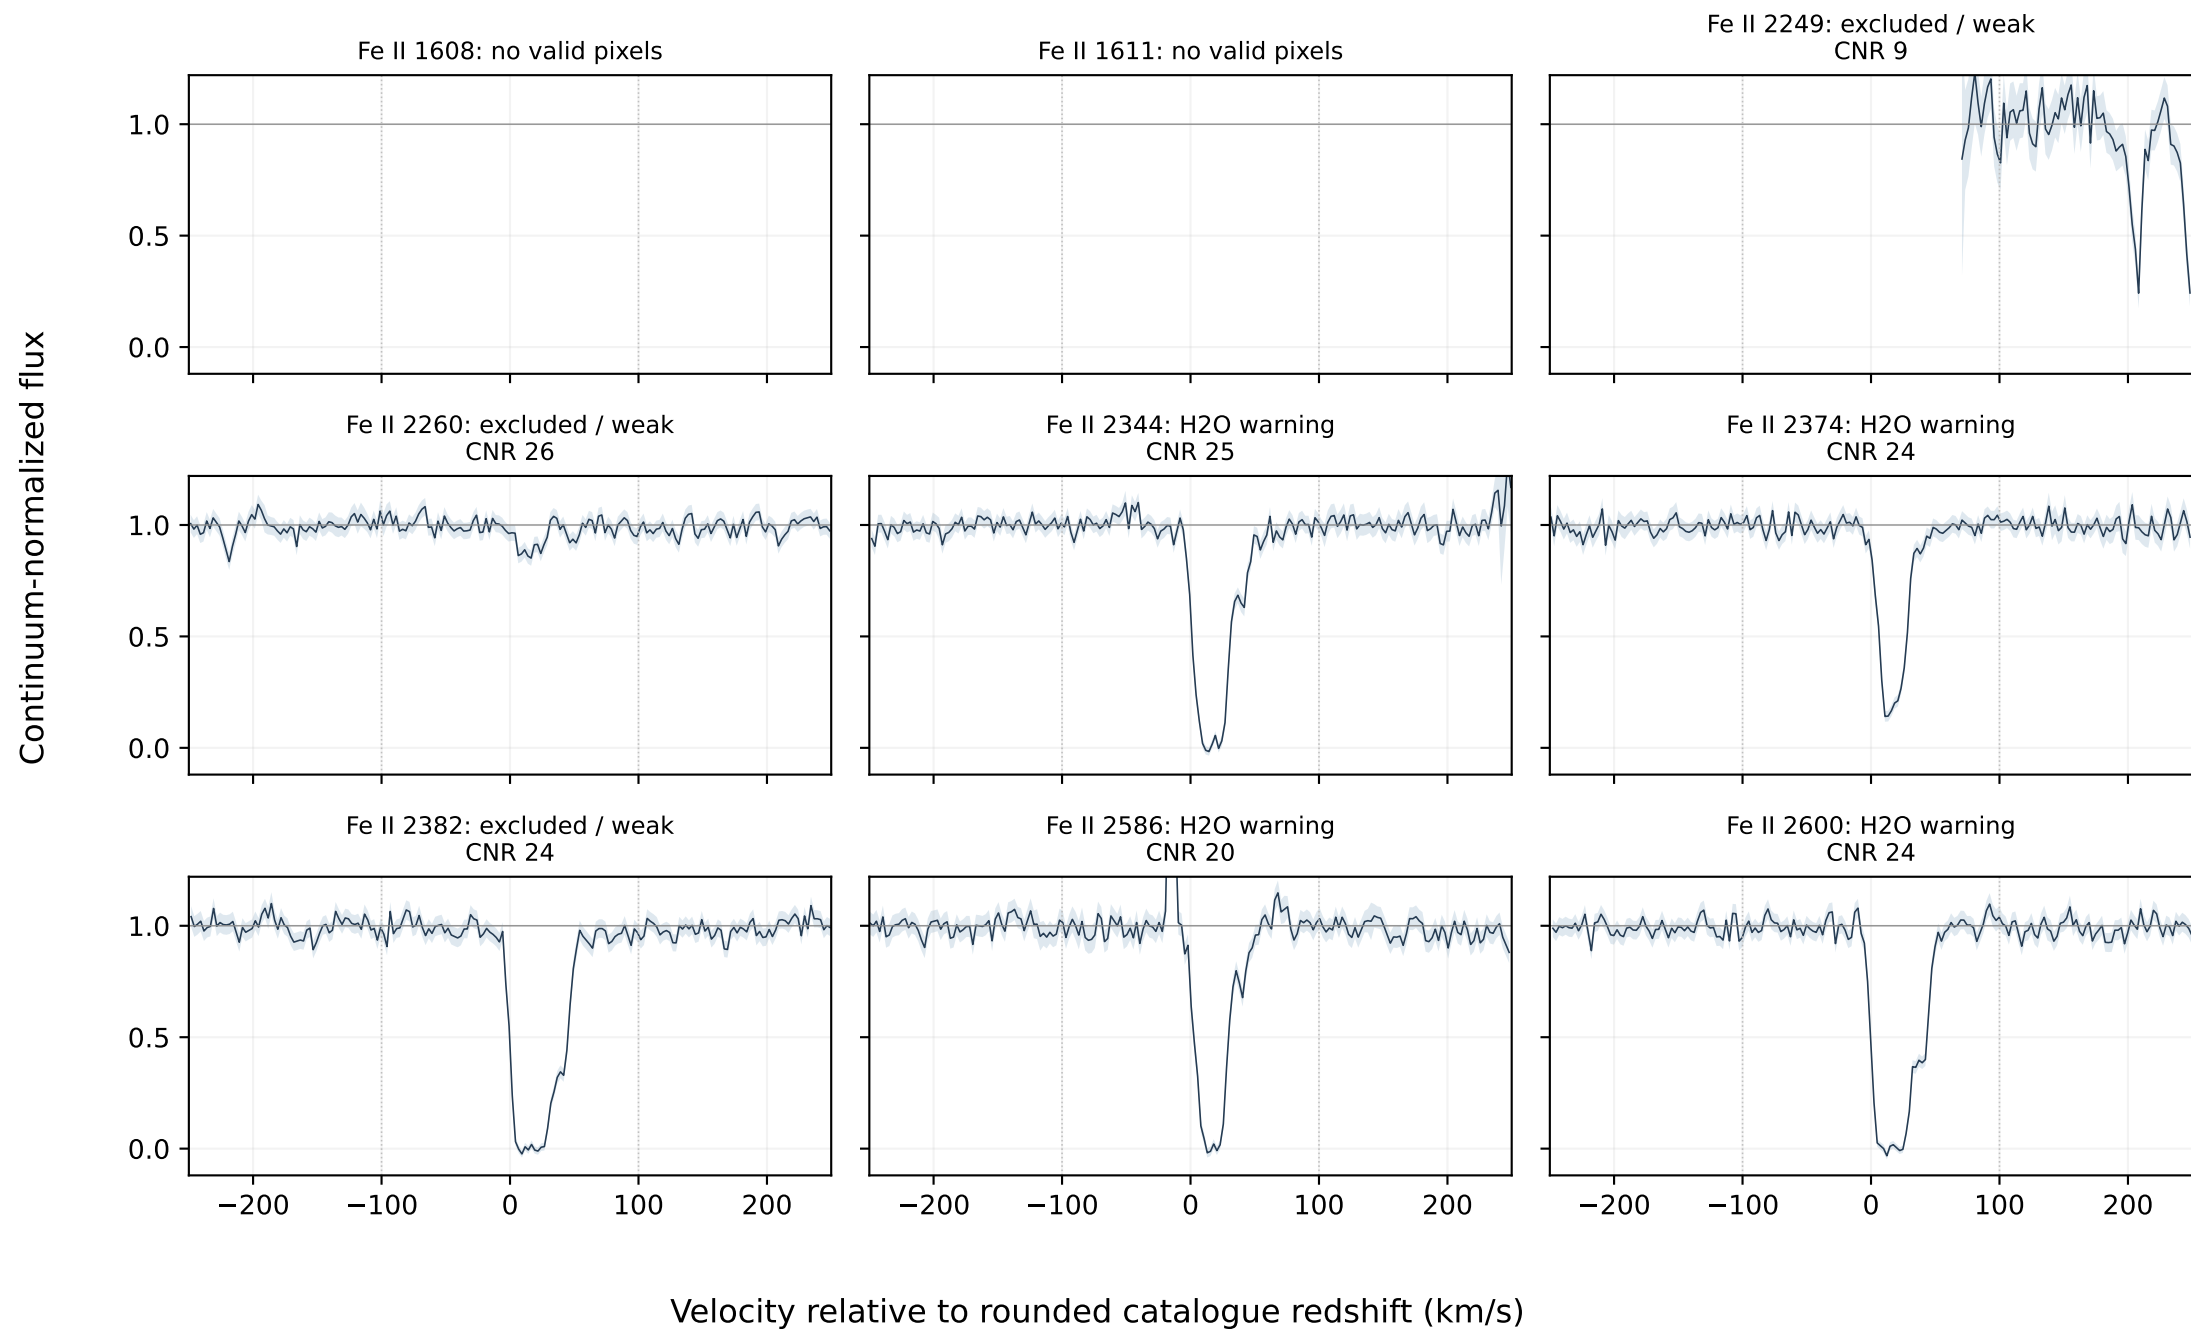

J044017-433308, catalogue $z_{\text{abs}}=2.347$; 1 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

Continuum-normalized flux

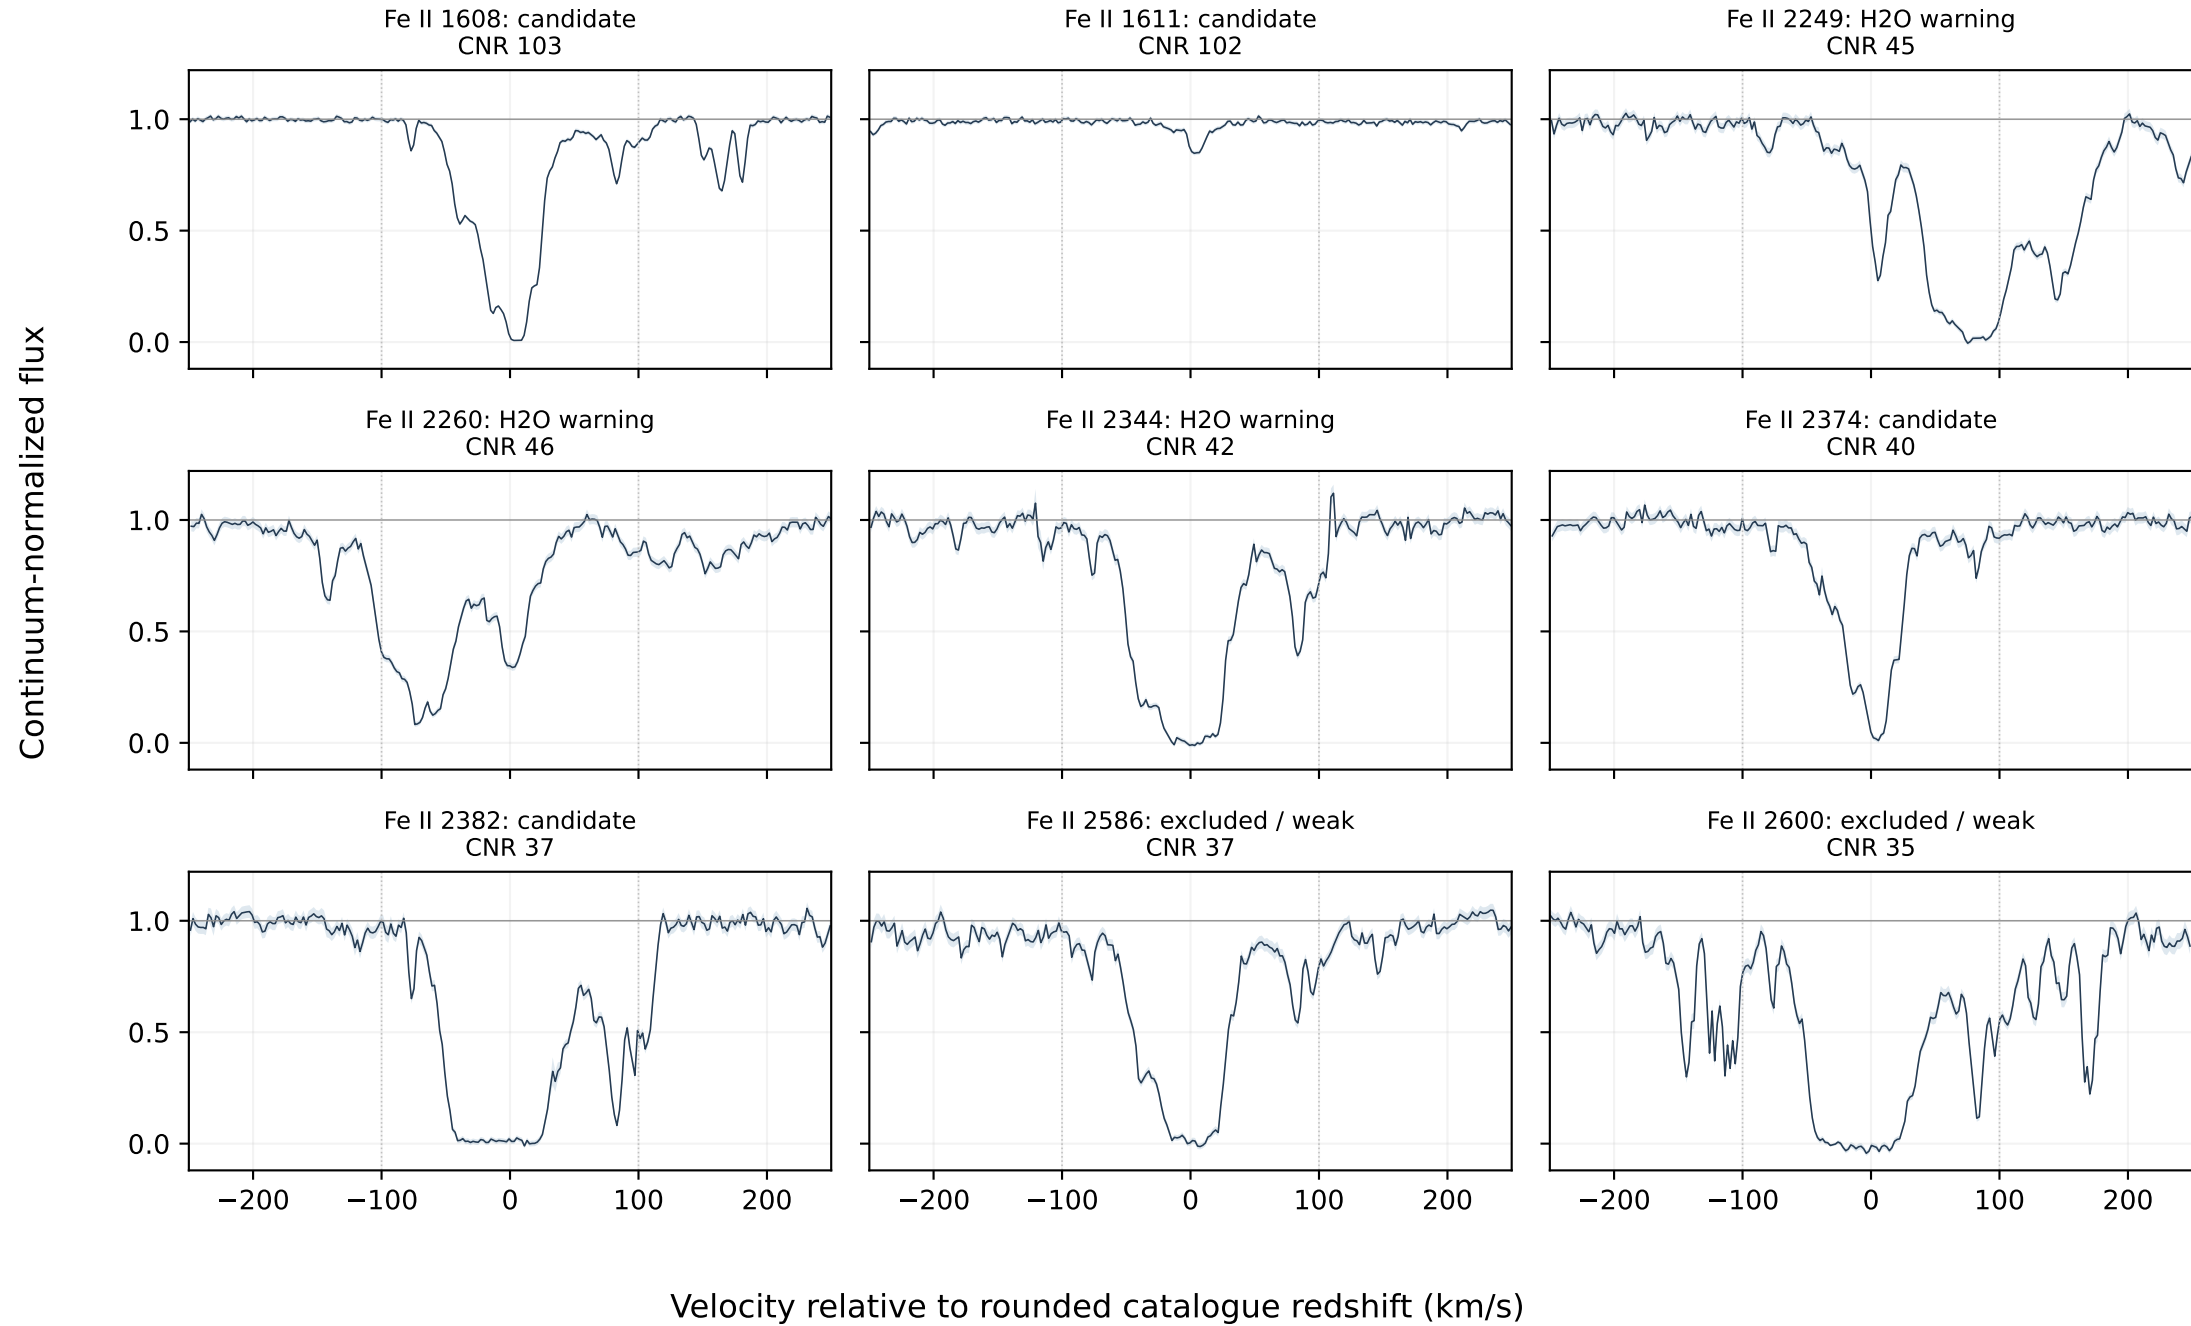

Velocity relative to rounded catalogue redshift (km/s)

J044534-354704, catalogue $z_{\text{abs}}=2.408$; 0 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

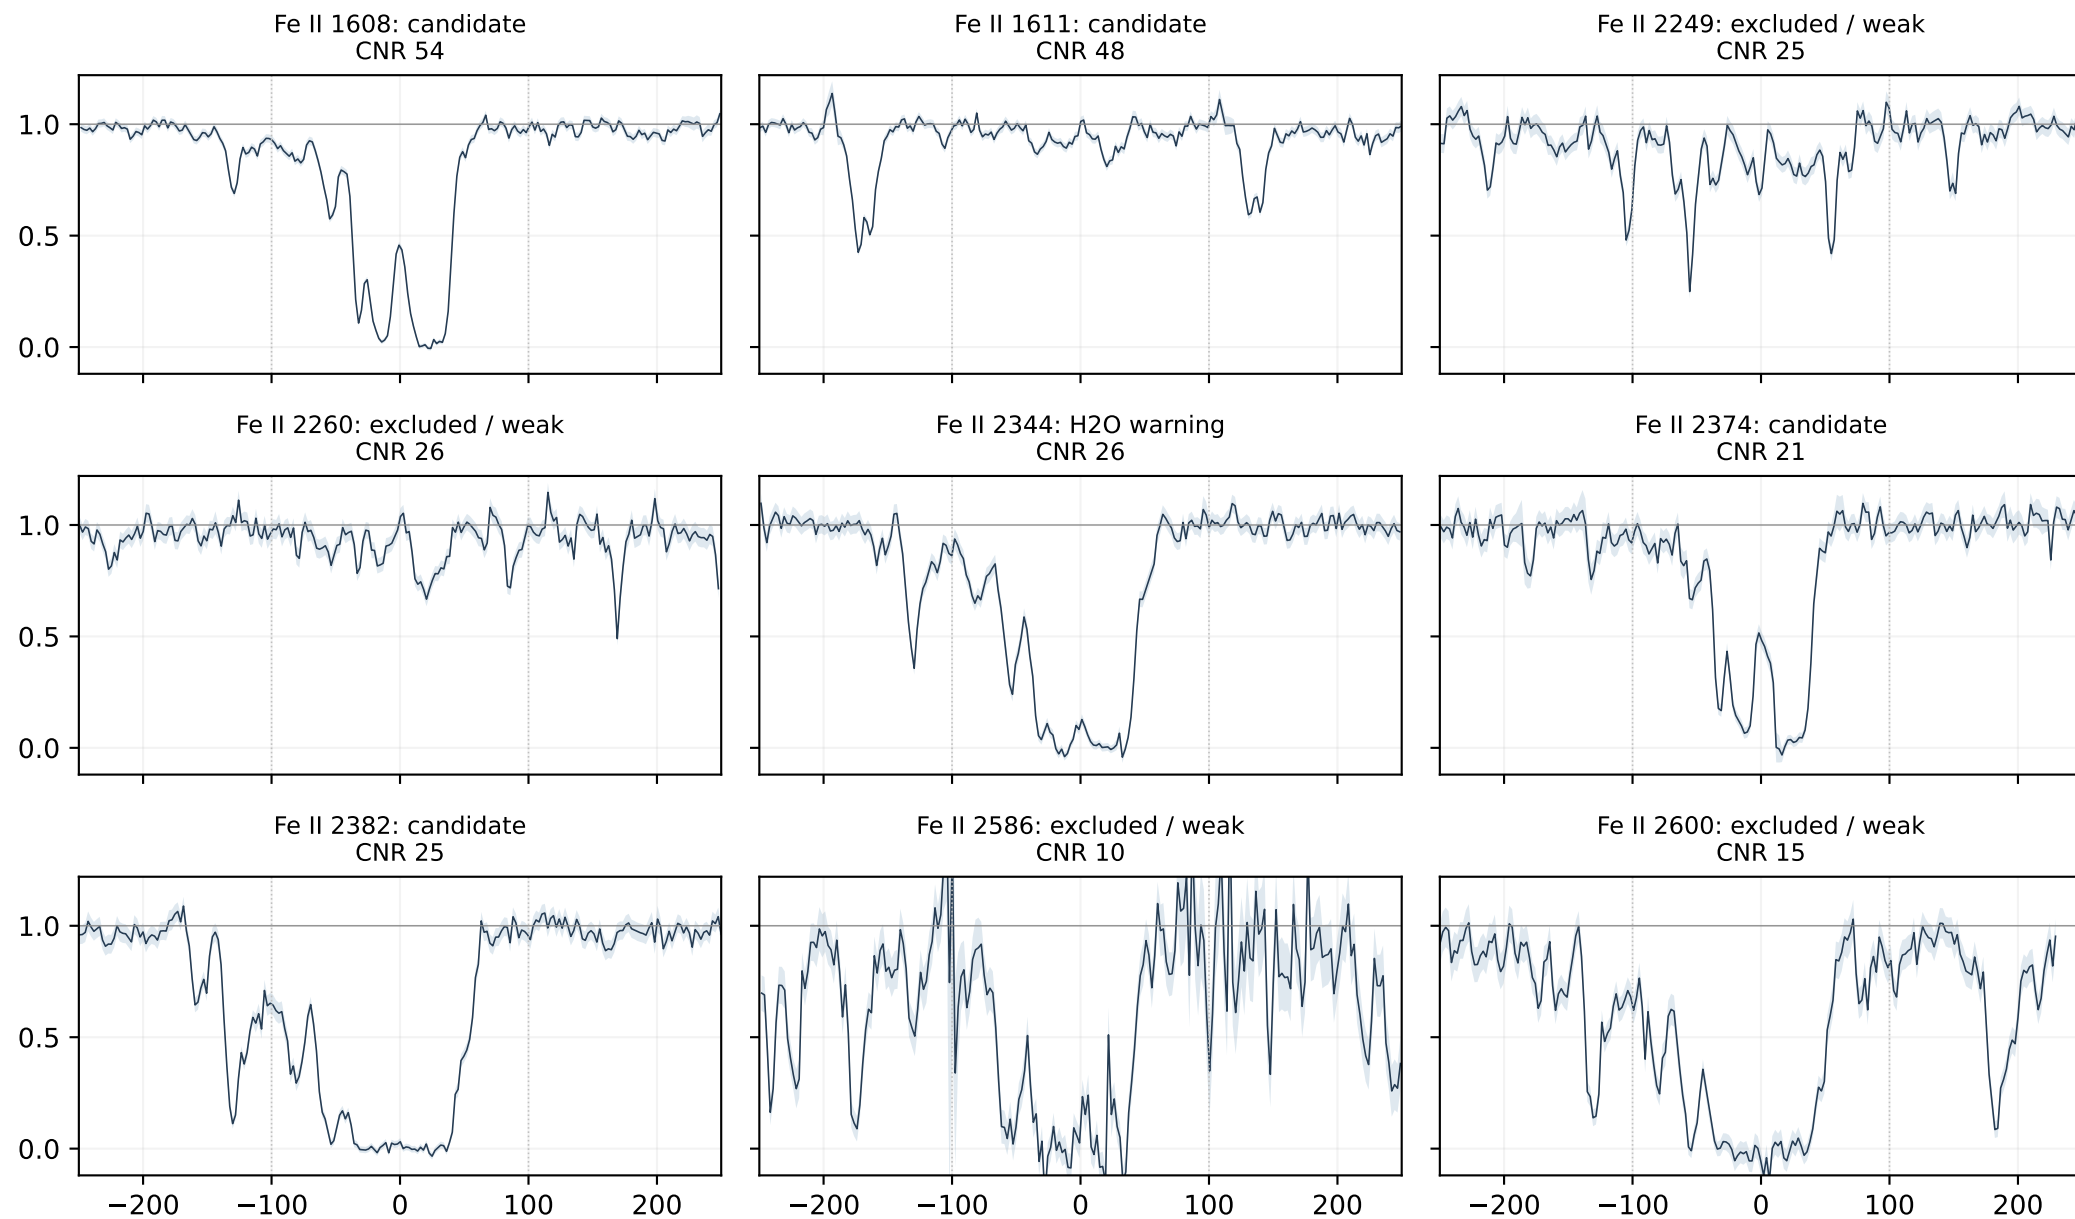

J053007-250329, catalogue $z_{\text{abs}}=2.141$; 3 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

J064326-504112, catalogue $z_{\text{abs}}=2.659$; 3 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

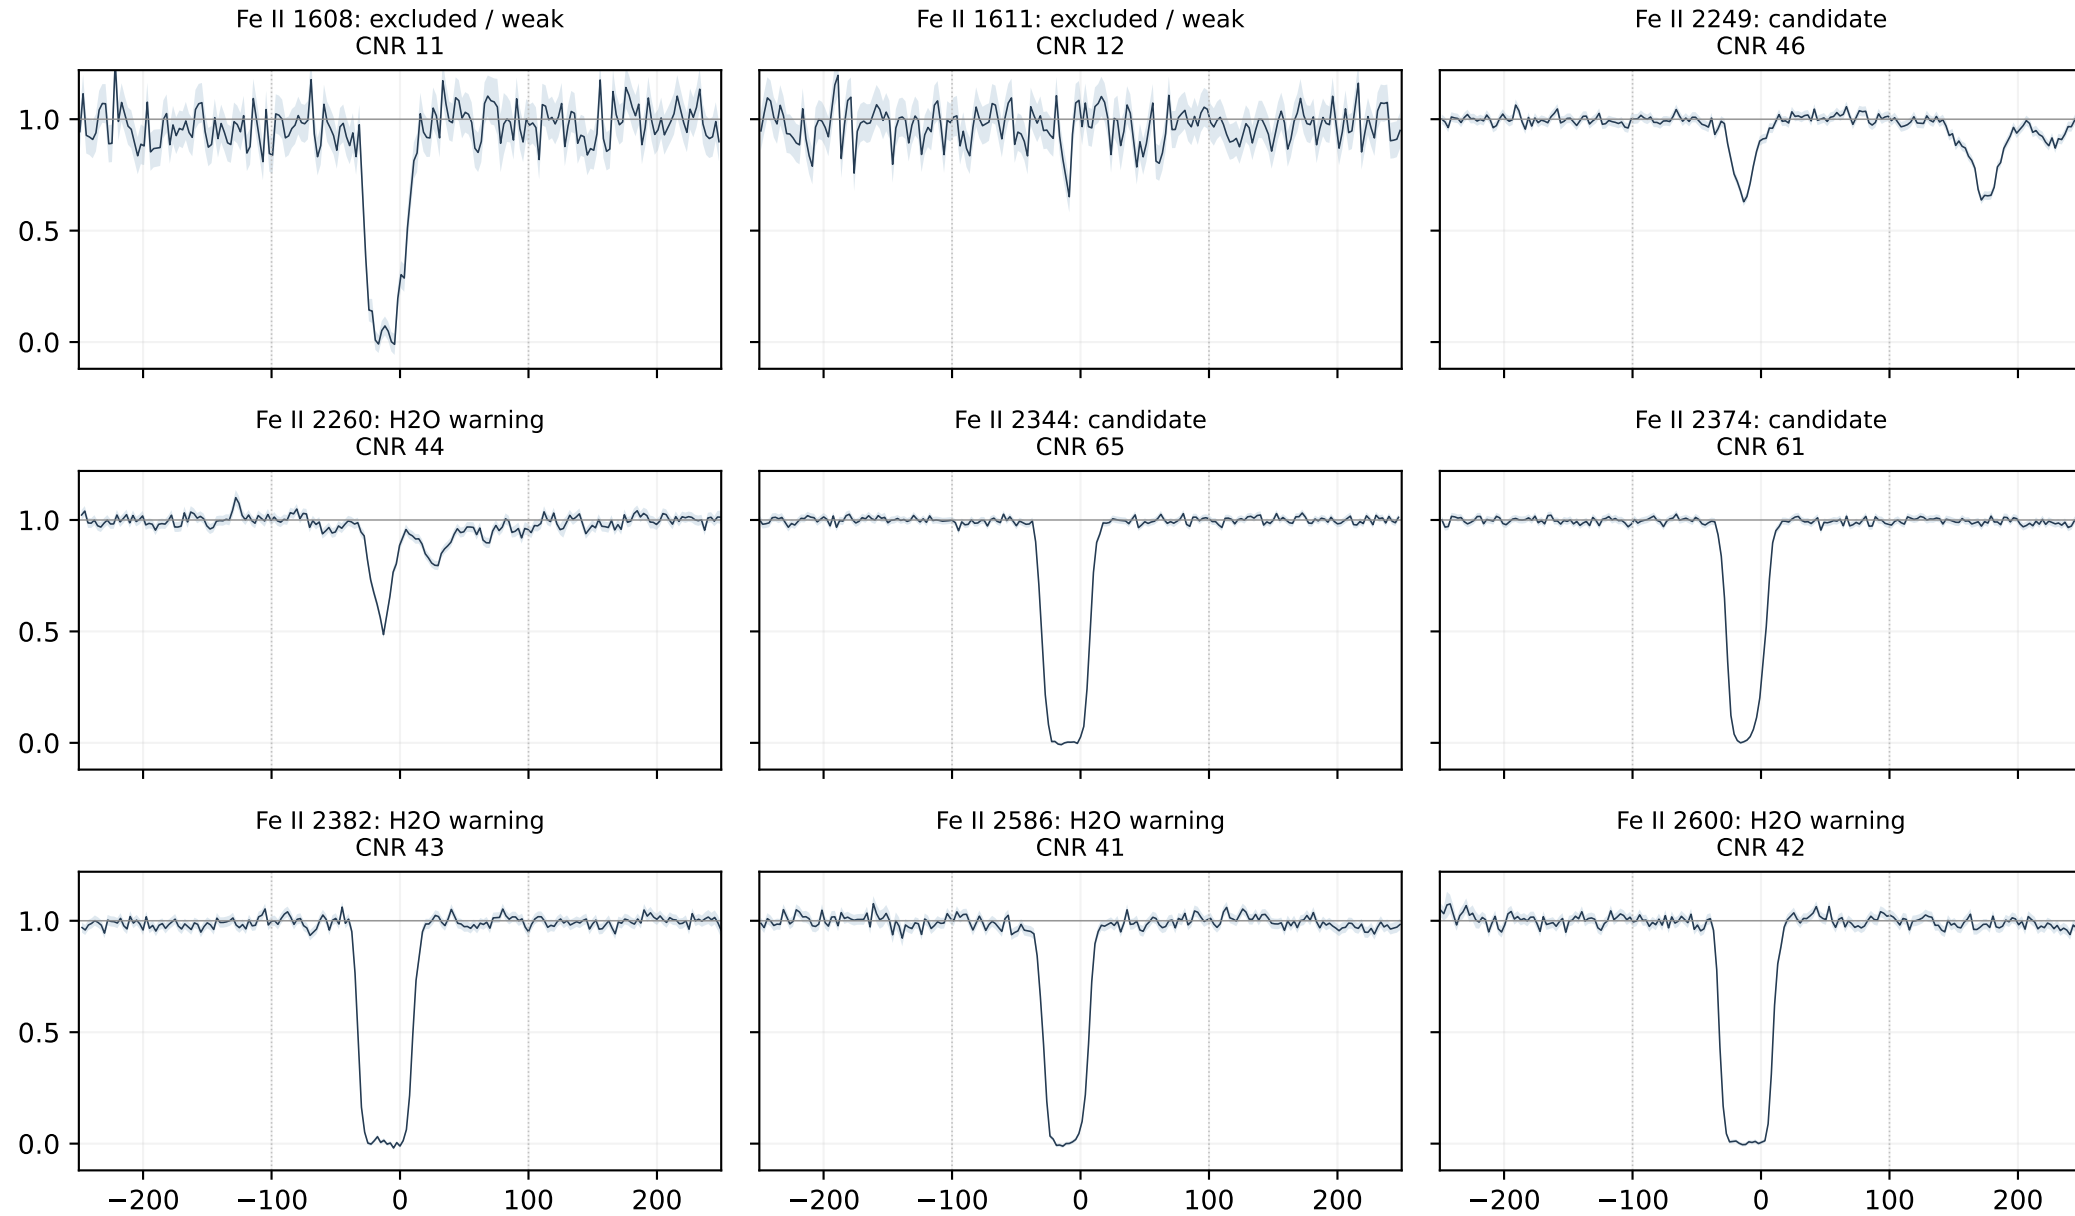

Continuum-normalized flux

Velocity relative to rounded catalogue redshift (km/s)

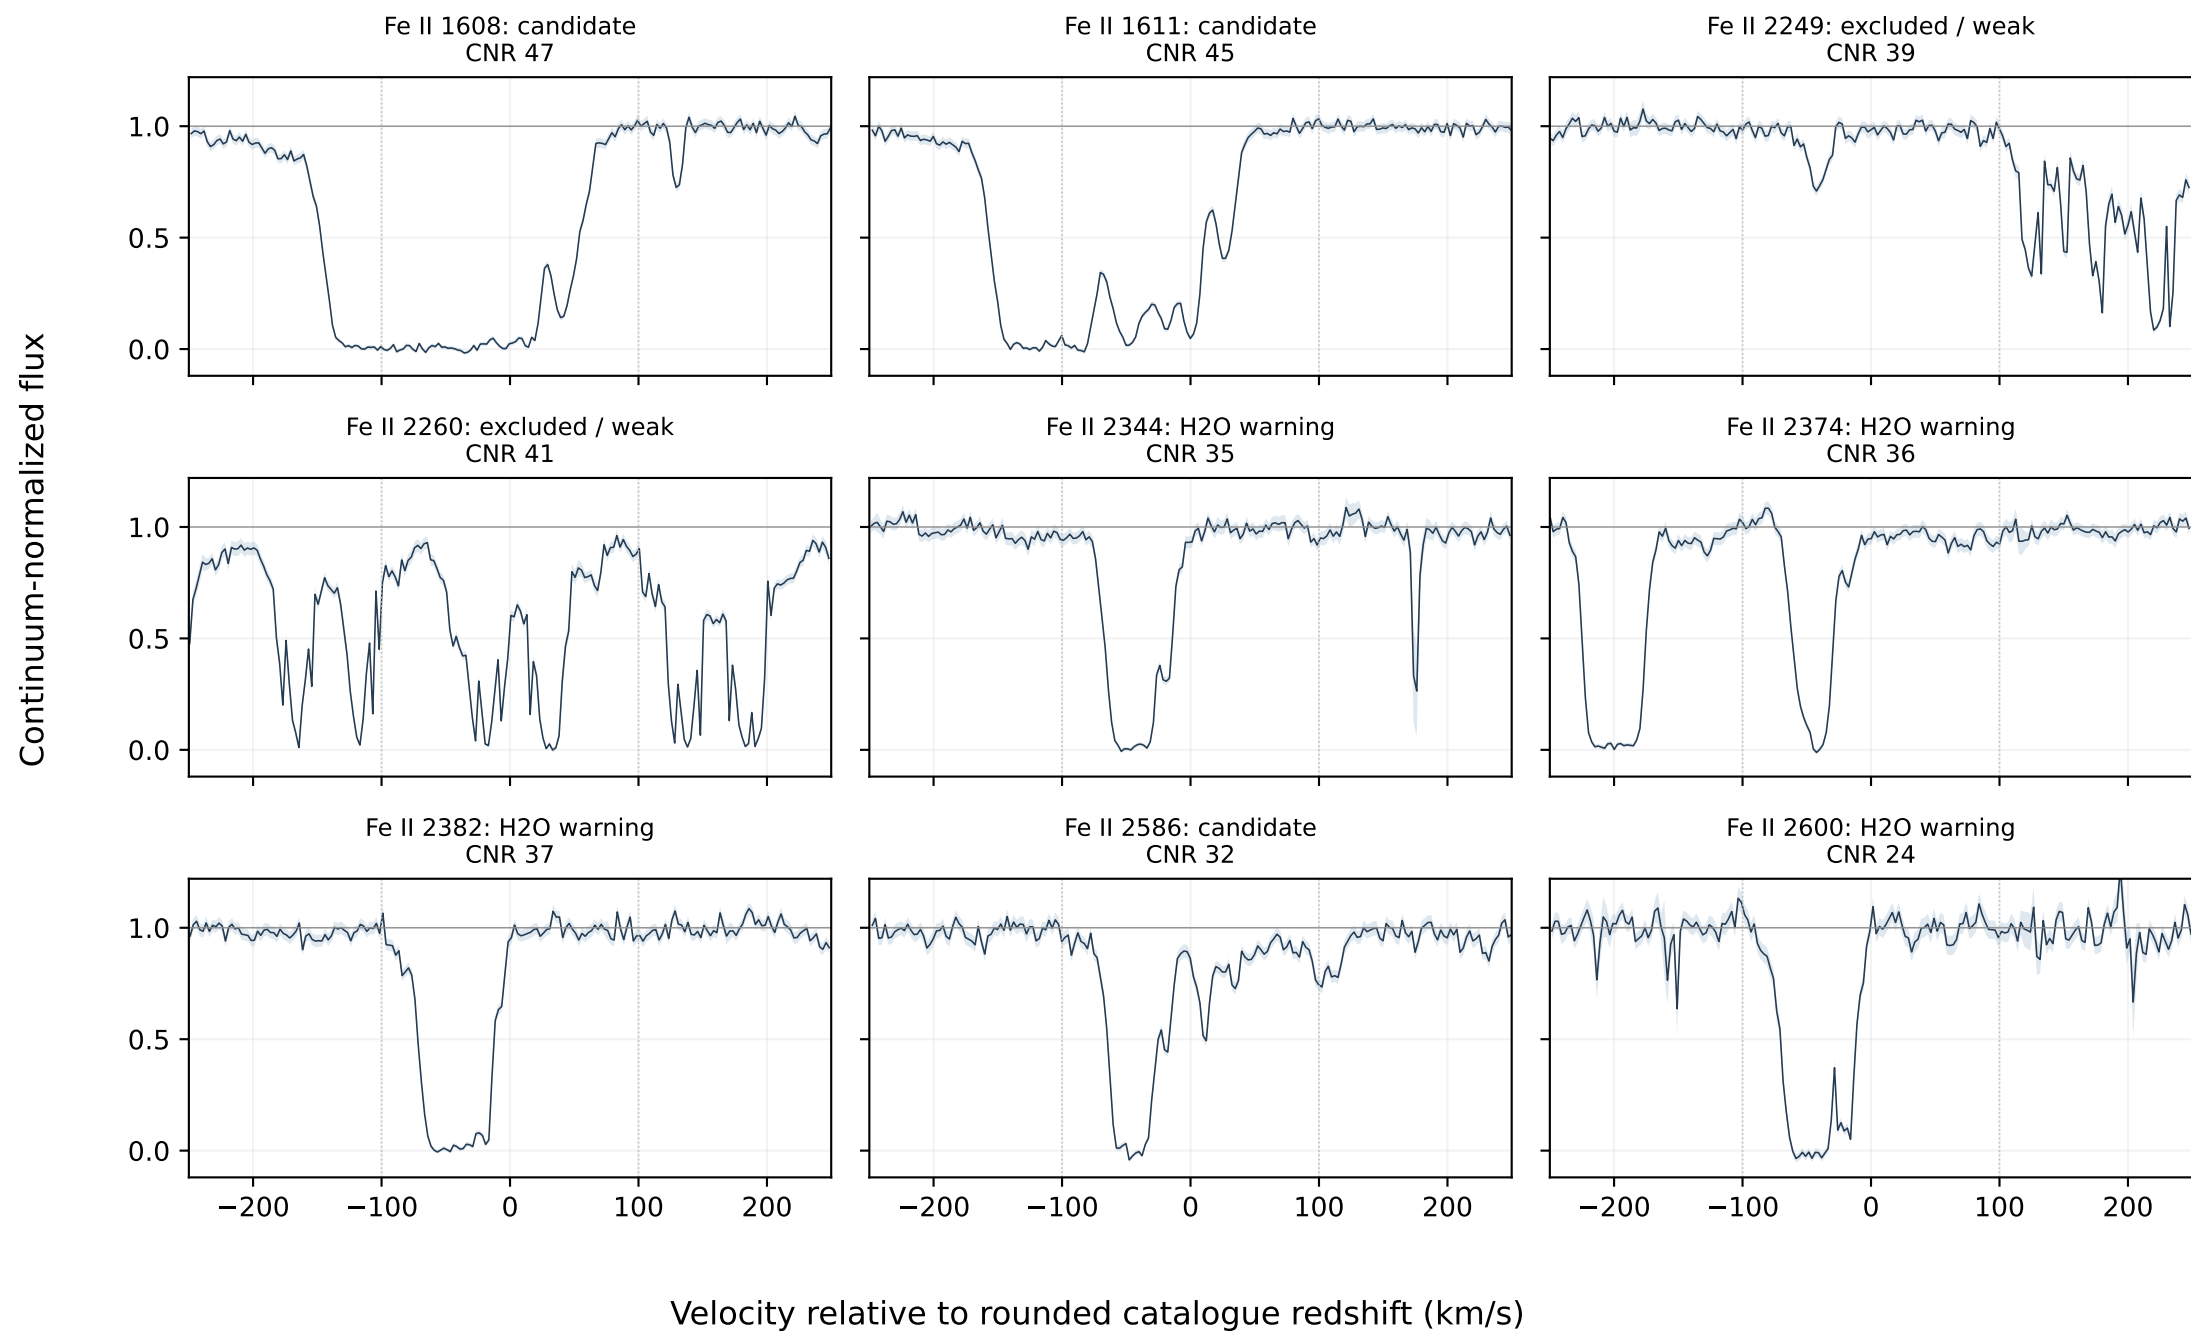

J084424+124546, catalogue $z_{\text{abs}}=1.864$; 2 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

Continuum-normalized flux

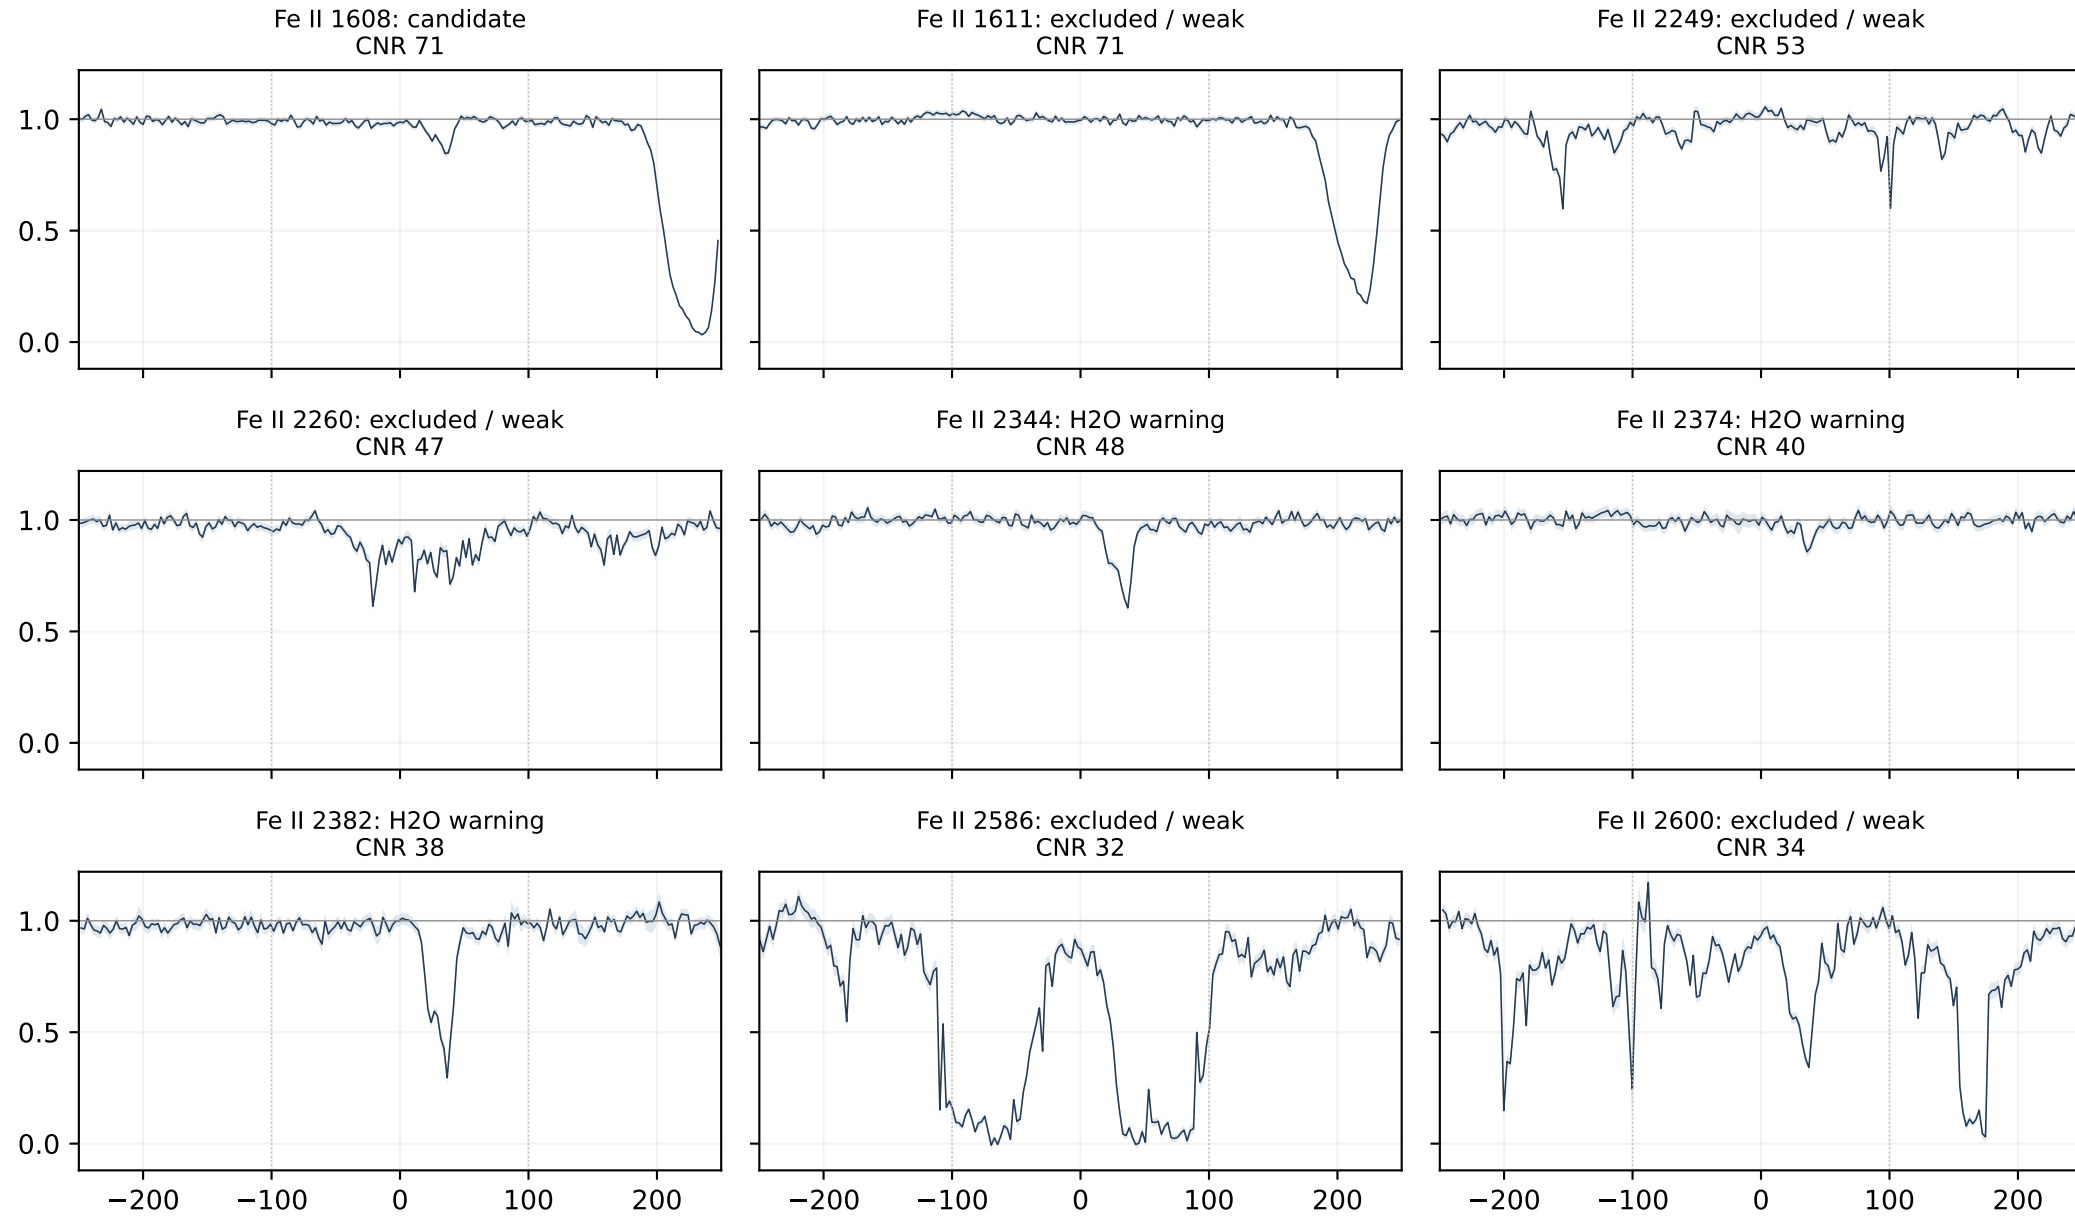

Velocity relative to rounded catalogue redshift (km/s)

J084424+124546, catalogue $z_{\text{abs}}=2.375$; 2 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

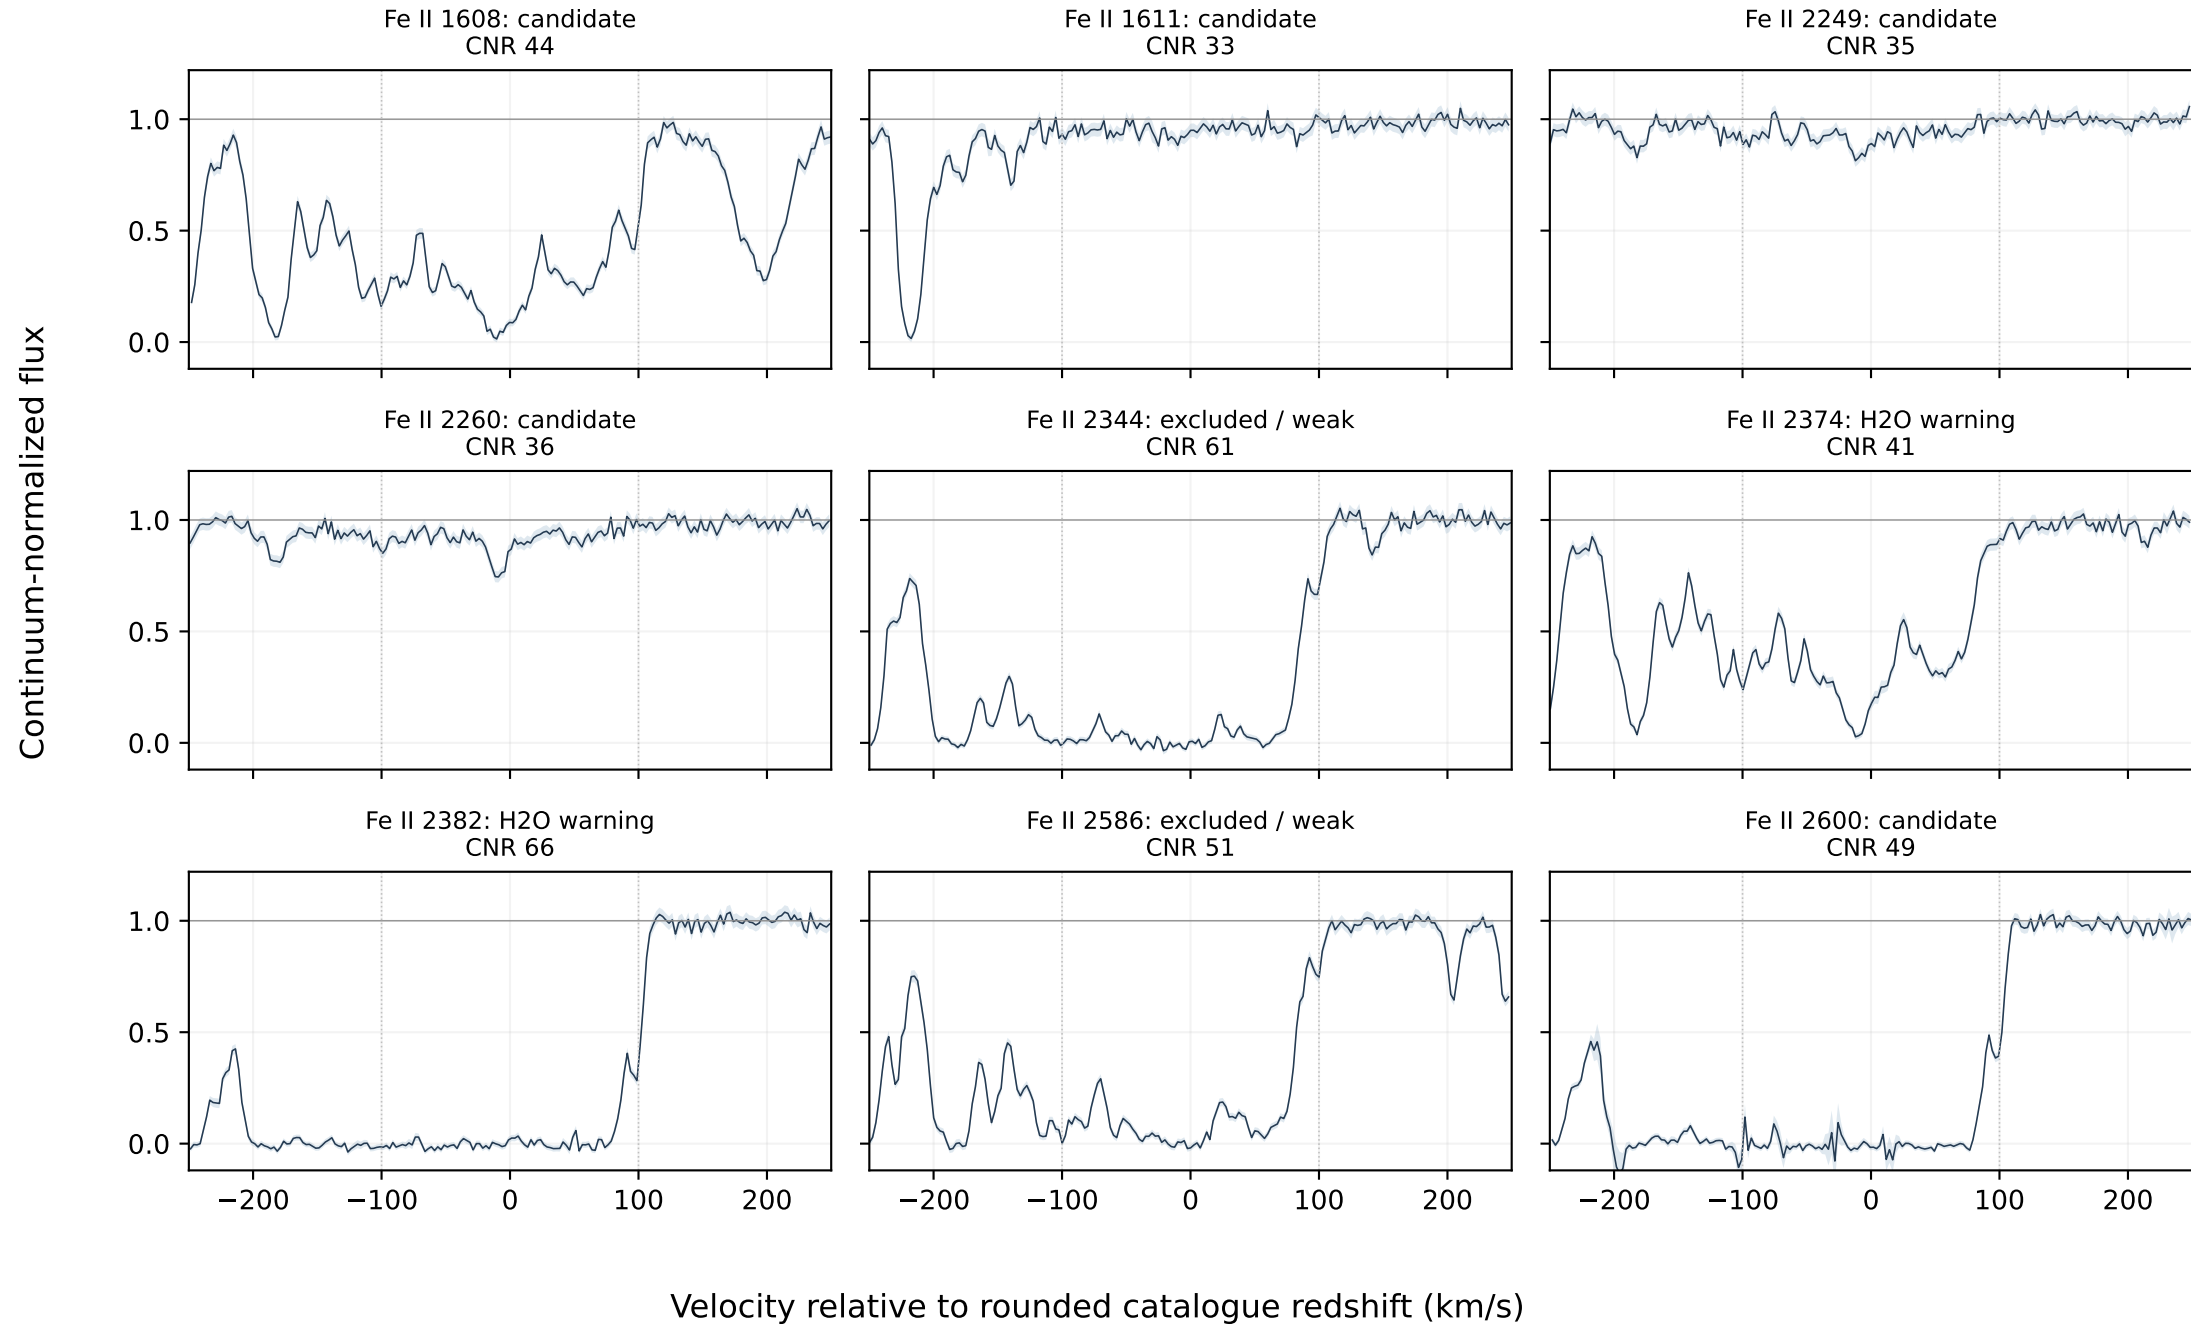

J091613+070224, catalogue $z_{\text{abs}}=2.618$; 1 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

Continuum-normalized flux

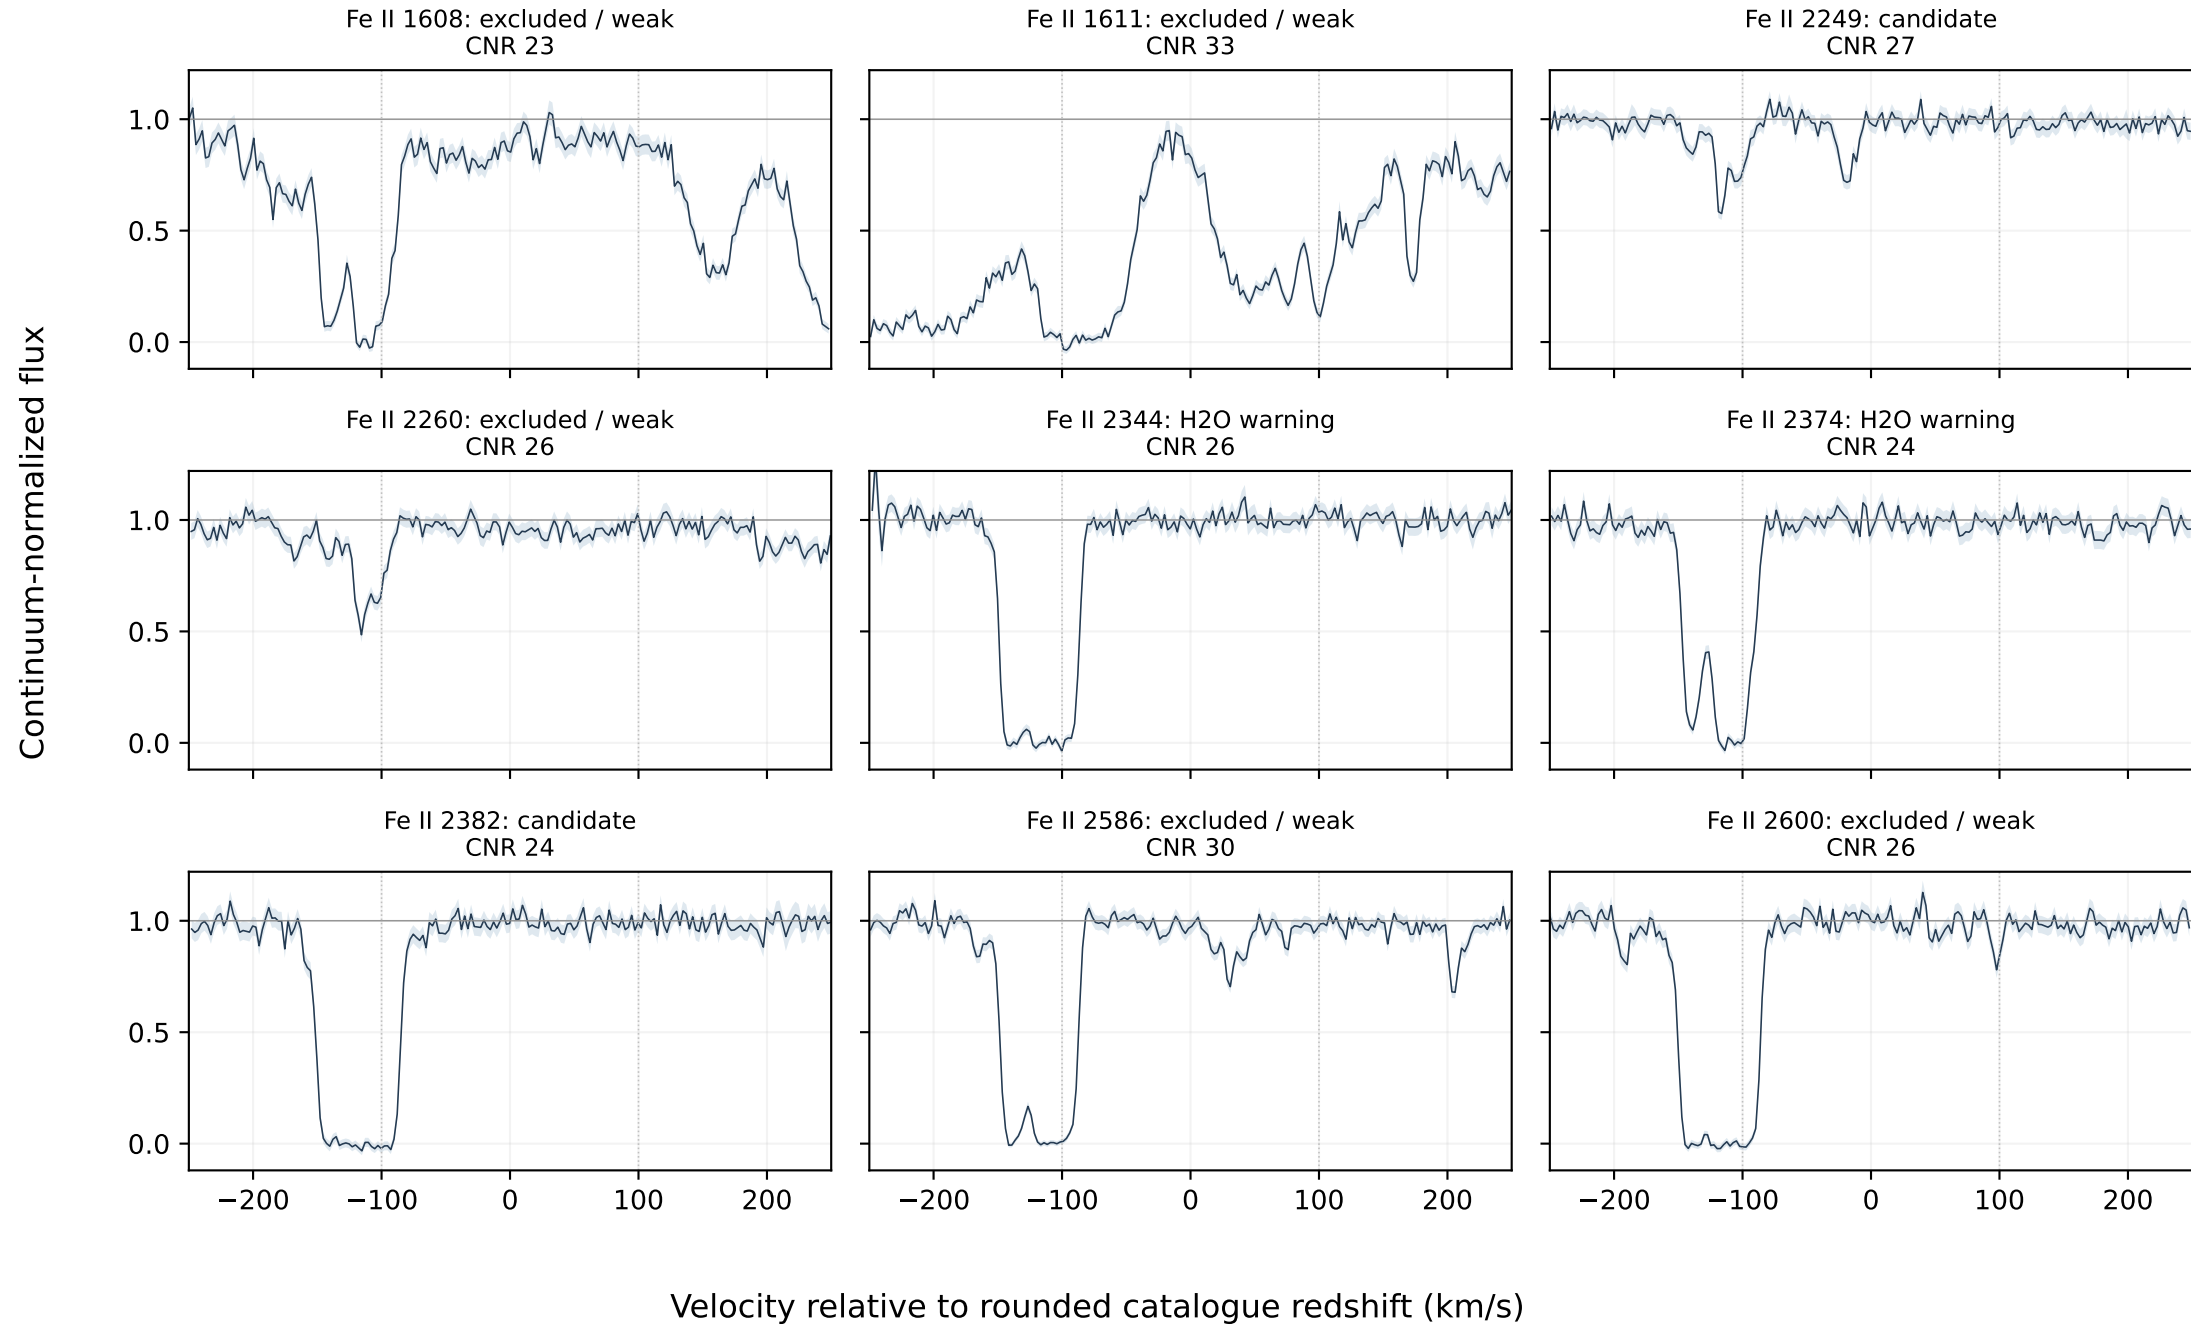

Velocity relative to rounded catalogue redshift (km/s)

J115122+020426, catalogue $z_{\text{abs}}=1.969$; 2 detected lines outside broad water bands
Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

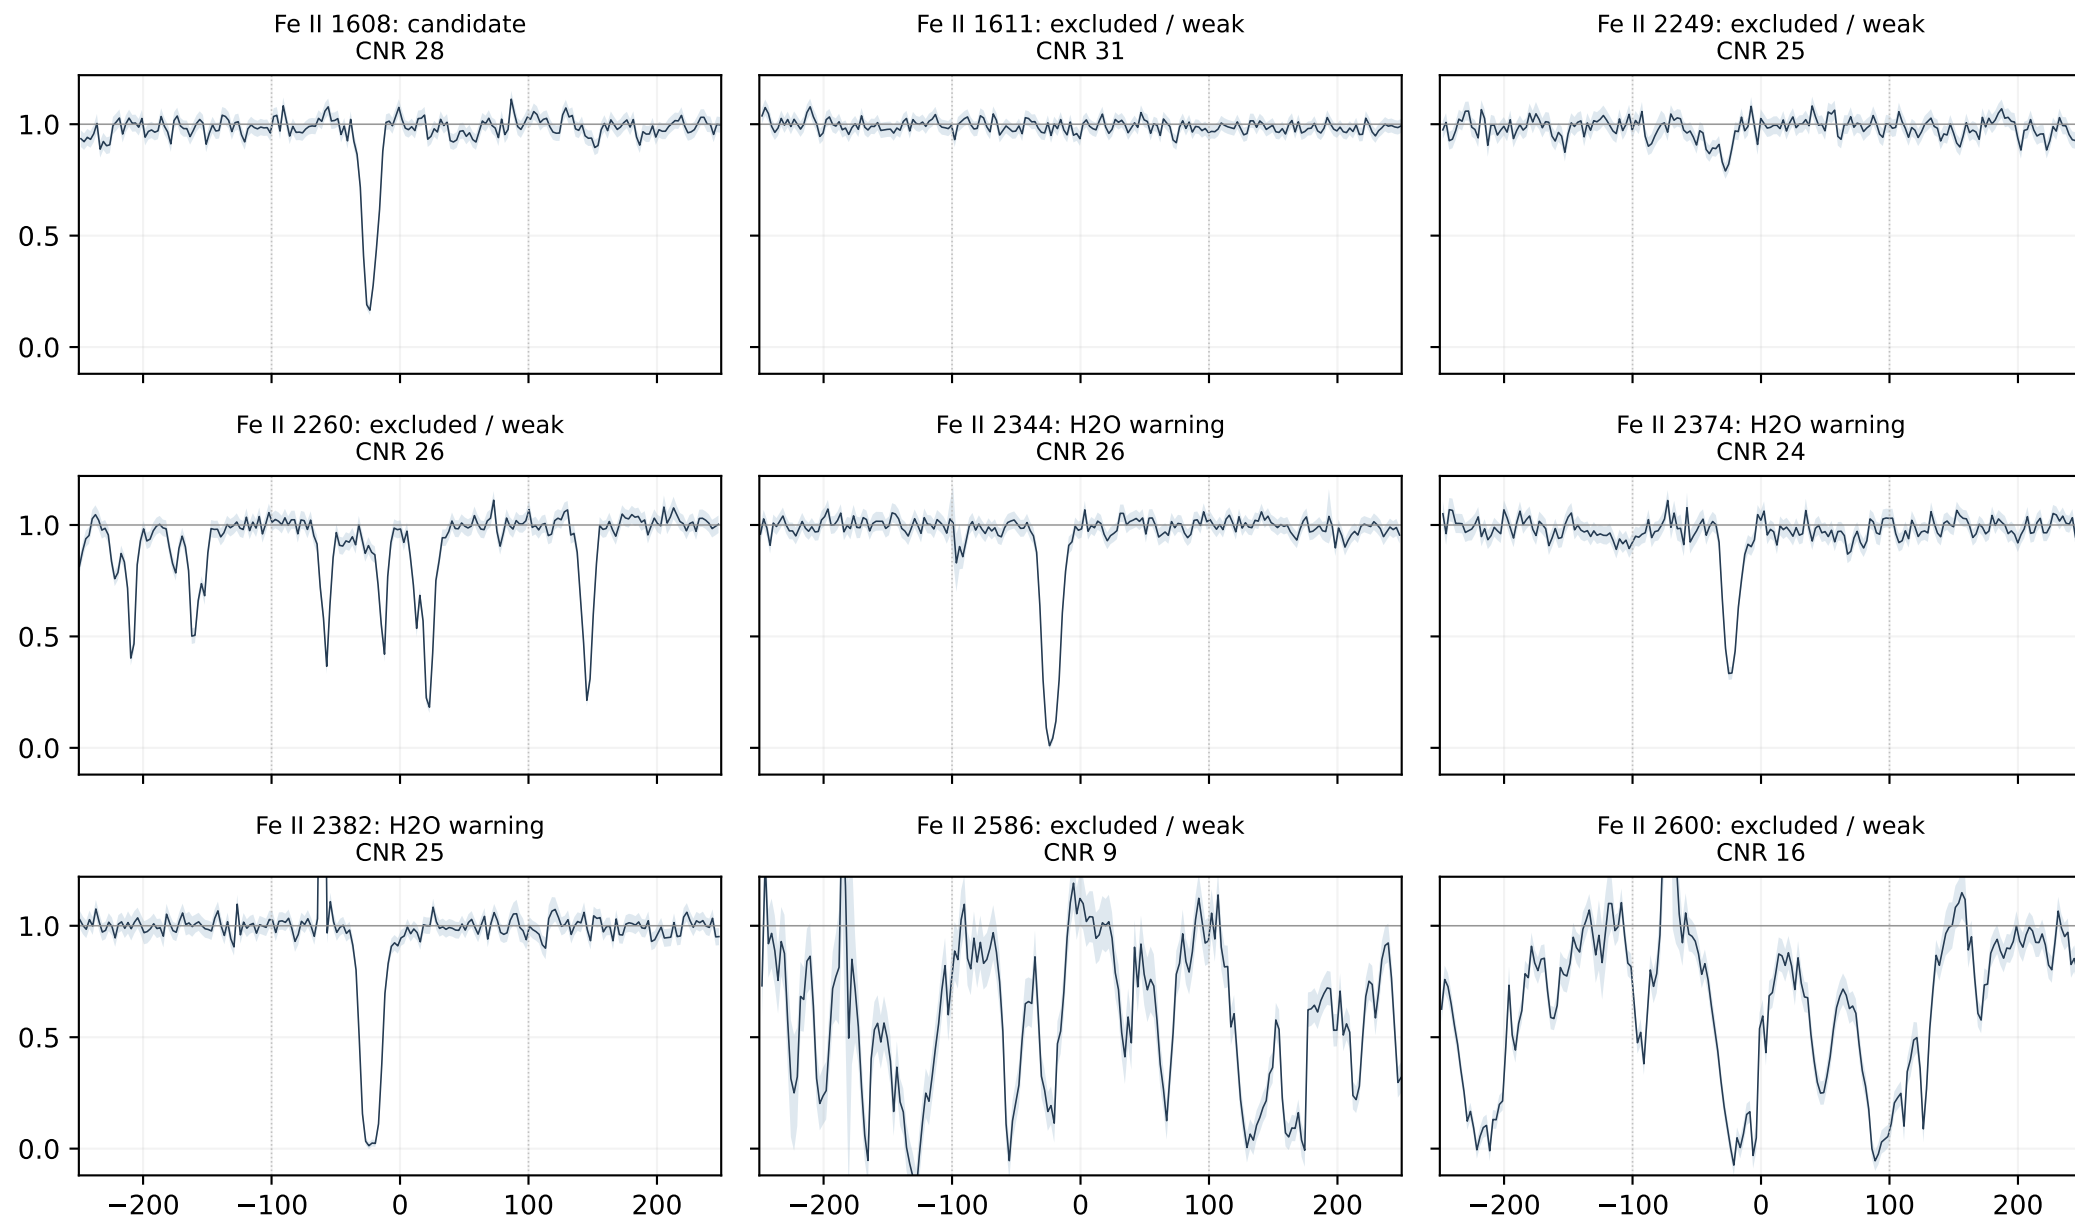

J115411+063427, catalogue $z_{\text{abs}}=1.775$; 1 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

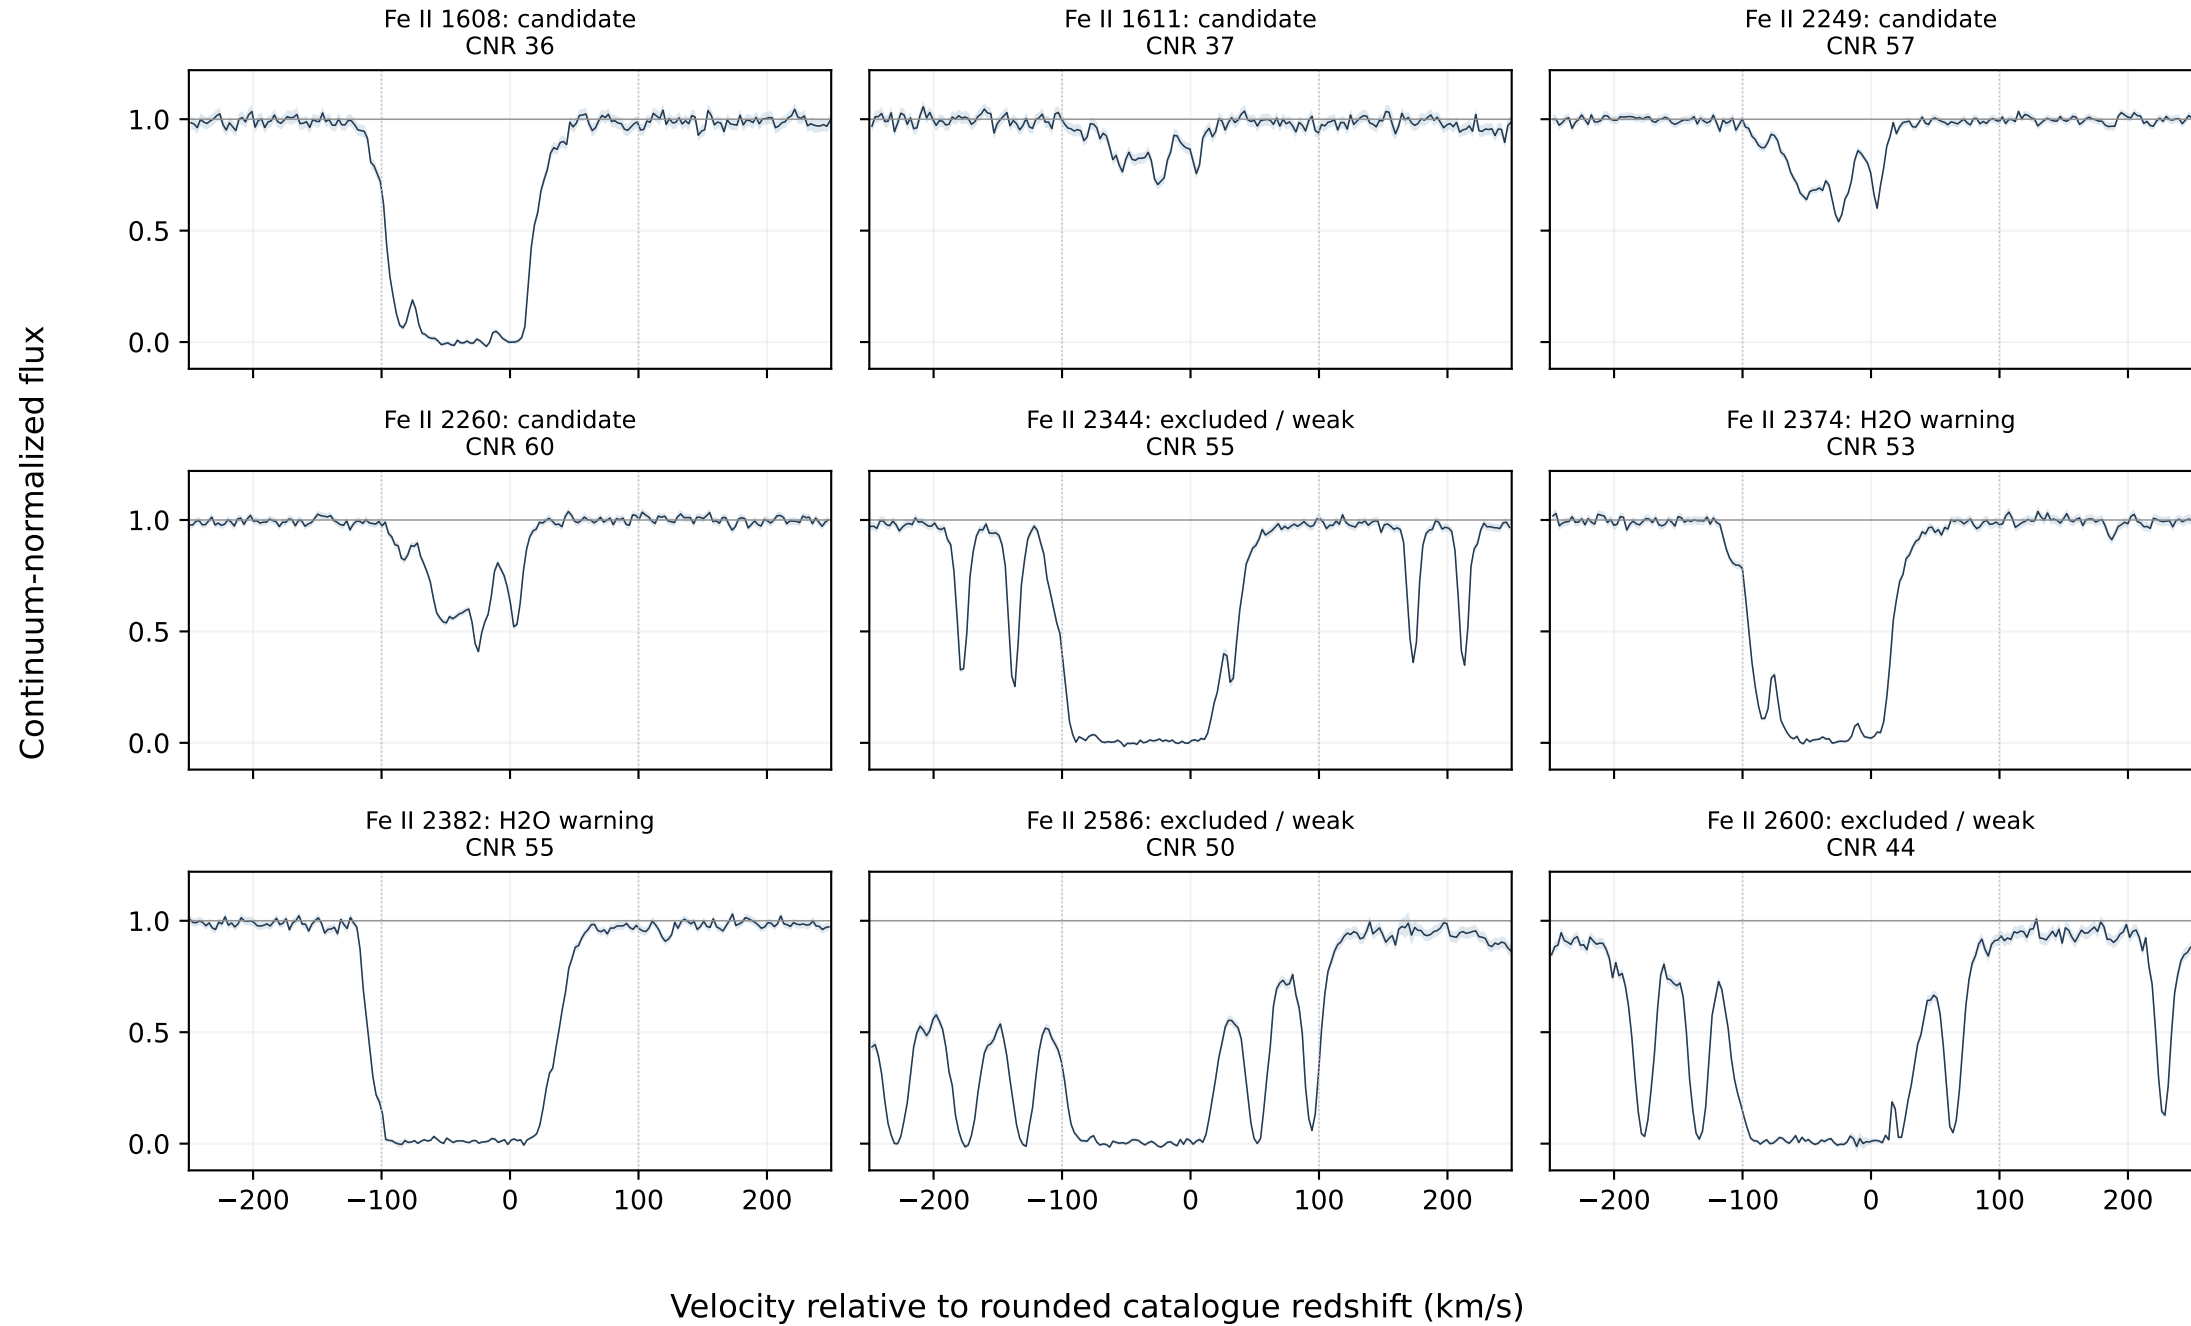

J115538+053050, catalogue $z_{\text{abs}}=2.608$; 1 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

Continuum-normalized flux

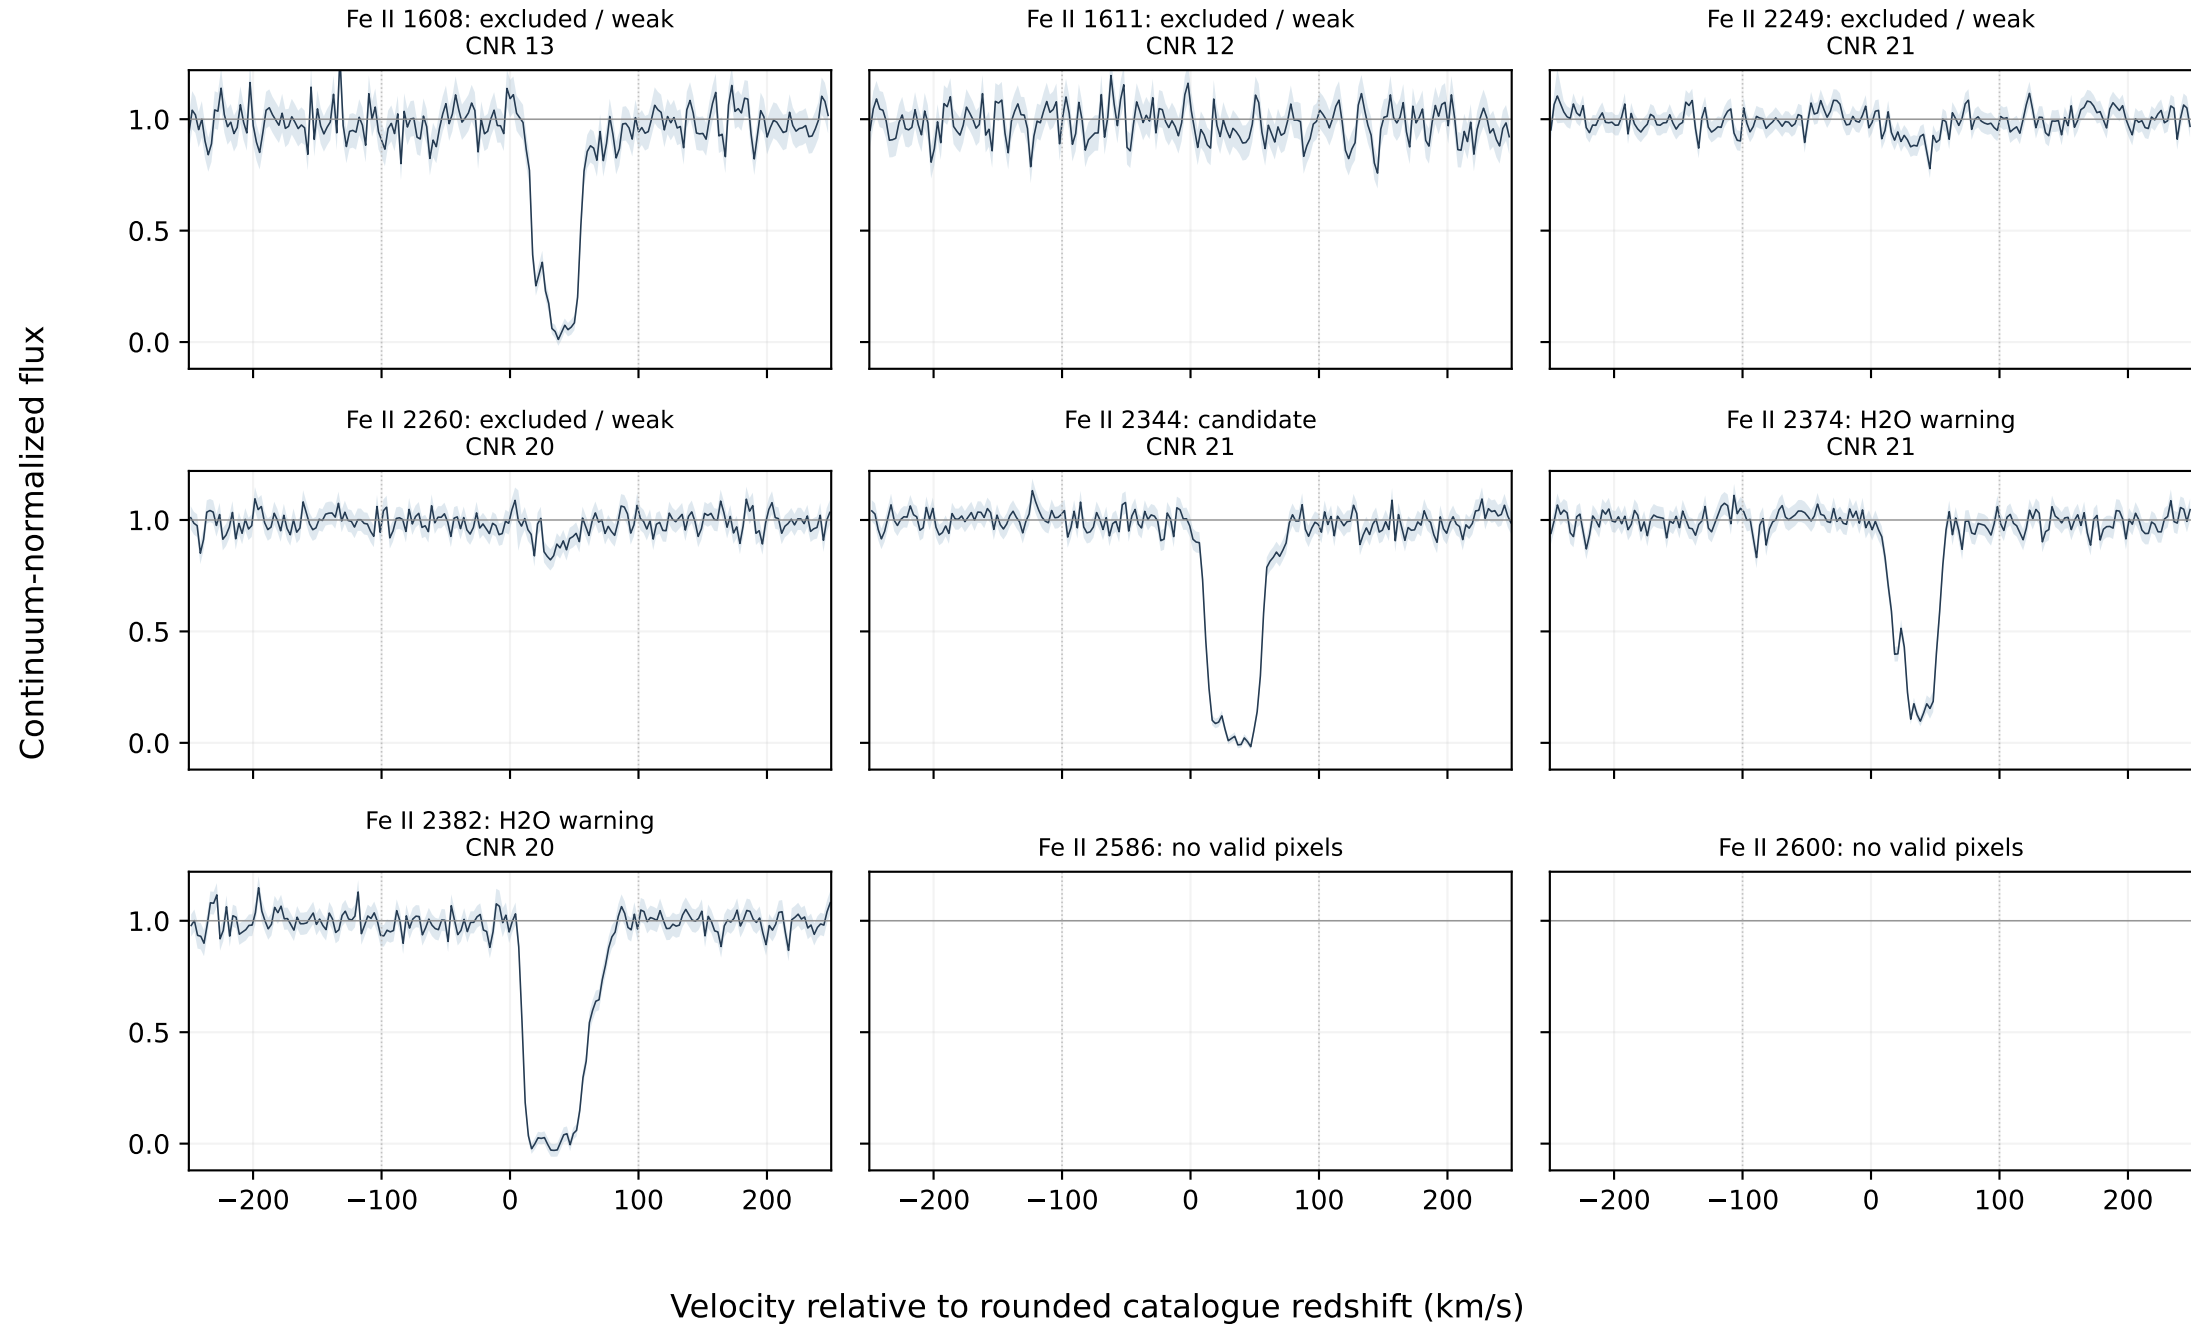

Velocity relative to rounded catalogue redshift (km/s)

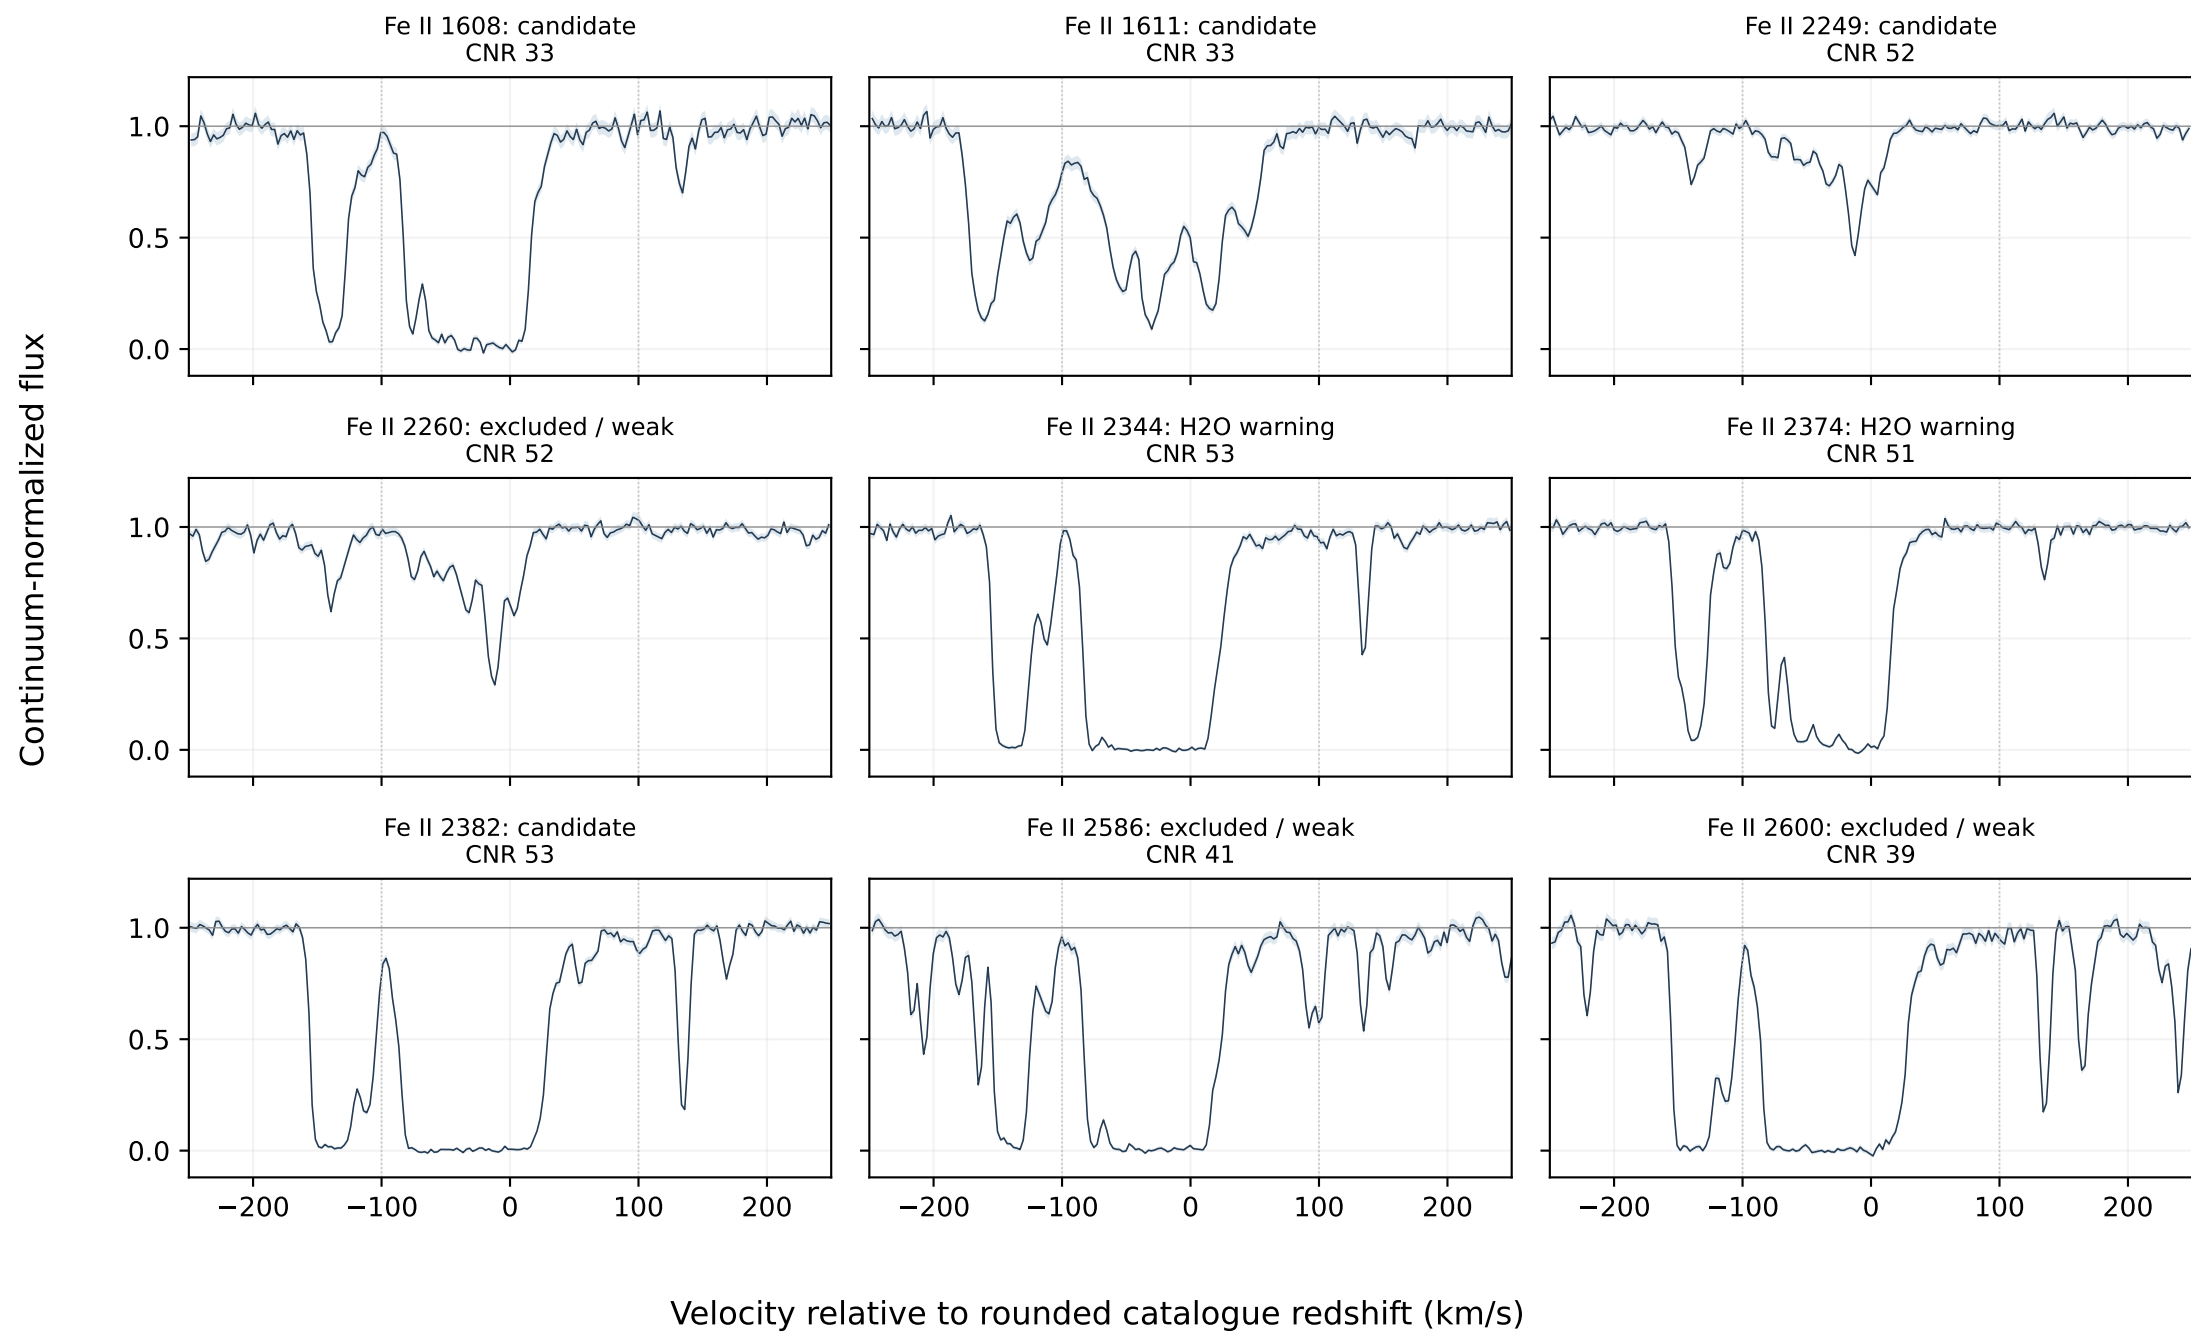

J115944+011206, catalogue $z_{\text{abs}}=1.944$; 1 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

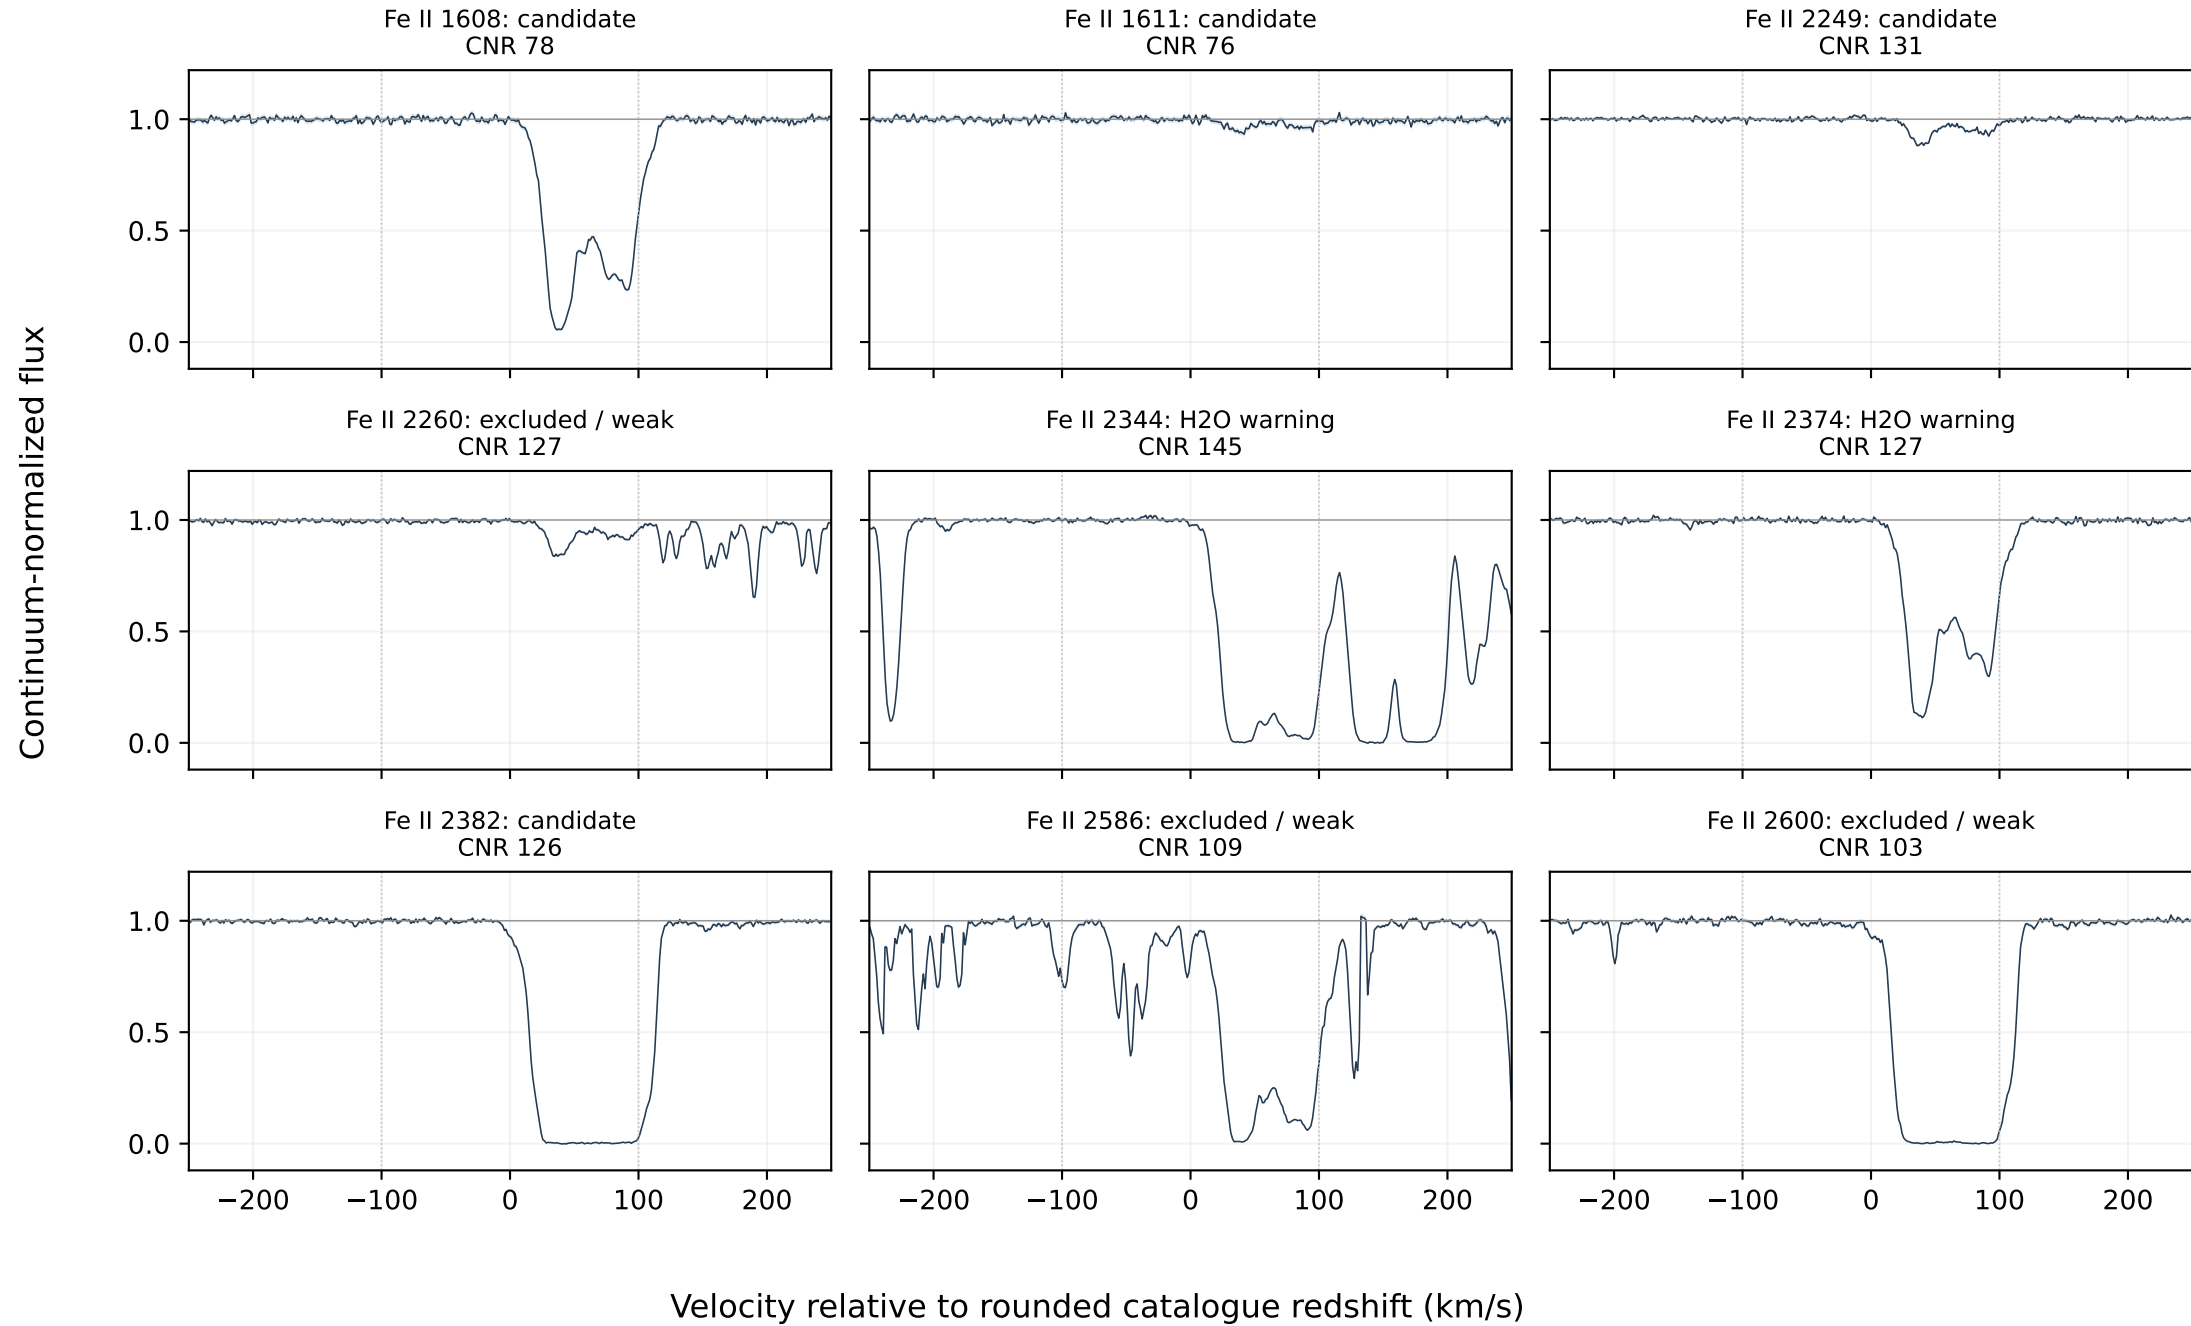

J120550+020131, catalogue $z_{\text{abs}}=1.747$; 1 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

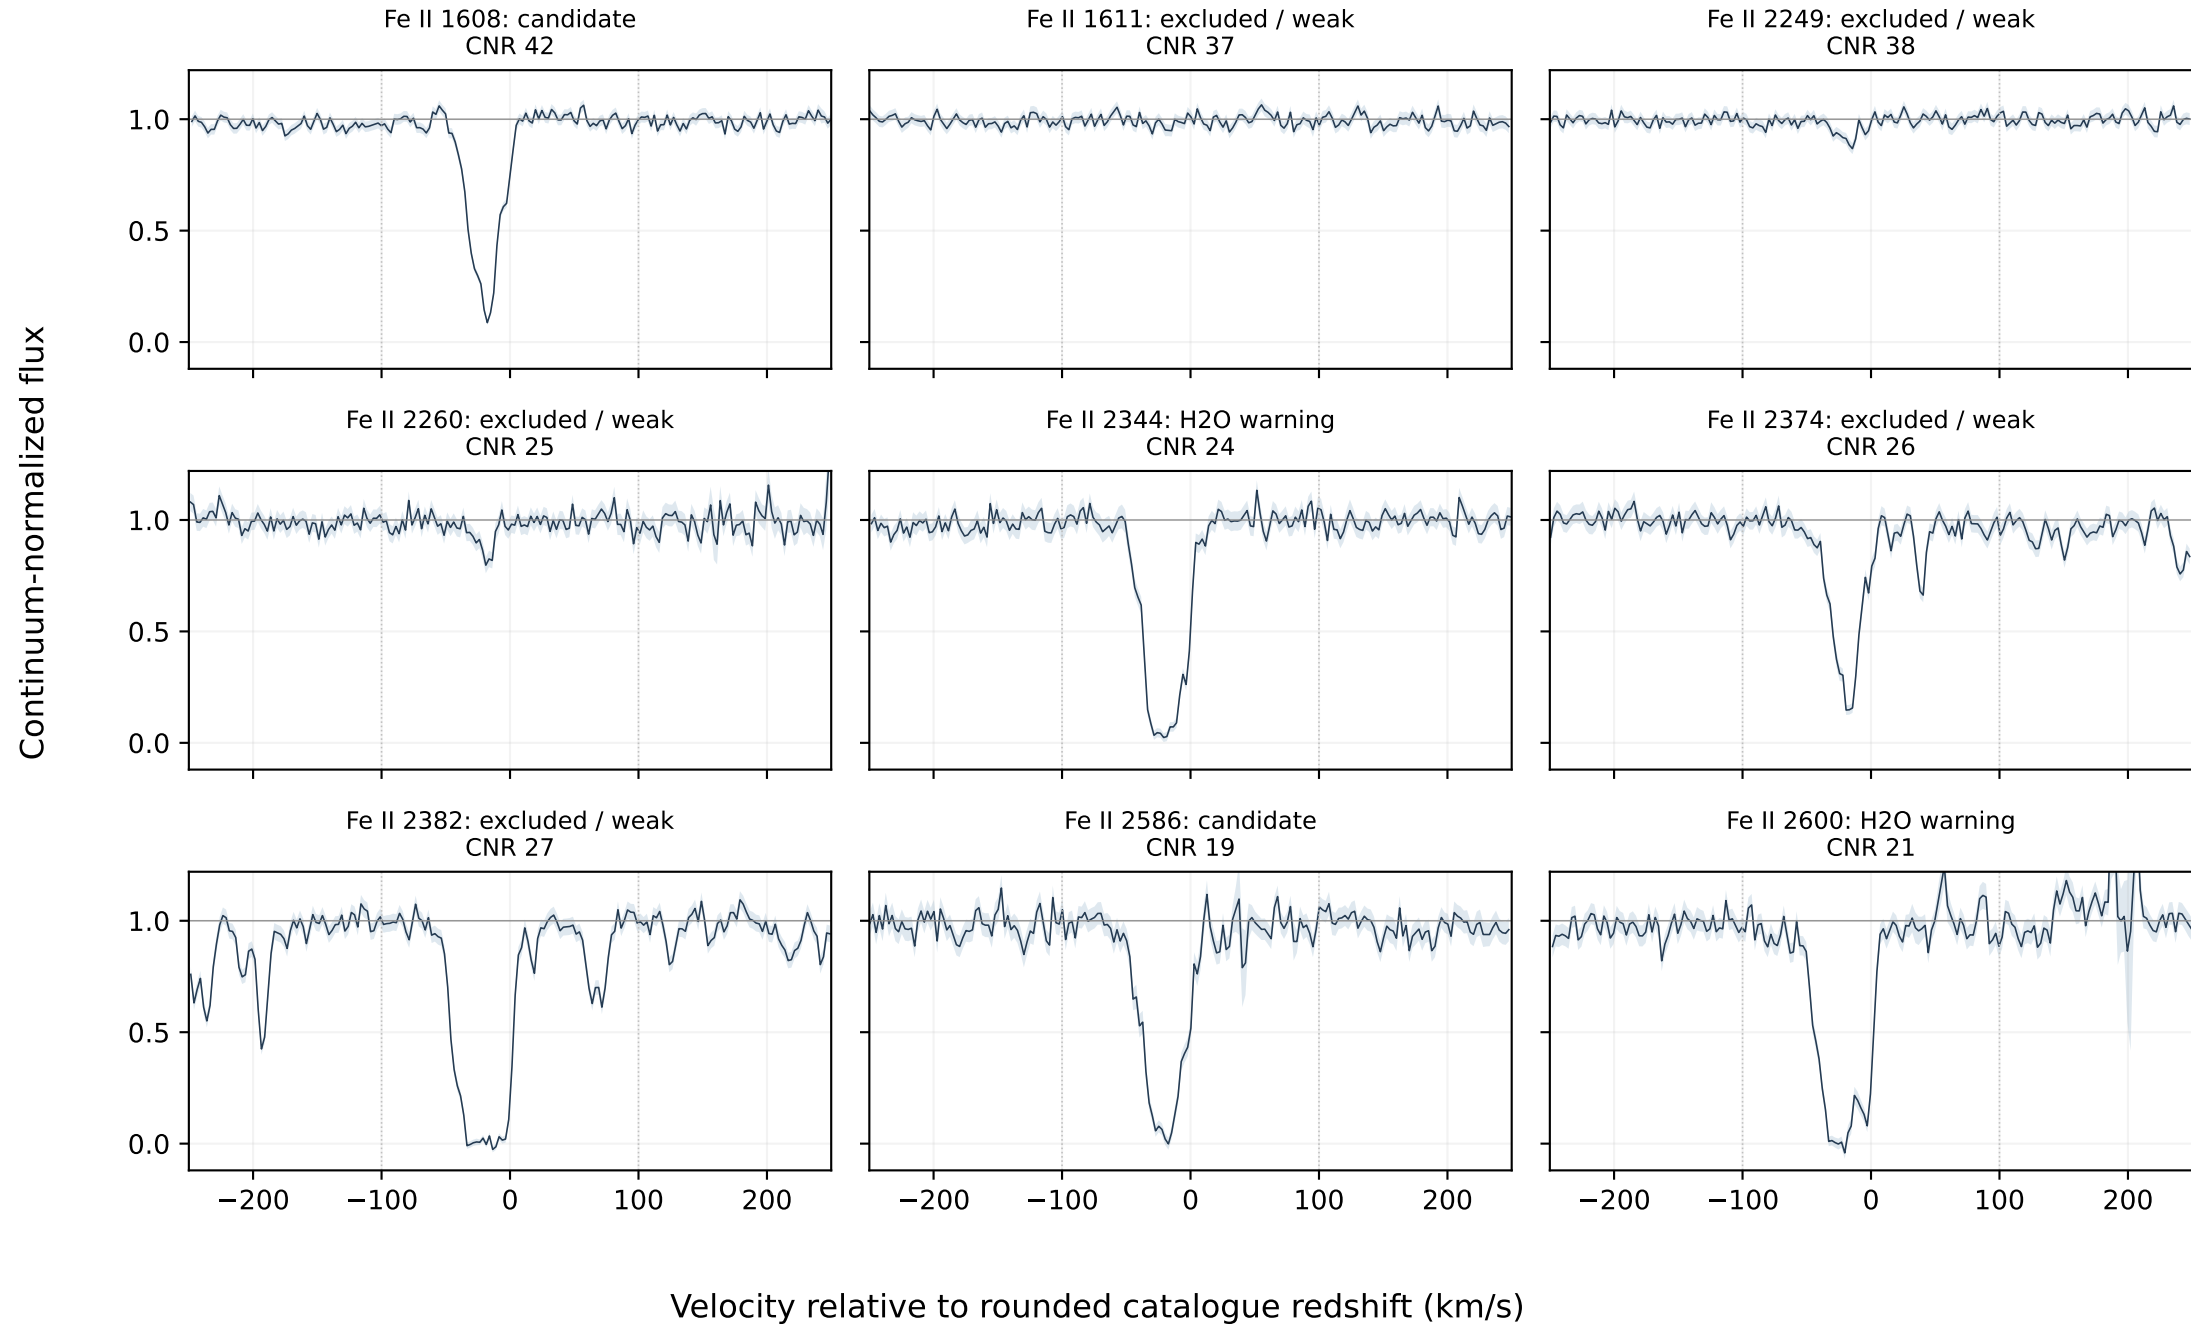

J124924-023339, catalogue $z_{\text{abs}}=1.781$; 2 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

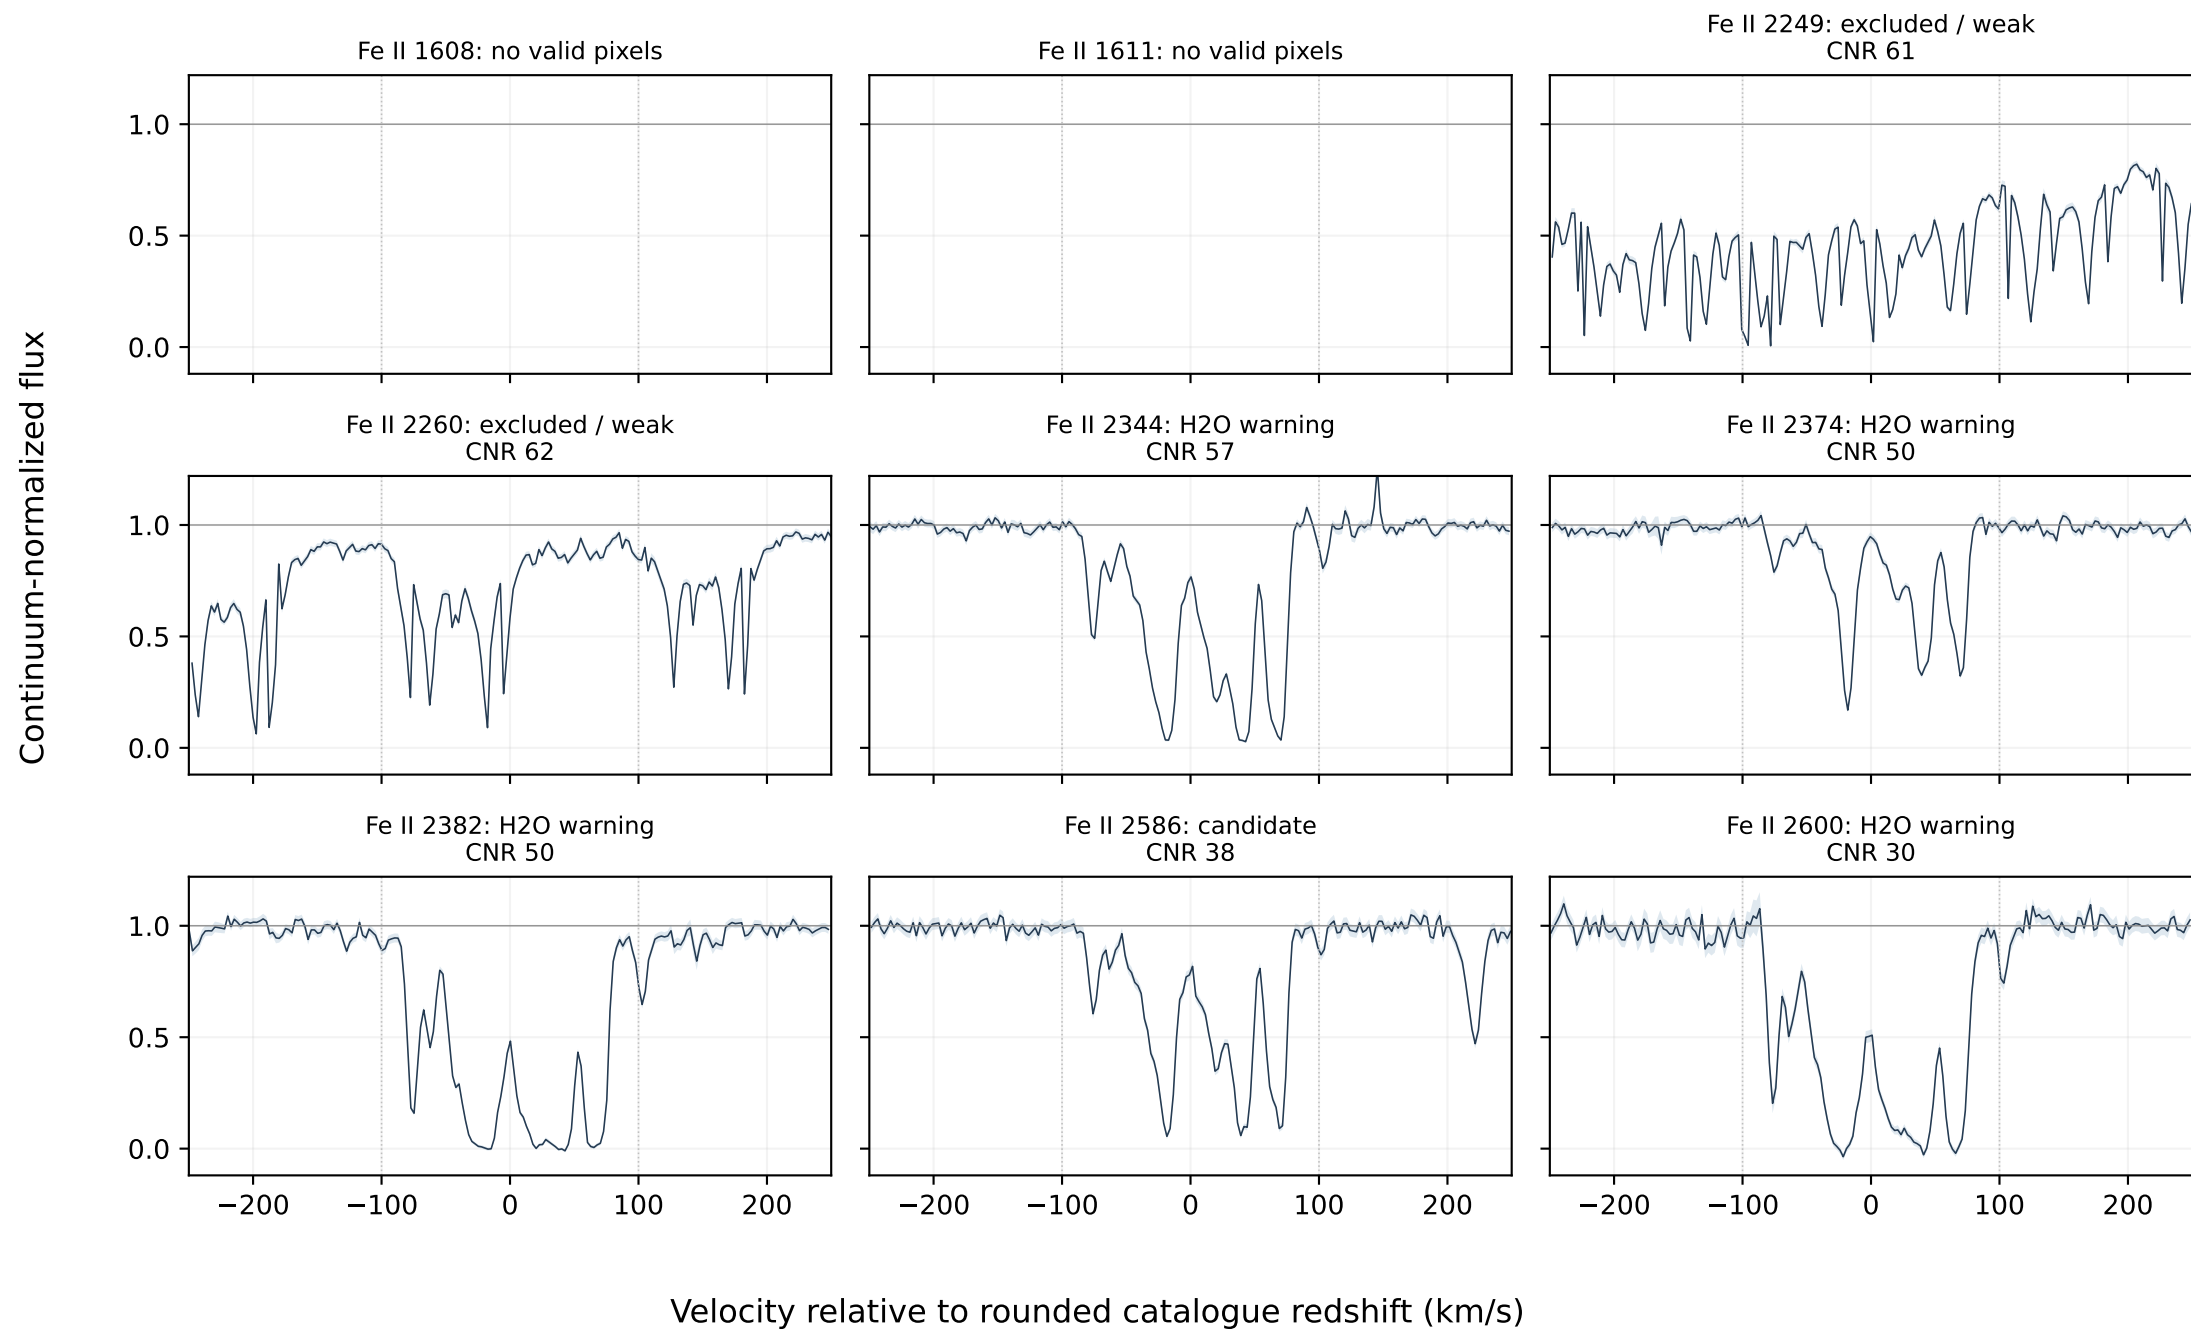

J133335+164903, catalogue $z_{\text{abs}}=1.776$; 2 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

J141217+091624, catalogue $z_{\text{abs}}=2.019$; 2 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

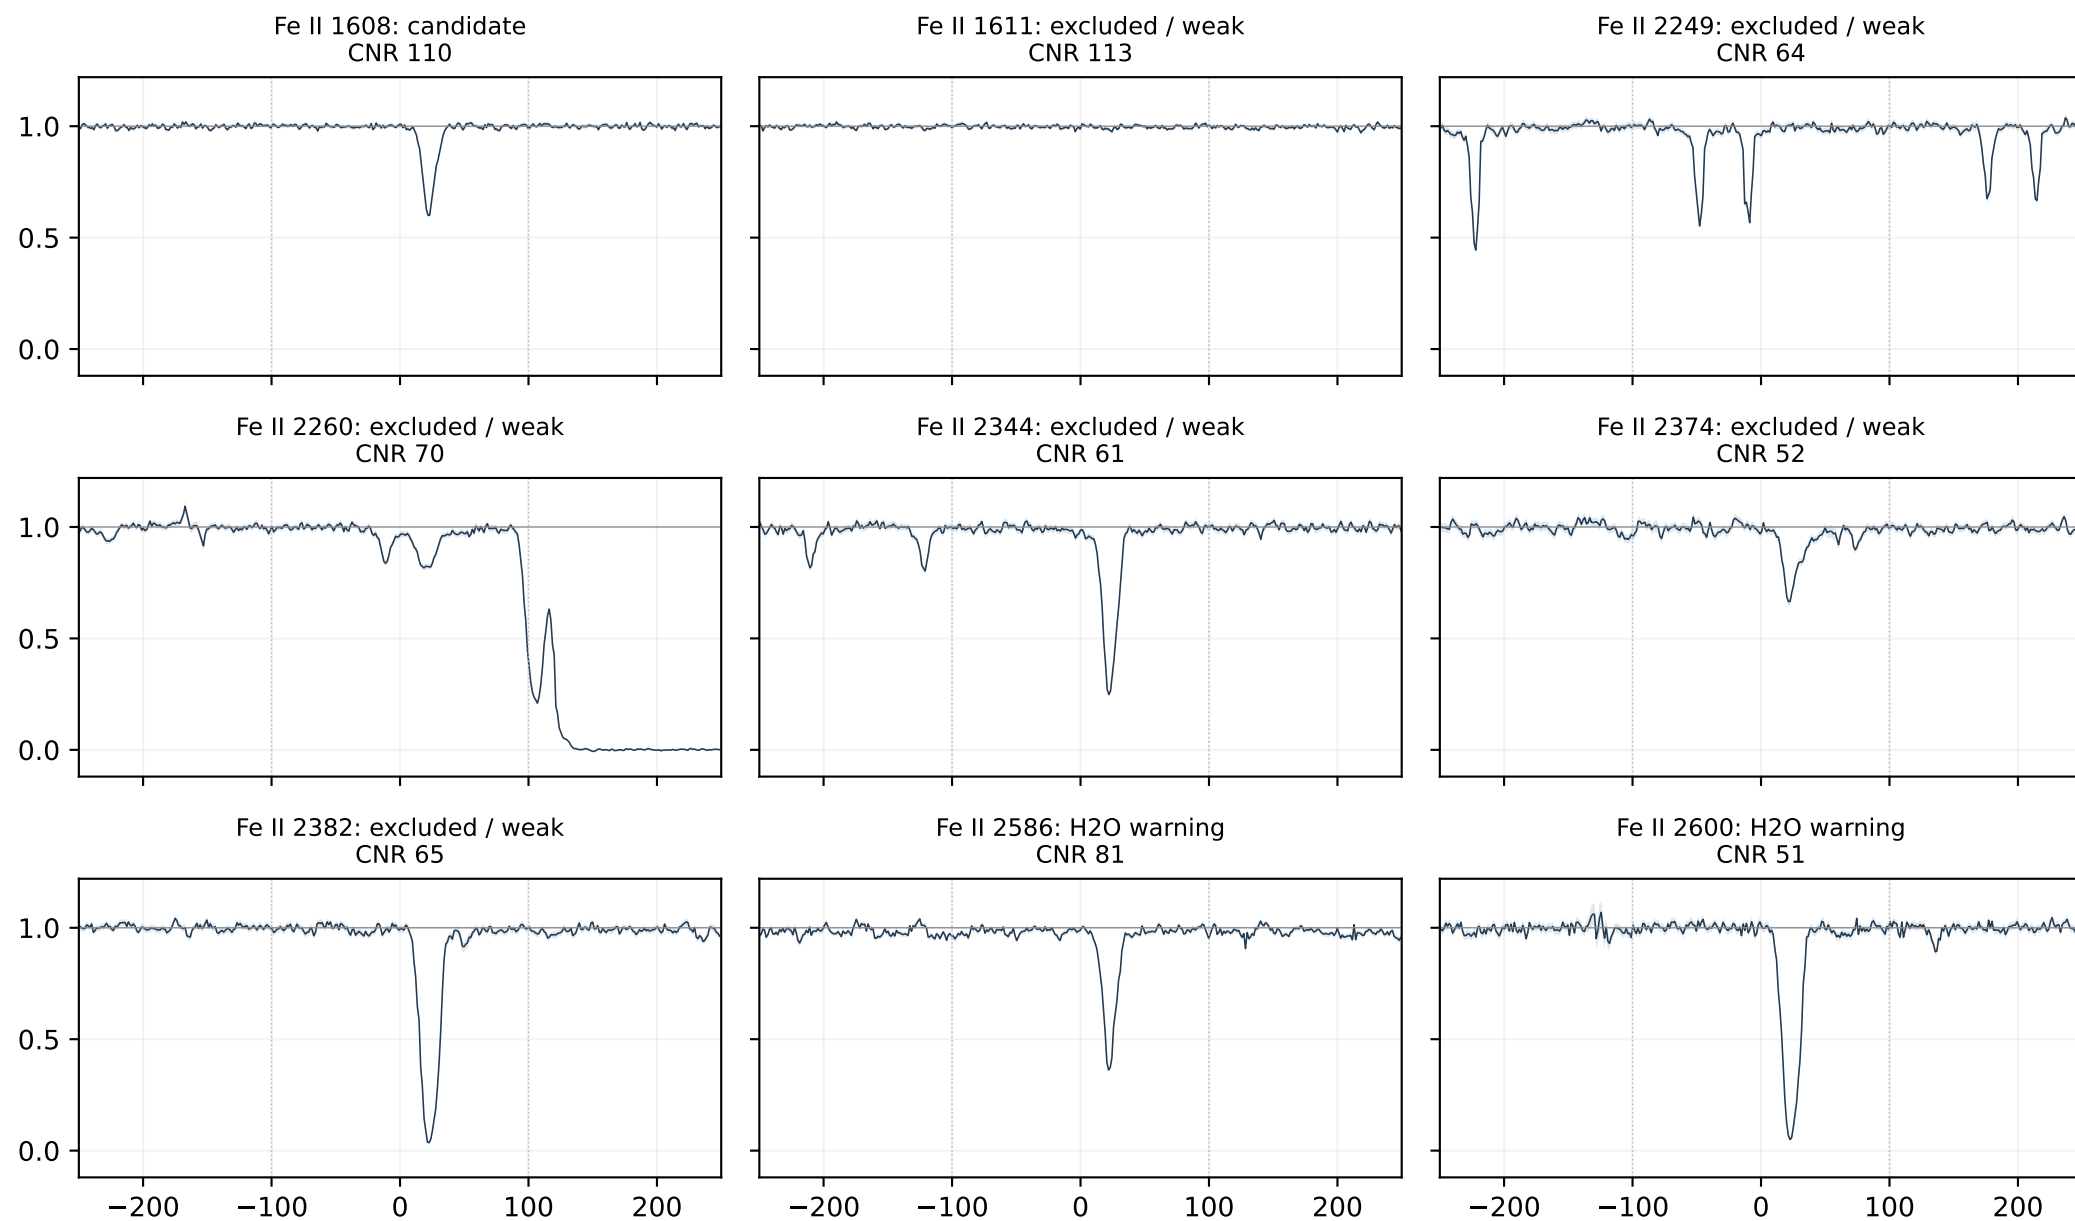

J214159-441325, catalogue $z_{\text{abs}}=2.383$; 1 detected lines outside broad water bands
Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

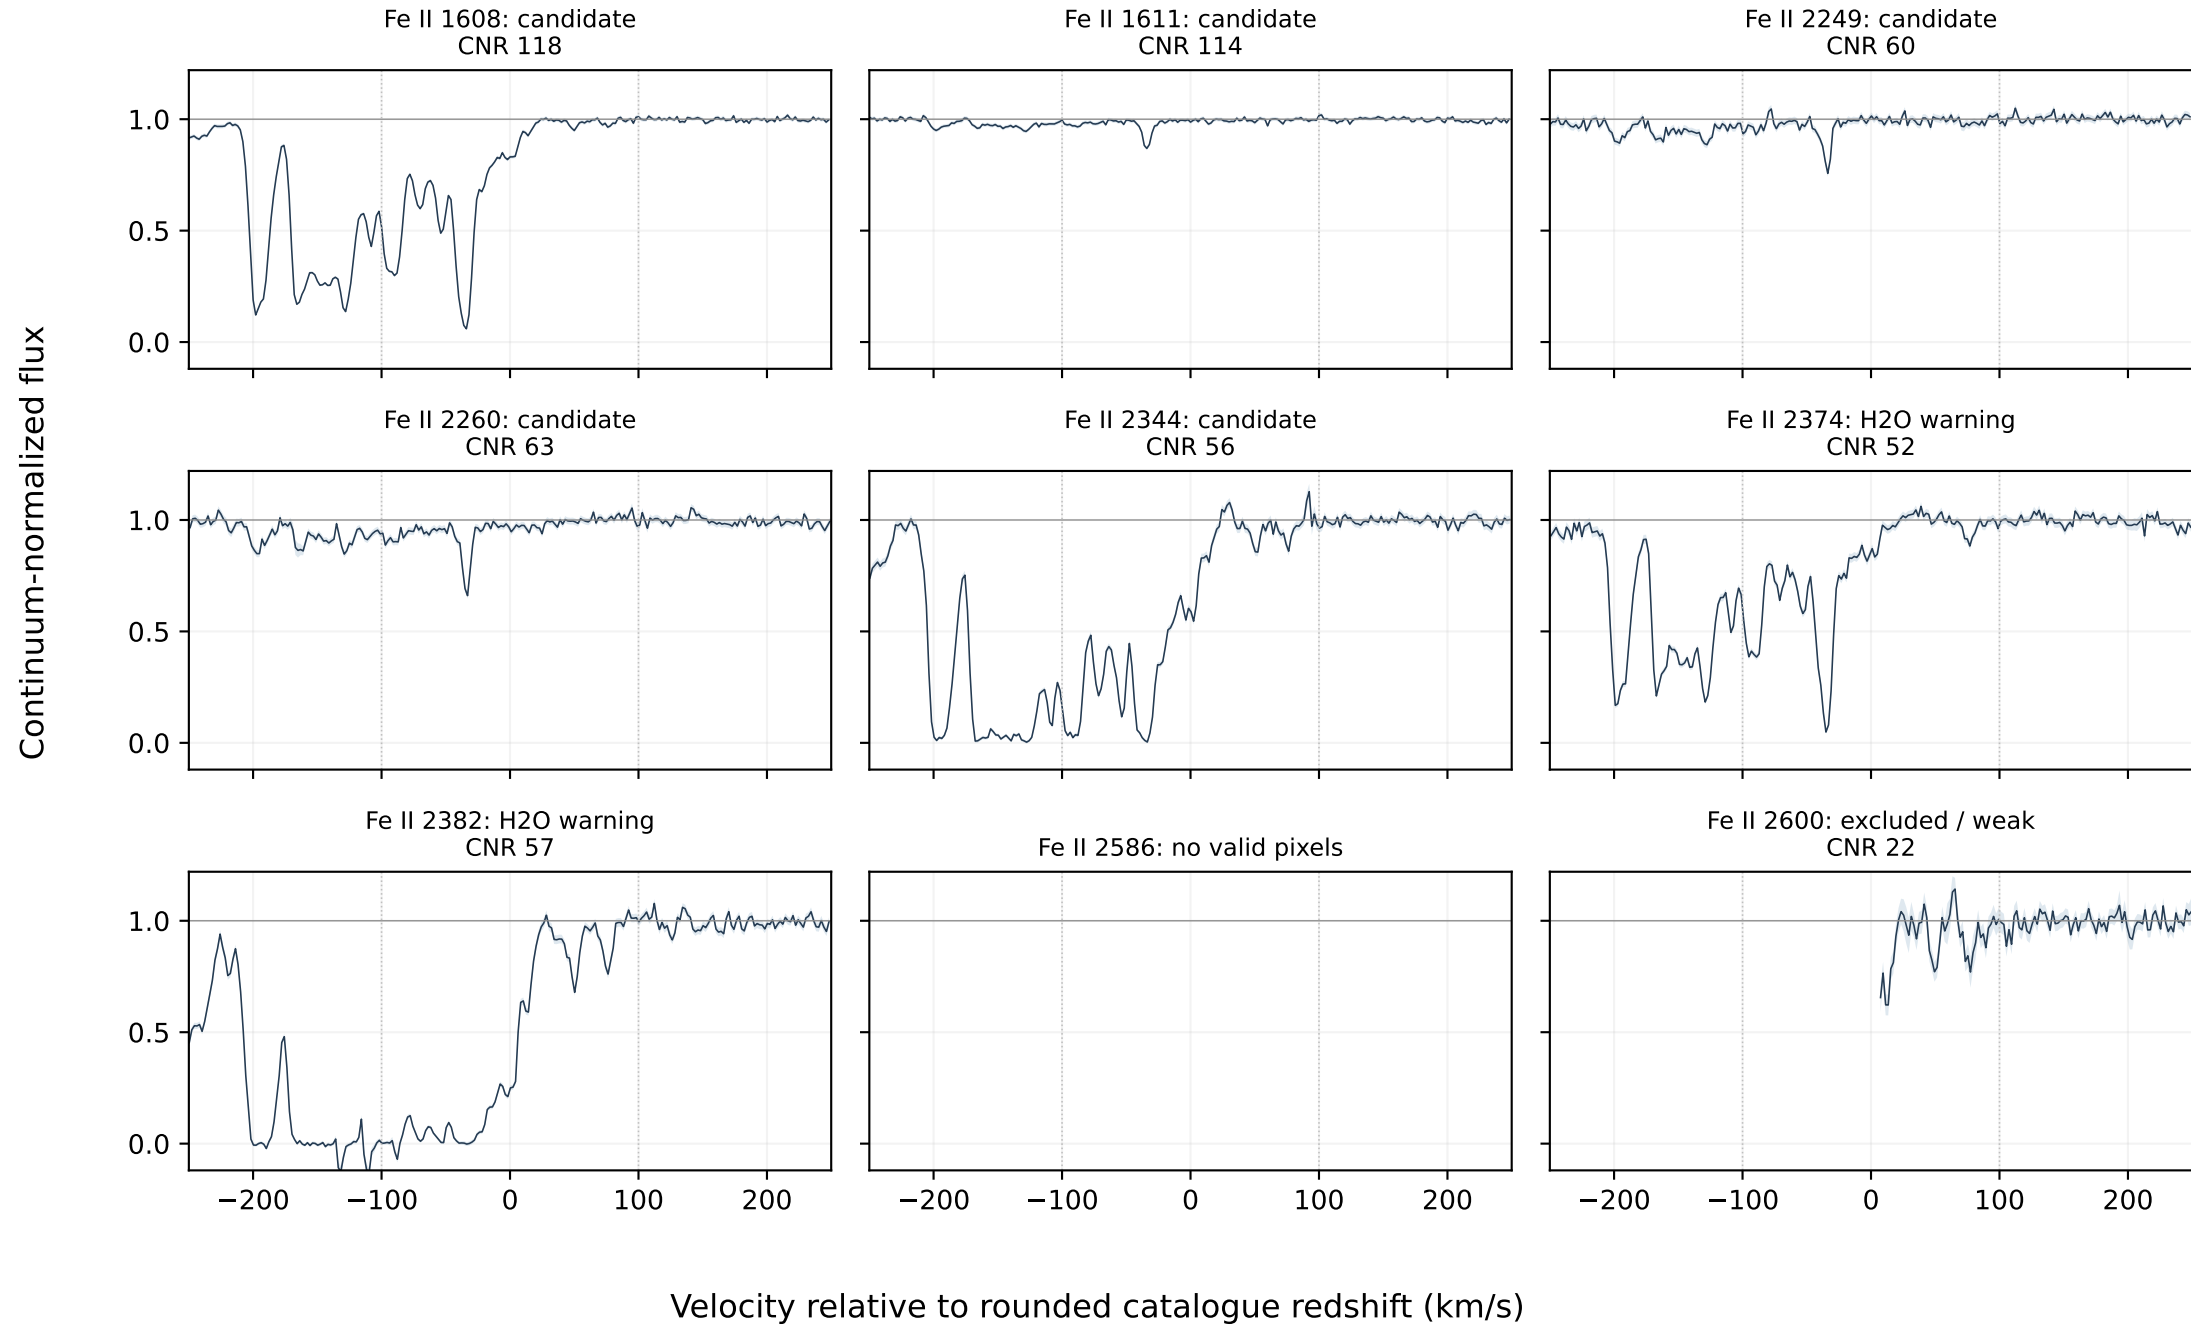

J220852-194359, catalogue $z_{\text{abs}}=2.076$; 1 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

Continuum-normalized flux

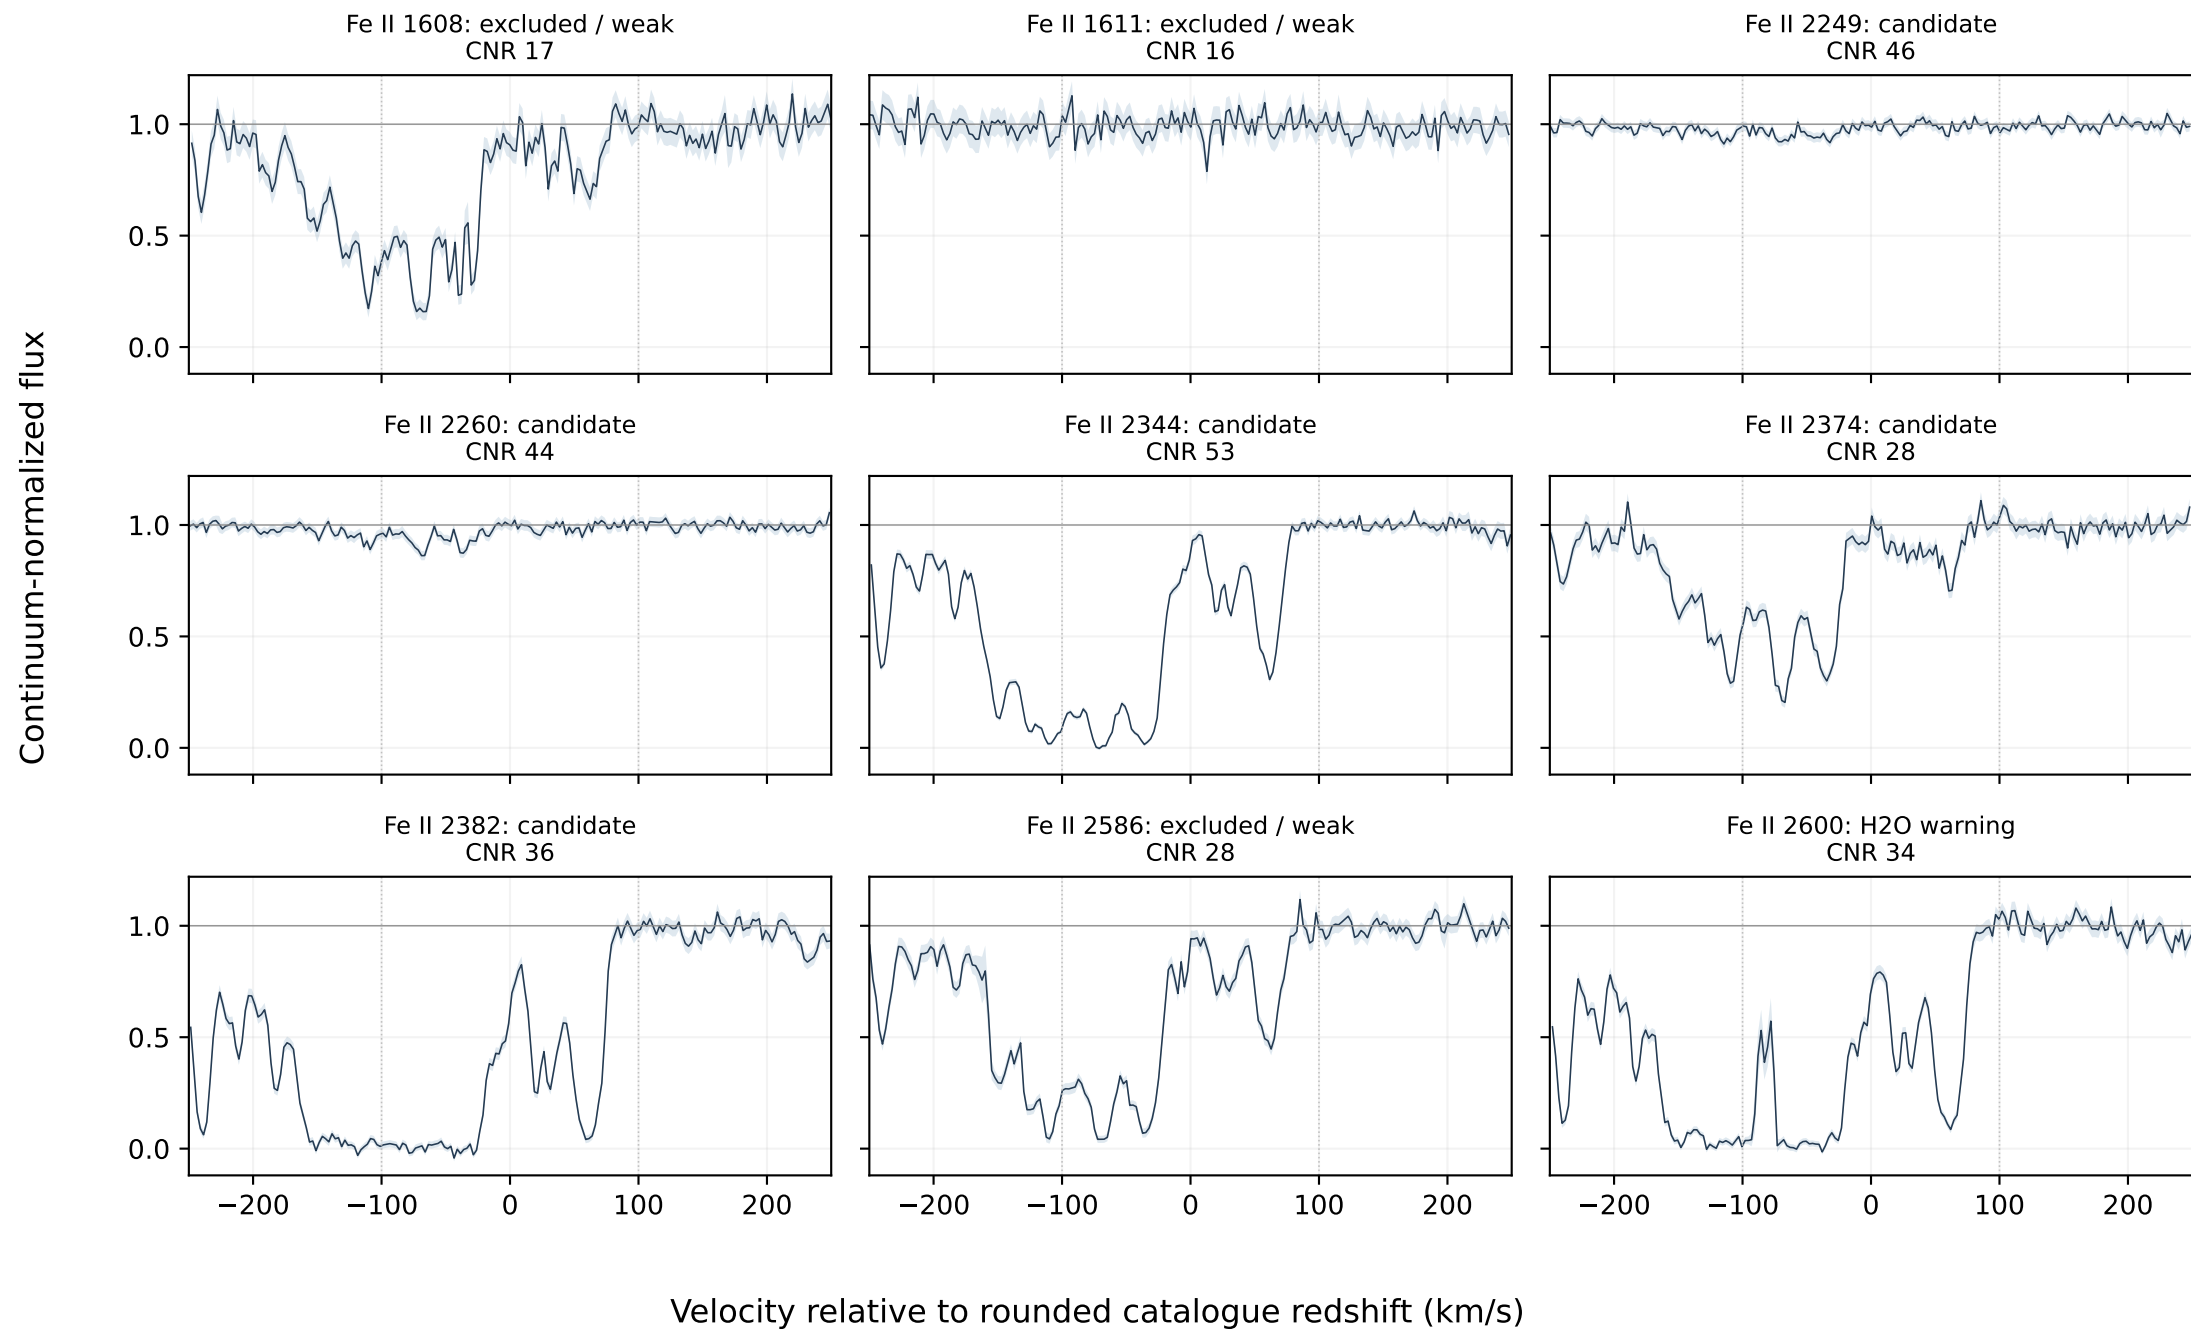

Velocity relative to rounded catalogue redshift (km/s)

J224708-601545, catalogue $z_{\text{abs}}=2.331$; 2 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

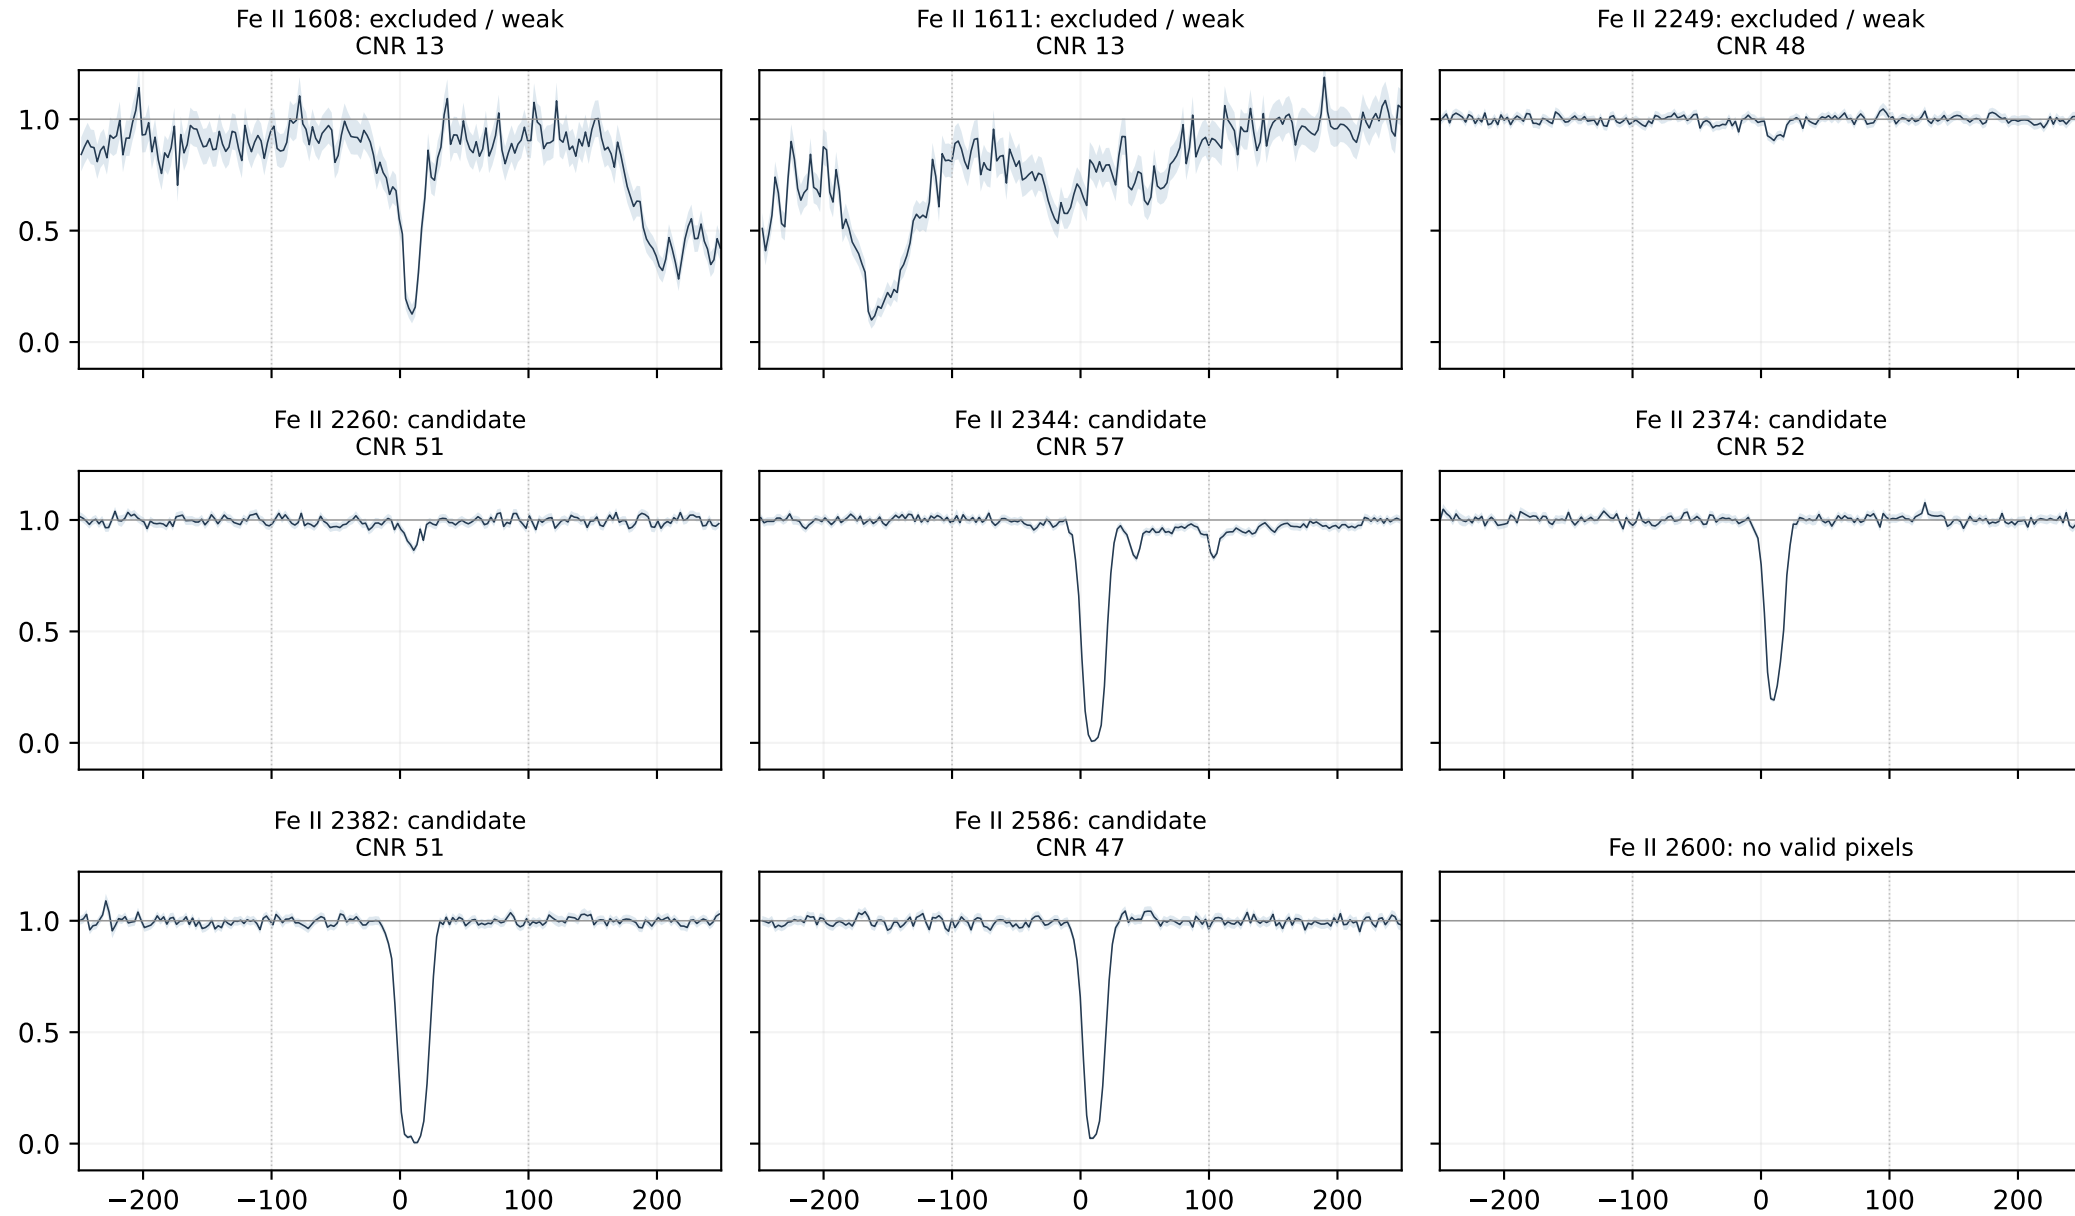

J225719-100104, catalogue $z_{\text{abs}}=1.836$; 3 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

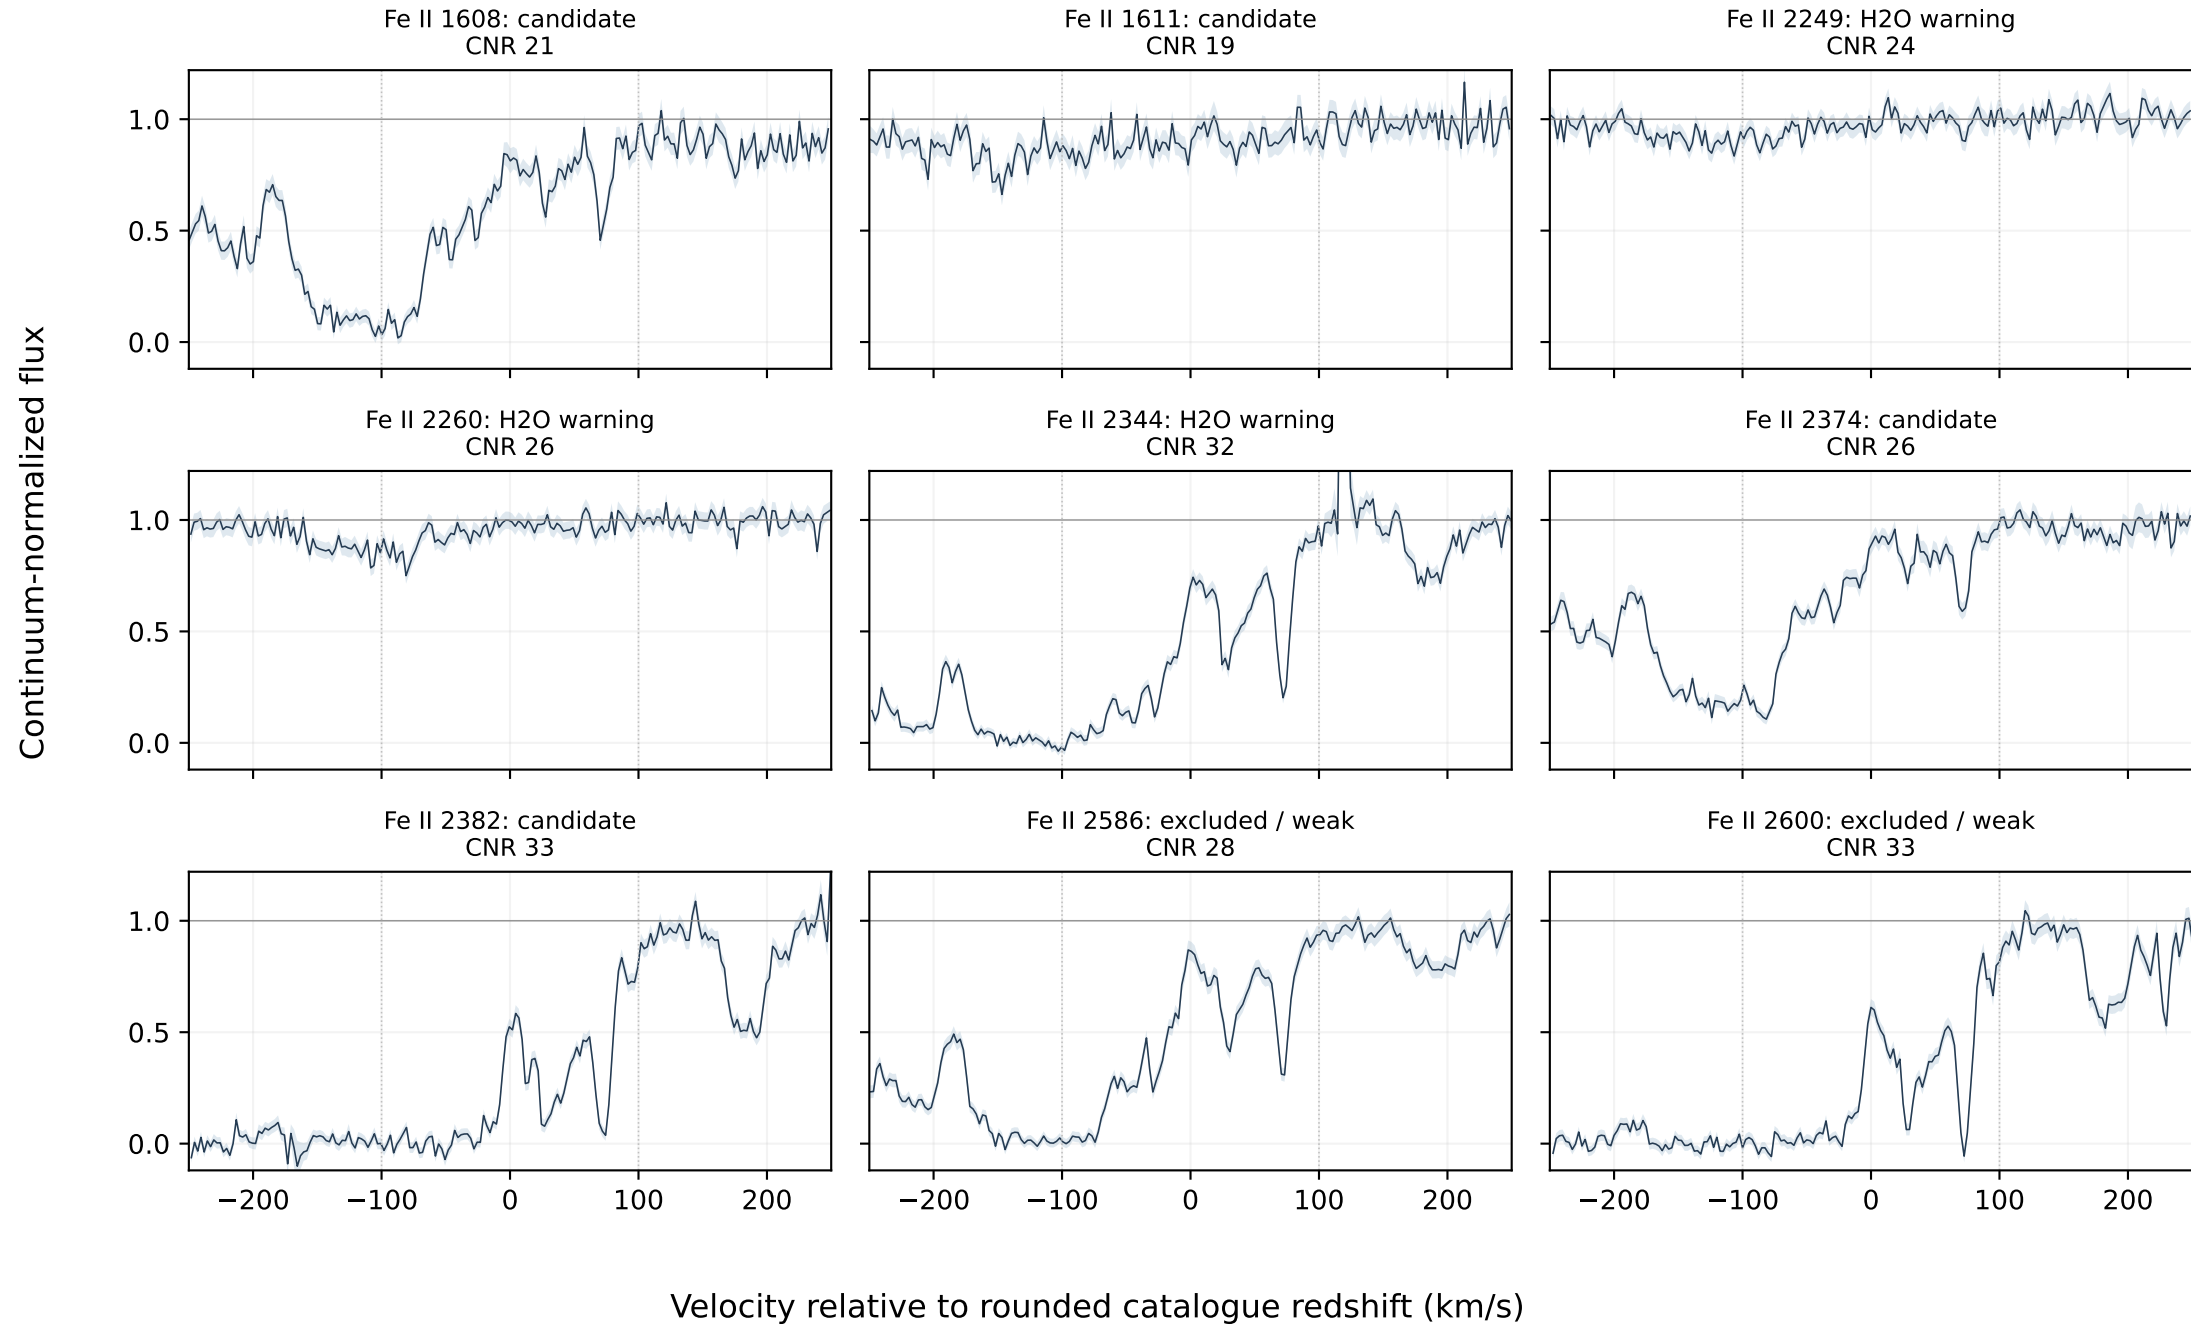

J232128-105122, catalogue $z_{\text{abs}}=1.629$; 4 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

Continuum-normalized flux

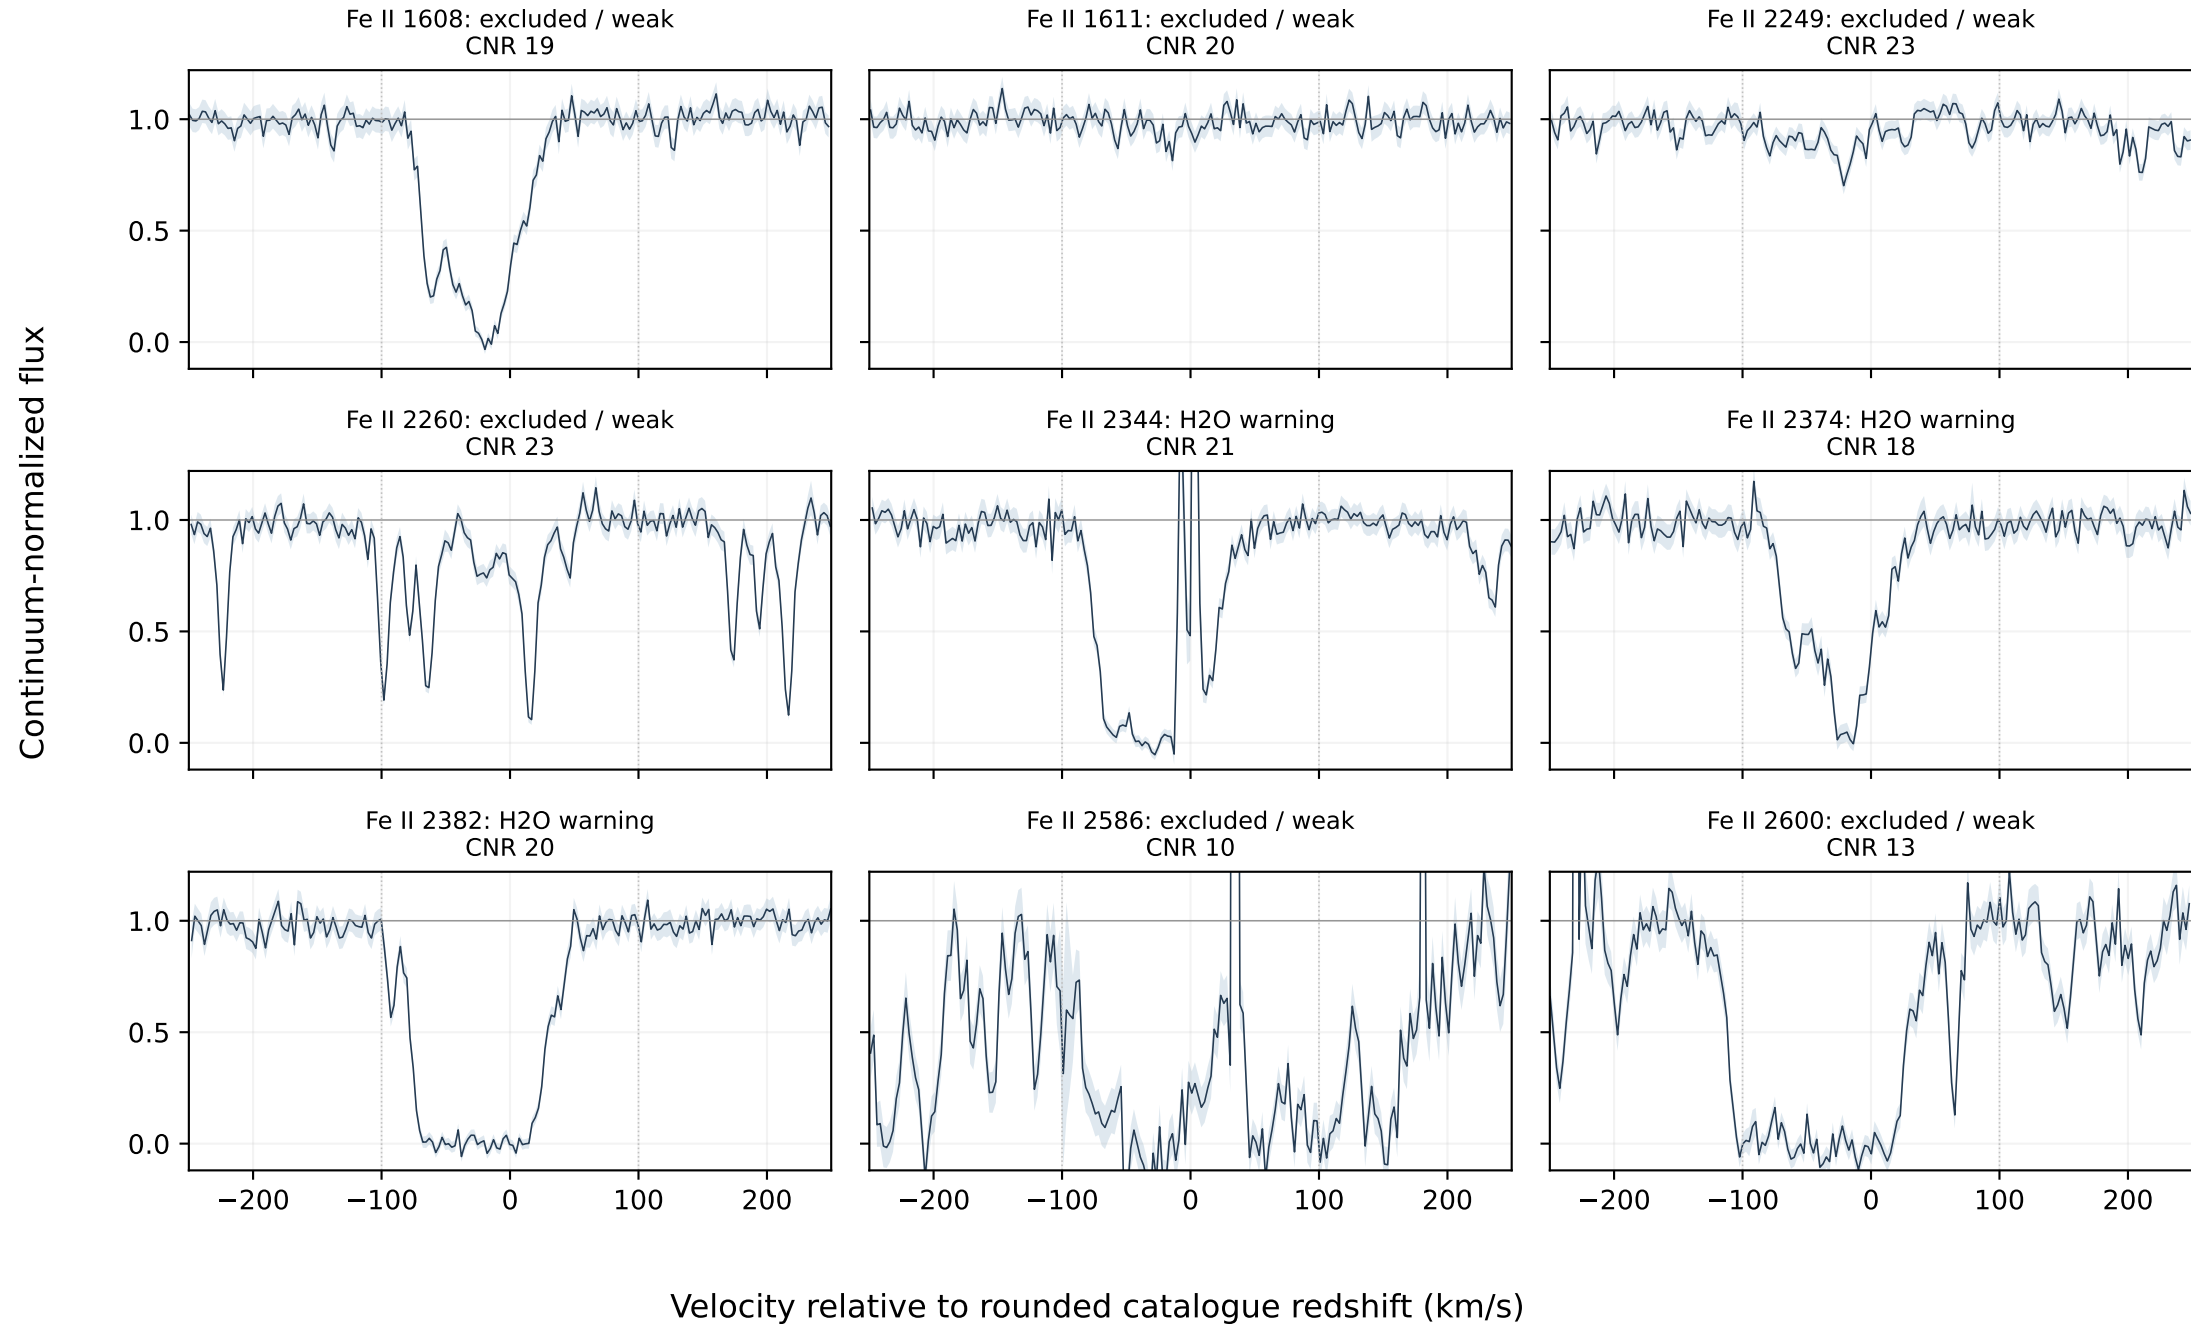

Velocity relative to rounded catalogue redshift (km/s)

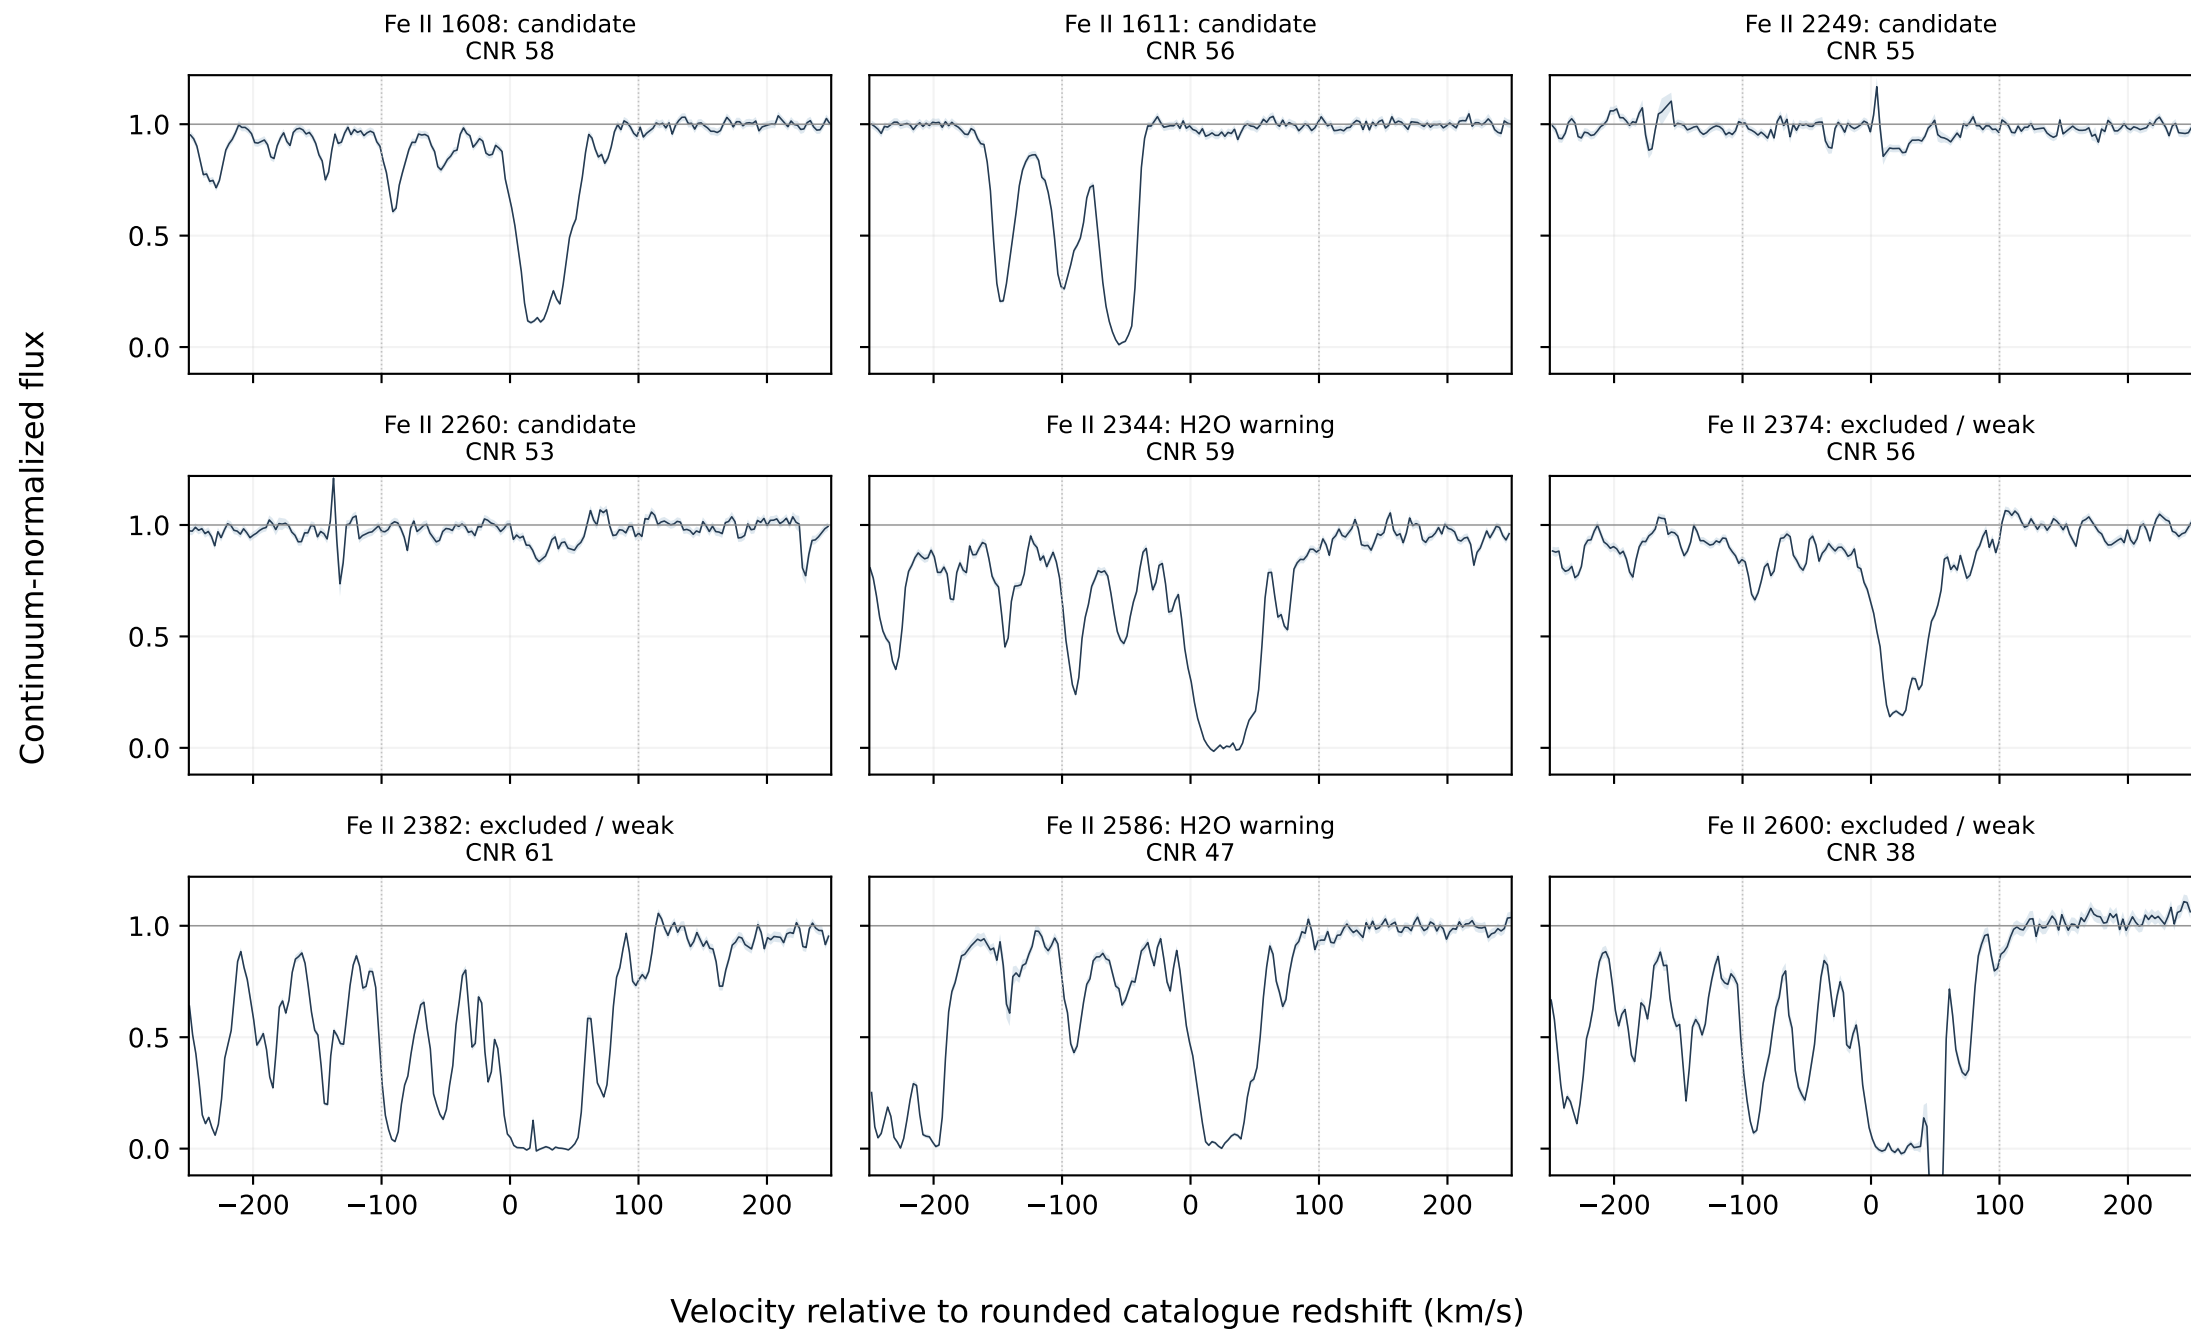

J233156-090802, catalogue $z_{\text{abs}}=2.143$; 3 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

J234512-433814, catalogue $z_{\text{abs}}=2.612$; 0 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

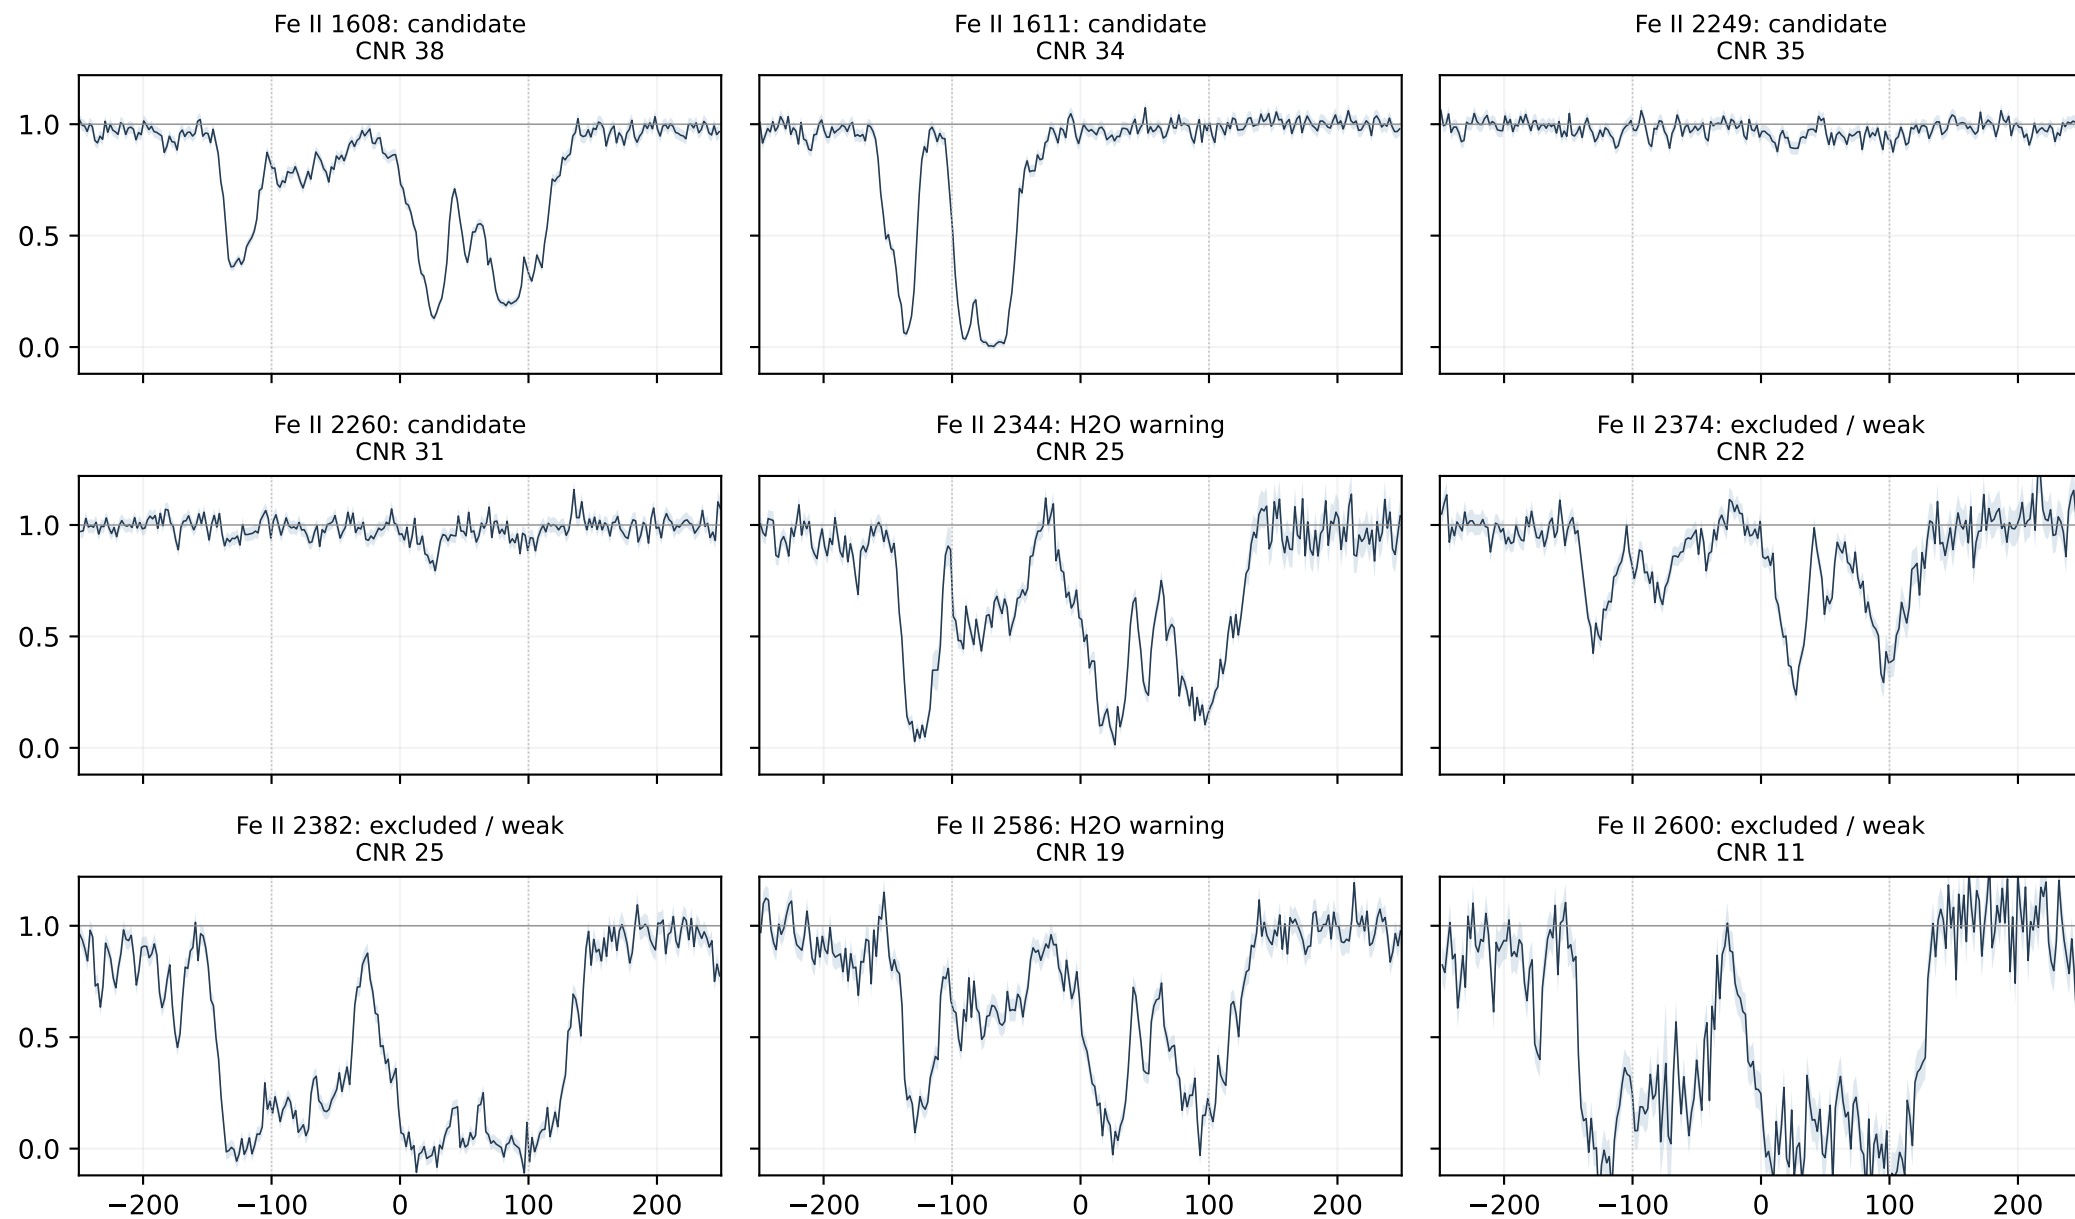

J234628+124858, catalogue z_abs=2.431; 1 detected lines outside broad water bands
Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

J235057-005209, catalogue $z_{\text{abs}}=2.426$; 1 detected lines outside broad water bands
 Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

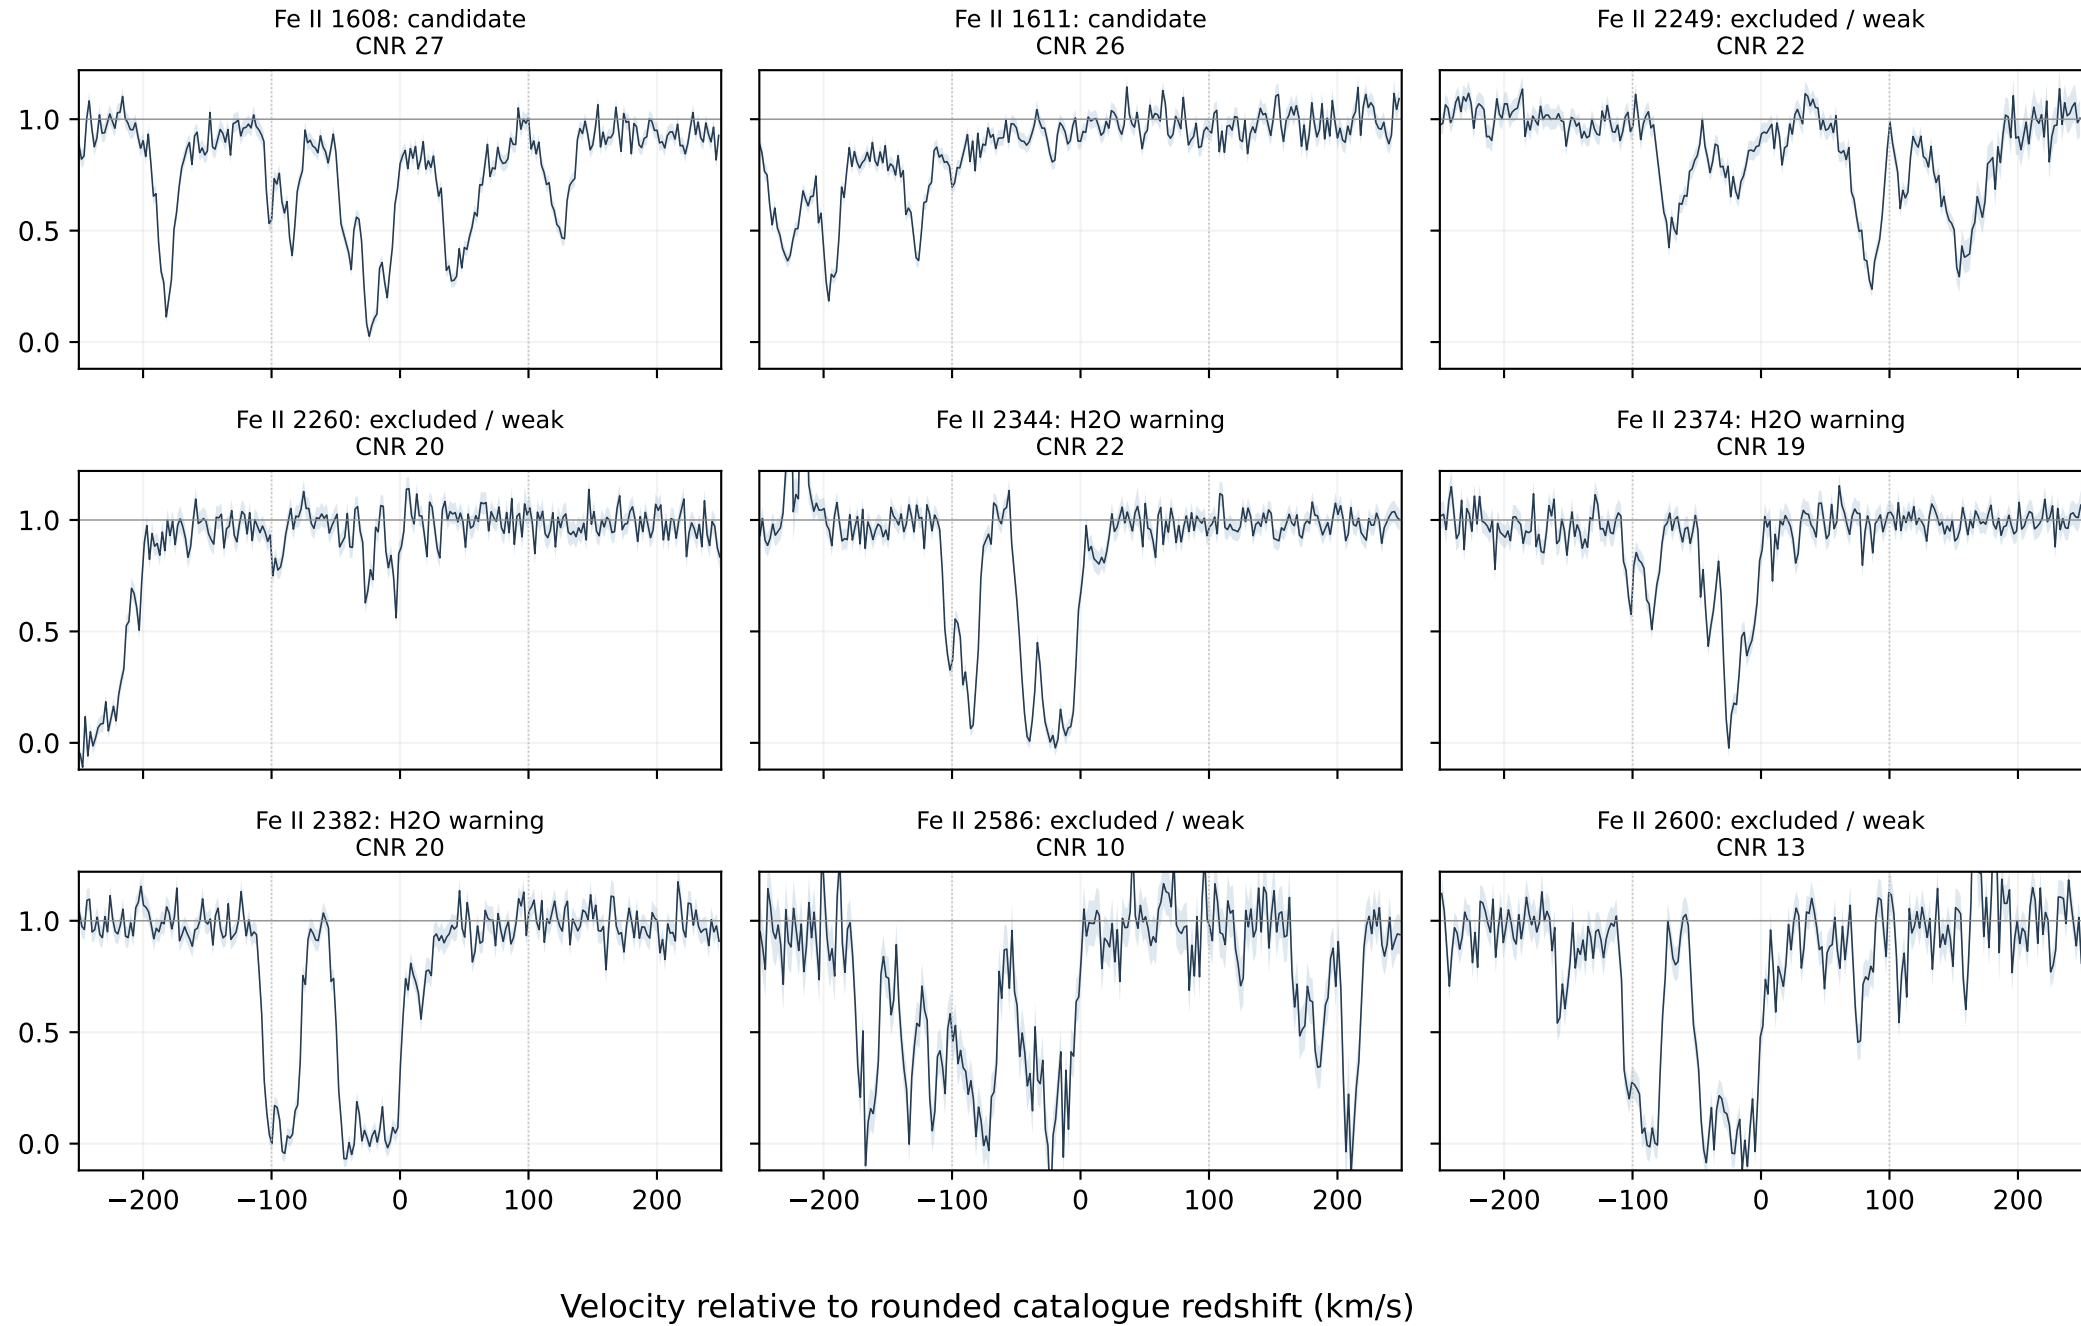

Continuum-normalized flux

Velocity relative to rounded catalogue redshift (km/s)

J235057-005209, catalogue $z_{\text{abs}}=2.615$; 1 detected lines outside broad water bands
Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.

Continuum-normalized flux

J235129-142756, catalogue $z_{\text{abs}}=2.279$; 1 detected lines outside broad water bands
Native coadd pixels; catalogue zero is rounded. No relative displacement or cosmic-time fit.
